The Mind Of The Accused A Psychiatrist In The Courtroom:

The Psychiatrist in the Courtroom Jacques M. Quen, 2013-05-13 Over the course of an illustrious career the late Bernard Diamond established himself as the preeminent forensic psychiatrist of the century The Psychiatrist in the Courtroom brings together in a single volume Diamond's pivotal contributions to a variety of important issues including the nature of diminished capacity the fallacy of the impartial expert the predictability of dangerousness and the unacceptability of hypnotically facilitated memory in courtroom proceedings Able to introduce and edit by Jacques M Quen M D a close colleague of Diamond's and leading historian of forensic psychiatry these writings enable experts and neophytes alike to track Diamond's evolving positions while clarifying where current legal and psychiatric opinion converge and diverge on a host of critical topics For the forensic specialist The Psychiatrist in the Courtroom is not only an invaluable reference work but a compassionate reminder of the clinician's obligation to protect patients in legal proceedings And in an age when clinicians are increasingly called into court the book will be no less valuable to psychoanalysts and other mental health professionals eager for an introduction to the intricacies of judicial reasoning Then too owing to Diamond's clinical acumen the book is a compelling human document With great erudition and deep compassion Diamond tackles these and other knotty questions always with an eye to clarifying the legal and clinical implications of the answers By combining superb clinical gifts with an incisive understanding of legal principle Diamond produced a seminal corpus whose relevance to discussions of therapeutic ethics and to legal debates will continue well into the next century The JAG Journal, 1970 **Psychiatric Justice** Thomas Szasz, 1988-12-01 Psychiatric Justice explores the intersection of psychiatry and law arguing that pretrial psychiatric examinations and subsequent hospitalizations often undermine justice rather than serve it The book presents four case histories to illustrate this point challenging both legal and medical professionals to reconsider their approaches

Anticrime Legislation United States. Congress. House. Committee on the District of Columbia. Subcommittee No. 4, 1967

Judge Advocate Legal Service, **Bulletin of the Massachusetts Commission on Mental Diseases. v.7-17, 1923-33**, 1923 **Report** United States. Congress. House, **Reports and Documents** United States. Congress, *The American Mercury*, 1952 **Criminal Procedure Code (CrPC) in Medical** Mr. Rohit Manglik, 2024-07-24 This book bridges the gap between law and medicine by explaining CrPC sections relevant to medical professionals especially those involved in medicolegal cases
