The Military Industrial Complex:

The Military-industrial Complex Paul A. C. Koistinen,1980 *The Military-industrial Complex* Gregg B. Walker,David A. Bella,Steven J. Sprecher,1992 Thirty years ago Dwight D Eisenhower in his farewell address as President warned of a military industrial complex a complex organizational system seemingly beyond the control of citizens and their elected government With Eisenhower s ideas as inspiration this book offers a collection of essays that examine various aspects of the U S Military Industrial Complex and the farewell warning The book reflects an interdisciplinary effort essays come from such fields as history economics sociology business and communication **The Military-Industrial Complex** Dwight D. Eisenhower,2006 *The Military-industrial Complex* Masako Ikegami-Andersson,1992 Attempts to apply the concept of the military industrial complex MIC to a case study of non major military powers such as Sweden and Japan Based on a cross national and historical analysis of the MICs of Sweden and Japan the text considers differentiation of MICs in different countries *Unwarranted Influence* James Ledbetter,2011-01-17 In Dwight D Eisenhower s last speech as president on January 17 1961 he warned America about the military industrial complex a mutual dependency between the nation s industrial base and its military structure that had developed during World War II After the conflict ended the nation did not abandon its wartime economy but rather the opposite Military spending has steadily increased giving rise to one of the key ideas that continues to shape our country s political landscape In this book published to coincide with the fiftieth anniversary of Eisenhower s farewell address journalist James Ledbetter shows how the government military contractors and the nation s overall economy have become inseparable Some of the effects are beneficial such as cell phones GPS systems the Internet and the Hubble Space Telescope all of which emerged from technologies first developed for the military But the military industrial complex has also provoked agonizing questions Does our massive military establishment bigger than those of the next ten largest combined really make us safer How much of our perception of security threats is driven by the profit making motives of military contractors To what extent is our foreign policy influenced by contractors financial interests Ledbetter uncovers the surprising origins and the even more surprising afterlife of the military industrial complex an idea that arose as early as the 1930s and shows how it gained traction during World War II the Cold War and the Vietnam era and continues even today **Delta of Power** Alex Roland,2021-08-10 The book covers the Cold War origins of the military industrial complex and explains its current relevance since the 9 11 terrorist attacks **The Military Industrial Complex At 50** David Swanson,2013-02 This book is the most comprehensive collection available explaining what the military industrial complex MIC is where it comes from what damage it does what further destruction it threatens and what can be done and is being done to chart a different course *The Military-Industrial Complex and American Society* S. Mike Pavelec,2010-01-18 The first complete reference on the military industrial complex from its Cold War era expansion to the present *The Military Industrial Complex and American Society* addresses the broad subject of the political economy of defense research and its

wide reaching effects on many aspects of American life Ranging from the massive arms buildup of the Cold War to the influx of private contractors and corporations such as Halliburton it reveals the interconnectedness of the military industry and government within the history of this public private enterprise The Military Industrial Complex and American Society offers over 100 alphabetically organized entries on a wide of range of significant research bodies and government agencies as well as important people events and technologies In addition a series of essays looks at such essential topics as propaganda think tanks defense budgeting the defense industry and the economy and the breakdown of the military industrial complex in Vietnam With this work students policymakers and other interested readers will understand the ramifications of the relationships between industry scientific and technological communities the government and society
