Hoople, 2000 In July of 1906 Archibald Henderson could pronounce with perfect confidence that Henry James was a master impressionist But as short a time as six years earlier James s critics lacked this term in their vocabulary and struggled with the sophisticated art of James s developing impressionistic literary technique In Darkest James discusses the reviewer's frustrated often irritated and even anguished attempts to render a satisfactory account of the sequence of artifacts in which James moved toward the perfection of his craft BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Antiquity, Theatre, and the Painting of Henry Fuseli** Andrei Pop, 2015 In this volume Pop examines how art of the mid 1700s and early 1800s inspired by translations of Greek tragedy reveals a view of modern Europe attempting to recognize its own historical status as one culture among many He analyses this broad view of culture through the lens of Anglo Swiss artist Henry Fuseli s life and work Victorian Vulgarity Susan David Bernstein, Elsie B. Michie, 2016-12-05 Originally describing language use and class position vulgarity became over the course of the nineteenth century a word with wider social implications Variously associated with behavior the possession of wealth different races sexuality and gender the objects displayed in homes and ways of thinking and feeling vulgarity suggested matters of style taste and comportment This collection examines the diverse ramifications of vulgarity in the four

Liedtke, 2011 This is a showcase of 11 major works by Frans Hals The author also discusses the formation of Hals's style and considers his work in the context of broader European trends Observing Self (Routledge Revivals) Graham Good, 2014-08-01 First published in 1988 this title is a study of the essay as a literary genre not just in terms of its general intellectual and literary history but as an exploration of the creative possibilities of the form The rise of the essay is discussed in relation to the rise of the novel and the emergence of empiricism in science but the main focus of Graham Good s study is on the inner workings of the essay itself Drawing on criticism by Adorno and Lukacs Graham Good presents the genre as an expression of individualism freed from tradition and authority in which the self constructs itself and its object through independent observation Through analysis of the work of such essayists as Montaigne Bacon Virginia Wolf T S Eliot and George Orwell the potential of the genre for independence and individualism is illustrated and the essay is resituated as an intellectually challenging form of creative and critical writing The Influence of Pre-Raphaelitism on Fin de Siècle Italy Giuliana Pieri, 2007 This volume is the first comprehensive study of the influence of English Pre Raphaelitism on Italian art and culture in the late nineteenth century Analysis of the cultural relations between Italy and Britain has focused traditionally on the special place that Italy had in the British imagination but the cultural and artistic exchanges between the two countries have been much misunderstood This book aims to correct this imbalance by placing Pre Raphaelitism in its European context It explores the nature of its influence on Italy how it was transmitted and how it was manifested by focusing on the role of Italian Anglophiles the English communities in Florence and Rome the writings of Gabriele D Annunzio and a number of Italian artists active in Tuscany and Rome The works of Cellini

Ricci Gioja De Carolis and Sartorio in particular fully demonstrate the impact of Pre Raphaelitism on the young Italian school of painting which found in the English movement an ideal link with its glorious past on which it could build a new artistic identity These artists show that English Pre Raphaelitism was one of the most powerful single influences on fin de siecle Evelyn Pickering De Morgan and the Allegorical Body Elise Lawton Smith, Evelyn De Morgan, 2002 This study of her work confirms that the idea of progress toward the afterlife is a recurrent motif arising from a personal involvement in the movement of Spiritualism and paralleling the automatic writing passages in The Result of an Experiment 1909 anonymously published by Evelyn and her husband William De Morgan Finding the Figure in the Carpet Lee McKay Johnson, 2006-12-05 In his 1896 short story The Figure in the Carpet James sets forth a riddle for his critical readers as he approaches the major phase in his career He imagines a fictional novelist Hugh Vereker who tantalizes his critics with the idea of a single thread a design woven throughout all of his major works hidden in plain sight The design Vereker says is as obvious as a foot stuck in a shoe but the distinguished novelist is convinced no one will ever see it One critic Corvick however during a trip to India has an astonishing flash of revelation he sees the figure and the discovery is immense When Corvick returns and shares his epiphany with Vereker the novelist assures him that his discovery is precisely accurate there is not a single wrong note But Corvick dies in a road accident before he can write his definitive book on Verekers secret design My study will show the reader that there is a distinct figure in the carpet in the works of Henry James himself But James only uses the figure in a select group of his major novels and tales all six of which we will examine here These major works are all experimental and radical and show James allowing himself the artistic freedom to follow his own arcane and personal path The pattern is fully manifested in The Turn of the Screw in 1897 and remains the consistent thread all the way through the Masters final completed novel The Golden Bowl in 1904 I began writing about the relation of writing to painting and how James translates structural aspects of the silent art of painting into prose James borrows both silence and simultaneity from the painter his brother of the brush and experiments with their narrative equivalents I saw with increasing clarity that James admiration of the powers of painting led him into depicting nonverbal aspects of consciousness in language Finally I saw the whole system lock into place everything fit The figure in the carpet was revealed as visible silence With only a minute adjustment of focus I suddenly saw that James narrative pictorial structure that I had been tracing all these years constitutes the figure in the carpet itself The pictorial pattern literally governs every line and chooses every word James brings the reader into the full consciousness of his character by taking us into the silent radiation of the visible As readers we experience the silence before language the silence between words and the silence after language In this book I will show my reader how the figure in the carpet operates as the controlling design in every square inch of text in each of James most famous novels and tales The Visual Arts, Pictorialism, and the Novel Marianna Torgovnick, 2014-07-14 Marianna Torgovnick maintains that it is worthwhile to think about novels in terms of the visual arts in part because major novelists

like James Lawrence and Woolf did so and did so fruitfully as they were influenced by their perceptions of artistic movements Originally published in 1985 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 <u>James the Critic</u> Vivien Jones, 1985-08-12 Barbaric Intercourse Martha Banta, 2003-01-15 Barbaric Intercourse tells the story of a century of social upheaval and the satiric attacks it inspired in leading periodicals in both England and America Martha Banta explores the politics of caricature and cartoon from 1841 to 1936 devoting special attention to the original Life magazine For Banta Life embodied all the strengths and weaknesses of the Progressive Era whose policies of reform sought to cope with the frenetic urbanization of New York the racist laws of the Jim Crow South and the rise of jingoism in the United States Barbaric Intercourse shows how Life s take on these trends and events resulted in satires both cruel and enlightened Banta also deals extensively with London s Punch a sharp critic of American nationalism and draws from images and writings in magazines as diverse as Puck The Crisis Harper's Weekly and The International Socialist Review Orchestrating a wealth of material including reproductions of rarely seen political cartoons she offers a richly layered account of the cultural struggles of the age from contests over immigration and the role of the New Negro in American society to debates over Wall Street greed women s suffrage and the moral consequences of Western expansionism
