The Millionaires Game:

The Millionaire's Game & the Richest Man in Jerusalem Gabriel Egoh, 2015-09-18 This book is meant to open your eyes to know that millionaires are just ordinary people who walk the streets or neighbors like you and me What sets them apart is that they have come to apply the wisdom which make them discipline and learn to practice the principles which make people millionaires In simple words do what millionaires do and you will become one It is within the reach of all who dream big Not only the dreaming but also those who dare to take the action or step that will move them towards the direction of financial independence The book is in two parts The first part which is called The Millionaires Game motivates you into the realm whereby you define the consequences of every expenditure you make big or small People are poor because they spend without appreciating the consequences of their actions over a period of say five or ten years So your journey to the world of the millionaire begins by your playing The Millionaires Game It is a simple game but scratching soul searching irritating teasing and privacy bursting Can you stand it The second part of the book which is called The Richest Man in Jerusalem is a fiction which motivates you by no giving up in your endeavor to fulfill your dreams It should be read several times over and over for you to recognize the fact that even a slave or a fool can become wealthy You will get to know why many fall and others rise It will also reveal to you how those who fall can rise again **The Millionaire's Game** Allen

McClain, 2003-02-01 **The Millionaire Game Plan for Beginners: How to Build a Fortune from Zero** Ahmed Musa, 2025-03-13 Building wealth from scratch can seem daunting but it is entirely possible The Millionaire Game Plan for Beginners breaks down the steps needed to build a fortune from zero focusing on practical strategies that anyone can implement This book covers everything from budgeting and saving to investing and creating multiple income streams You will learn how to leverage your time resources and knowledge to build lasting wealth even if you are starting with little to no money If you are a beginner looking to turn your financial situation around and build a fortune this book will guide you through the process of becoming a self made millionaire **The One Dollar a Day Millionaire** Lucky Vincent, 2017-02-21 Virtually everybody in the world wants to be a millionaire But not everybody knows what it takes to be a millionaire Certainly becoming a millionaire is not an easy task It is in fact an uphill task If not everybody would have become a millionaire But it is a task that can be done So what does it take to be a millionaire Like every other attainment in life it takes a number of factors or traits to become a millionaire Seriously speaking becoming a millionaire is a game of numbers A millionaire is simply a person who has accumulated a monetary net worth of up to seven digits of any country's currency such as N1 000 000 or 1 000 000 or 1 000 000 or e1 000 000 What this means is that the moment a person has acquired or accumulated the first one million of the country's currency that person is qualified to be called a millionaire Ideally any fool can become a millionaire But that is the ideal situation The real fact of life is that about 90% of the world's population from the ages past to the present have not been able to achieve this feat as simple as it seems The sole reason why many people have not achieved

the feat of becoming millionaires is because they have not taken the first step Becoming a millionaire is not as lofty difficult and scary as that All that you have to do is to reduce or belittle the mountain and climb it from the bottom up Life is a game of numbers and becoming a millionaire is just a game of numbers But it is a game that you must be willing to play Nobody wins a game that he is not involved in no matter how much interest he has in the game The only way to become a millionaire is to get involved in playing the millionaire s game It is the game of making money it is the game of saving money it is the game of investing money it is the game of making your money to work for you and above all it is the game of numbers which showcases the miracle of compound interest Money is the oil that lubricates the world the human society in which man operates If you lack the knowledge of money the oil or fluid that enables the resources to flow freely you will most likely have great difficulties in getting things organized to achieve your desired goals or to realize your desired dreams Therefore with all your getting get understanding or the knowledge of money in order to make things work for you But we have a faulty education system in which nobody taught or teaches us about money Yet understanding money what it is how it works how to make it work for you how to earn it and how to keep it is absolutely essential to your life your relationships your world your happiness and your future To exclude the knowledge of money from your education is to exclude you from the best that life has to offer Above all learning how to become financially successful is one of the most critical skills that you must seek to acquire Money skill is not taught at school or at any other designated institution in the world Hence everyone must bear his own burden here It therefore behooves a man of wisdom to seek out such books on money including this one and seek out a quiet place to read learn and acquire the knowledge of money in order to perform optimally in life The goal of this book is to give you some financial education and to get you to change your attitude towards money and how to save and invest it If I can get you to form the habit of saving and investing at least one dollar a day I would have achieved my aim for writing this book and I would be fulfilled as having imparted you and your future generations **The Millionaires** Frank Frankfort

Moore,1898 The Millionaires Brad Meltzer,2002-01-08 Two brothers who are desperately chasing success get more than they bargained for in this suspenseful cat and mouse thriller of wealth crime and social climbing Two brothers Three secret service agents And millions for the taking Charlie and Oliver Caruso are brothers who work at Greene and Greene a private bank so exclusive there s a 2 million minimum to be a client But when the door of success slams in their faces the brothers are presented with an offer they can t refuse 3 million in an abandoned account that can t be traced It s the perfect victimless crime Charlie and Oliver opt to take the money but get much more than they bargained for Now with a lot of extra zeroes in their pockets and a friend found dead the Secret Service and a female private investigator are closing in Whose money did they take How will they stay alive And why is the Secret Service trying to kill them Both Charlie and Oliver quickly realize it s not easy being The Millionaires **The Millionaires Club** James E. Hughes,2019-03-28 The Millionaires Club By James E Hughes The Millionaires Club is about a group of close friends who had ordinary jobs and met often to drink beer and laugh

at each other's wild dreams. They thought about all the things they would do if they were millionaires, their wild imaginations taking many forms. Since it was all just make-believe, there were no limits on what they could wish. Then one day their unofficial leader came up with a plan to make them all wealthy. Thus began their quest for wealth and good fortune. The Golconda Bonanza Jerome Alfred Hart, 1923 *Secrets of the Millionaires* George Sterne, Tom Tanana, 1981-10 **The Millionaire Booklet** Grant Cardone, 2016-06-16 I want to help you reach millionaire status even get rich if you believe that you deserve to be the person in the room that writes the check for a million dollars, ten million or even 100 million.
