The Other Titanic:

The Other Titanic Simon Martin, 2004 In 1914 just after the outbreak of World War I the greatest liner of its day the White Star Liner Oceanic struck a remote reef off Shetland and sank This Queen of the Seas was even more magnificently luxurious than the Titanic and unlike her a remarkable salvage operation was achieved some sixty years later by two young and relatively inexperienced divers In this book one of these divers tells the story of the disaster and the remarkable salvage work that he and his partner Alec Crawford undertook After the war salvage attempts were abortive and written off as impossible until Simon Martin and Alec Crawford took a lucky trip to Foula in 1973 They were soon making plans to locate the undivable wreck and save its extremely valuable non ferrous metal The story is a combination of treasure hunting and remarkable diving operations the excitement of pin pointing the wreck diving and discovering the massive wreckage In all they salvaged nearly 250 tons of valuable metal The story was first told in 1980 and is reproduced now just as it was originally written although an introduction and postscript have been added For Simon Martin the dive was the greatest achievement of his life but for Alec Crawford it was a stepping stone to greatness Today he stands at the peak of his profession having successfully carried out a salvage operation which no one else in the world could even have attempted working with his own patented systems he located the wreck Persia in almost 2 miles depth of water and lifted millions of gold silver diamonds and jewels

The Other Side of the Night Daniel Allen Butler, 2020-01-10 The New York Times bestselling author of *Unsinkable* recounts the disaster from the vantage point of nearby vessels Publishers Weekly A few minutes before midnight on April 14 1912 the unsinkable RMS Titanic on her maiden voyage to New York struck an iceberg Less than three hours later she lay at the bottom of the Atlantic Ocean While the world has remained fascinated by the tragedy the drama of those fateful hours was not only played out aboard the doomed liner It also took place on the decks of two other ships one fifty eight miles distant from the sinking Titanic the other barely ten miles away The masters of the steamships Carpathia and Californian Capt Arthur Rostron and Capt Stanley Lord were informed within minutes of each other that their vessels had picked up the distress signals of a sinking ship Their actions in the hours and days that followed would become the stuff of legend as one would choose to take his ship into dangerous waters to answer the call for help while the other would decide that the hazard to himself and his command was too great to risk responding After years of research Daniel Allen Butler now tells this incredible story moving from ship to ship on the icy waters of the North Atlantic in real time to recount how hundreds of people could have been rescued but in the end only a few outside of the meager lifeboats were saved He then looks at the US Senate investigation in Washington and ultimately the British Board of Trade inquiry in London where the actions of each captain are probed questioned and judged until the truth of what actually happened aboard the Titanic the Carpathia and the Californian is revealed Powerful very very well done New York Times bestselling author Clive Cussler

Titanic and the Mystery Ship Senan Molony, 2011-08-31 What fascinates most people

are the conspiracy theories that abound about her Was she switched for her damaged sister Olympic did Captain Smith really ignore the ice warnings that flooded into her wireless room or was there some fabled treasure on board when she went down Perhaps one of the most enduring tales of Titanic is the mystery ship the fabled vessel seen in the distance that could have saved all her passengers from freezing or drowning But what was the mystery ship and was she the Californian a cargo passenger ship that according to her captain was stuck in ice over the horizon At the enquiry into the sinking Captain Lord of the Californian was castigated and blamed for the loss of life on Titanic but for ninety years there has been proof that his ship could not have been the mystery ship Titanic: The Myths and Legacy of a Disaster Roger Cartwright, June

Cartwright, 2011-11-30 On 15 April 2012 100 years had passed since the Royal Mail Steamer Titanic hit an iceberg and foundered in the North Atlantic with the loss of 1 503 lives Had the disaster not occurred what is now the best known ship in the world would have lost the title of the largest liner within just two years She was certainly not the fastest passenger ship of the time and can be considered a technological throwback yet Titanic captures the imagination like no other This book seeks to explore the myths and the truth about Titanic and explores the legacy that has made the ship so well known Why was she built Who really owned her Why was nobody ever proved negligent How has today's transportation been made safer by Titanic Have we really learned the right lessons Perhaps not Since 1912 there have been worse disasters yet none has replaced Titanic in the popular consciousness Her legacy exists in procedures building regulation navigational practice statues poems novels movies and even a musical This book explores why **The Sinking of the Titanic** L. Marmaduke Collins, Captain Marmaduke Collins, 2002 Few human events have stirred the imagination inspired myths and movies and had such a hold upon the western world as the sinking of the unsinkable ship the RMS Titanic In his convincing analysis of the facts and evidence experienced ice pilot Captain Marmaduke Collins comes up with an intriguing new interpretation of what happened on the Titanic's fateful night **The Loss of the SS. Titanic** Lawrence Beesley, 1912 **Future Has Other**

Titanic and the Indifferent Stranger Paul Lee, 2009 Even the staunchest of landlubbers knows what rockets at sea mean or do they A short space of time after the fatal collision with an iceberg the Titanic's crew sent rockets aloft to attract the attention of a ship seen just a few miles But that ship never responded and 1500 people died in the frigid waters This book details the scandal of the Californian blamed by many for being that very unresponsive stranger Rockets were seen and ignored but was the Captain guilty of mass murder Did more than 1000 people needlessly die Why was the wireless operator not awakened Could the Californian have saved anyone And why is this story neglecting the ethical controversy surrounding salvage the single most divisive issue in the Titanic research community

The Other Side of Time Bart Palamaro, *Titanic Lives* Rob Rondeau, 2012-04-16 The sinking of the Titanic on its maiden voyage in 1912 captured the world's attention a hundred years ago and still holds it today Although it was bound for New York more than 100 passengers aboard the ocean liner were headed for Canada Titanic Lives delves into the unique stories of ten of those passengers Some were rich like railroad tycoon Charles Melville Hays and a scion of Montreal's Molson family Others were not and would have been lost to history had they not been a part of this unforgettable story From the scandalous romance between Montreal's Quigg Baxter and his French showgirl mistress to one woman's search for her toddler and husband as the life boats were being launched from the decks this book gives its readers a glimpse into the lives of those who took that fateful voyage on the Titanic You will hear about Paul Chevre renowned French artist travelling to Montreal to reveal his latest sculpture and Arthur Peuchen the wealthy chemist and lumber king whose last minute decision to board the Titanic turned him into both a hero and a target Be it nursemaid cabaret dancer or ex soldier Rob Rondeau weaves together the unique and compelling stories of ten people sharing one common thread they were all on board the Titanic destination Canada
