The Other World Experiences And Messages Received Telepathically:

The Other World Albert Pauchard, 2012-08 The Other World is a vision of the afterlife transmitted from Albert Pauchard shortly after he passed away in 1934 Pauchard was the president of the Geneva Society for Psychic Studies and it seems his passion for psychical research continued after his death In the vein of Elsa Barker's Letters From a Living Dead Man and Wellesley Tudor Pole's Private Dowding Pauchard relays his experiences in the manner of a travel writer reporting back from some far flung land On arrival he is surprised to find himself in the astral plane where he meets the guardian of the threshold Thinking himself to be a good person he reflects Once out here and the first moments of bliss after our liberation and happy meetings have passed we descend to a region where it is more or less dark and where we meet the famous guardian of the threshold It would seem that according to each individual things happen in a slightly different way In my case the curious thing was that while walking all by myself along a lonely path I was attacked by wasps or something of the kind which threatened to sting me A Voice like thunder said to me Well you cannot complain For if they had stung you what would have become of you And suddenly I realised that this was connected with all irritations all the thoughts of criticism which I had passively borne while on earth If I had nourished them the wasps would have stung me If I had chased them away there would have been no wasps Pauchard explains that purgatory is indeed a real condition created by our thoughts and actions He makes a point of emphasizing the importance of dealing with unresolved issues such as attachments addictions and negative relationships before we pass into the higher vibrations of the afterlife Consoling a friend still on earth he advises as to your illness my dear friend do not get discouraged Do not listen to the tempter What you can pay off on earth will be a manifold gain in the hereafter Remember what I told you in the beginning about those powers of the dark which we bring along with us when we are born and at which we have to work while on earth The non-regenerated forces of our own past They must be liquidated below The book deals with subjects such as guardian angels reincarnation the animal kingdom deva's children in the afterlife and even fairies and goblins the list goes on and on At one point Albert meets a priest he knew on earth who he refers to as Father S Father S has only been in spirit for three days and is still trying to understand his condition It has not occurred to him that he now resides in a thought world where physical objects are created by thought At the end of their conversation Albert remarks Finally I had to say Goodbye to him And then he suddenly noticed that he had lost his Bible Not having thought about it it had disappeared He was very much annoyed But I explained that here it is useless to look for something because in looking for it he naturally assumes that he does not have it And the result is he does not have it I told him Tell yourself that you have your Bible in your hand and it will be there He thought I was joking You are still the same Mr P even after such a long time in this world But you have your Bible in your hand I said He looked and there it was He could not understand it The encounter has a delightful Alice in Wonderland feel about it and demonstrates that the regions close to earth where dead people find themselves are just as illusionary as our physical experience is according to the
