Living on the Other Side Lisa M. Hess,2025-05-15 Living on the Other Side recounts and aims to redress the unspoken largely unconscious abandonment of the Feminine in ecclesial and academic settings through an economic trinity of voices a feminist with a forgiveness problem a conscious feminine theologian serving in academic and ecclesial environments unconsciously

hostile to the Feminine and a preacher's wife coming to voice about the realities of congregational Christianity held redemptively in covenantal love. Fruit of decades in theological education, these pages demonstrate the necessity of sacred bewilderment for deepening spiritual maturity, the purposes of rage becoming holy when able to acknowledge its limitation, and an unexpected freedom that arises when forgiveness finds us in faith renewed in the Body of Humanity. Current and prospective students in theology and religion, seasoned pastors and willing congregations will find a compelling narrative and theological sense-making of one woman's life in the Spirit disrupted so to become regrounded in a renewed and renewing trinitarianism arising out of historic Christian traditions. Rapprochement Between Fathers and Sons Louis

Rothschild, 2023-11-23. Following Freud's rather cold conception of fathers and a relative neglect of their role in psychoanalytic theory is a challenge to continue more recent efforts to develop a psychoanalytically affirmative portrait of fatherhood. Here fathers are attuned to relational mutuality and intimacy as a source of flourishing. Rapprochement is understood as a sub phase of child development marked by a dramatic expression of conflict such as "Hear me, see me, give me space, don't give me space." In addition, rapprochement is considered to characterize conflicts between autonomy and dependency across the lifespan. An often muted and subtle tension between holding and letting go persists. Working with what is felt entails entering a never fully completed negotiation marked by misreadings, bias, and illusion. Father is understood to be a name pointing to a parenting function. With material that includes the grief of failed reunion, particular stories are mediated through thinking alongside philosophy and psychoanalytic theory in order to further explore the difficulty of integrating nurturing capacities into conceptions of masculinity. As a critique of gendered rigidity, a case is made for a social surround that declares mutual vulnerability to exist in a state of permanent inquiry and relational curiosity. Such openness can function to aid parents, clinicians, and respective community members to privilege the development of increased frustration tolerance. By extension, a good enough father is one who recognizes breakdown, a need for refueling, and possesses and practices a willingness to encounter uneven rhythms in human dimensions. This thoughtful work brings fresh insight into the role of the father and masculinity and is essential reading for mental health professionals. *The Epic Trickster in*

American Literature Gregory E. Rutledge, 2013-04-26. Just as Africa and the West have traditionally fit into binaries of Darkness/Enlightenment, Savage/Modern, Ugly/Beautiful, and Ritual/Art, among others, much of Western cultural production rests upon the archetypal binary of Trickster/Epic, with trickster aesthetics and commensurate cultural forms characterizing Africa. Challenging this binary and the exceptionalism that underlies anti-hegemonic efforts, even today, this book begins with the scholarly foundations that mapped out African trickster continuities in the United States and excavated the aesthetics of traditional African epic performances. Rutledge locates trickster-like capacities within the epic hero archetype, the epic/trickster paradigm, and constructs an Homeric Diaspora, which is to say that the modern Homeric performance foundation lies at an absolute time and distance away from the ancient storytelling performance needed to understand the cautionary

aesthetic inseparable from epic potential As traditional epic performances demonstrate unchecked epic trickster dynamism anticipates not only brutal imperialism and creative diversity but the greatest threat to everyone an eco apocalypse Relying upon the preeminent scholarship on African American trickster heroes traditional African heroic performances and cultural studies approaches to Greco Roman epics Rutledge traces the epic trickster aesthetic through three seminal African American novels keenly attuned to the American Homeric Diaspora Charles Chesnutt s *The Marrow of Tradition* Richard Wright s *Native Son* and Toni Morrison s *Beloved* **The Cinema of Hal Hartley** Steven Rybin,2016-12-27 Over the course of nearly thirty years Hal Hartley has cultivated a reputation as one of America s most steadfastly independent film directors From his breakthrough films *The Unbelievable Truth* 1989 *Trust* 1990 and *Simple Men* 1992 to his recently completed *Henry Fool* trilogy Hartley has honed a rigorous deadpan and instantly recognizable film style informed by both European modernism and playful revisions of Classical Hollywood genres Featuring new essays on this important director and his films this collection explores Hartley s work from a variety of aesthetic cultural and economic contexts while also looking closely at his collaborations with actors the contexts of his authorial reputation his reworking of the romantic comedy and other genres and the shifting economics of his filmmaking This book up to date through Hartley s latest film *Ned Rifle* 2014 includes new scholarship on the director s early work as well as reflections on his cinema in connection with new theories and approaches to independent filmmaking Covering the entire trajectory of his career including both his features and short films the book also includes new readings of several of Hartley s seminal films including *Amateur* 1994 *Flirt* 1995 and *Henry Fool* 1997

The Death of Religion and the Rebirth of Spirit Joseph Chilton Pearce,2007-03-02 Social visionary Joseph Chilton Pearce s indictment of cultural imprinting as the cause of humankind s cruel and violent behavior Refutes the Neo Darwinist assumption that violence is inherent in humanity Identifies religion as the sustaining force behind our negative cultural imprinting Shows how infant adult interactions unconsciously block the creative spirit We are all too aware of the endless variety of cruel and violent behavior reported to us in the media reminded daily that in every corner of the world someone is suffering or dying at the hands of another We have to ask Is this violence and cruelty endemic to our nature Are we at our foundation really so murderous In *The Death of Religion and the Rebirth of Spirit* Joseph Chilton Pearce life long advocate of human potential sounds an emphatic and convincing no Pearce explains that beneath our awareness culture imprints a negative force field that blocks the natural rise of the spirit toward its innate nature of love and altruism Further he identifies religion as the primary cultural force behind this negative imprinting Drawing from recent neuroscience neurocardiology cultural anthropology and brain development research Pearce explains that the key to reversing this trend can be found in the interaction between infants and adults The adult mind set effectively compromises the infant s neural and hormonal interactions between the heart and the higher evolutionary structures of the developing brain thus keeping us centered primarily in our most primitive and defensive neural foundations generation after generation Pearce shows us that if we
