The Palestine Arab and Jewish Political Leaderships Taysir N. Nashif, 1979 **Palestinian Lawyers and Israeli Rule** George Emile Bisharat, 2014-01-27 As frequent intermediaries between Israeli military authorities and Palestinian citizens Palestinian lawyers stand close to the fault line dividing Israeli and Palestinian societies The conflicts and tensions they experience in their profession mirror the larger conflicts between the two societies Thus as George Bisharat reveals in *Palestinian Lawyers and Israeli Rule* a careful study of the work and lives of Palestinian lawyers ultimately helps to illuminate the causes of the intifada or uprising that began in December 1987 The study revolves around the central question of why the Palestinian legal profession declined during twenty years of Israeli occupation when in other Third World countries the legal profession has often reached its peak during a period of Western colonization Bisharat answers this question with a wide ranging inquiry into the historical origins of the legal profession and court system in Palestine the tenuous grounding of these institutions in Palestinian society and culture and the structure style and policies of the late twentieth century Israeli military government in the West Bank For general readers interested in the Palestinian Israeli conflict as well as specialists in such fields as legal anthropology sociology of the professions Third World law and development and Middle Eastern studies *Palestinian Lawyers and Israeli Rule* will be required reading **Ibss Poli Sci 29 1980** "International Committee For Social Sciences Documentation", 2013-10-15 The International Bibliography of the Social Sciences IBSS is an essential tool for librarians academics and researchers wishing to be kept up to date with the published literature in the social sciences IBSS is compiled in four divisions Anthropology Sociology Economics and Political Science This is Volume XXIX of the International bibliography of political science as of 1980 *Bibliography of Israeli Politics* Gregory S. Mahler, 2019-03-08 This bibliography is a response to the problems facing students and scholars of Israeli politics who need to find the most current resources for their research A readily accessible and comprehensive listing of published works dealing with Israeli politics the bibliography includes studies on the Israeli constitutional system Israel's elections political history and economics its diplomatic relations and foreign policy and Zionism Also included are studies of related topics such as Palestine and the Palestinian people the resolution of the West Bank and Gaza Strip question and the Arab Israeli peace process The book contains a detailed keyword index to nearly 1 500 entries citing books and journal articles published in the United States Europe and Israel **Palestinian Ethnonationalism in Israel** Oded Haklai, 2011-06-15 Arabs make up approximately 20 percent of the population within Israel's borders Until the 1970s Arab citizens of Israel were a mostly acquiescent group but in recent decades political activism has increased dramatically among members of this minority Certain activists within this population claim that they are a national and indigenous minority dispossessed by more recent settlers from Europe Ethnically based political organizations inside Israel are making nationalist demands and challenging the Jewish foundations of the state *Palestinian Ethnonationalism in Israel* investigates the rise of this new movement which

has important implications for the Palestinian Israeli conflict as a whole Political scientist Oded Haklai has written the first book to examine this manifestation of Palestinian nationalism in Israel Drawing on extensive fieldwork and interviews with key figures Haklai investigates how the debate over Arab minority rights within the Jewish state has given way to questioning the foundational principles of that state This ground breaking book not only explains the transitions in Palestinian Arab political activism in Israel but also presents new theoretical arguments about the relationship between states and societies Haklai traces the source of Arab ethnonationalist mobilization to broader changes in the Israeli state such as the decentralization of authority an increase in political competition intra Jewish fragmentation and a more liberalized economy Palestinian Ethnonationalism in Israel avoids oversimplified explanations of ethnic conflict Haklai s carefully researched and insightful analysis covers a neglected aspect of Israeli politics and Arab life outside the West Bank and Gaza Scholars and policy makers interested in the future of Israel and peace in the Middle East will find it especially valuable Patterns of Political Leadership R. Hrair Dekmejian,1975-01-01 Study of the relationship between the characteristics of governing elites and inter state conflict in the Middle East *Political Leadership, Nascent Statehood and Democracy* Ulrika Möller,Isabell Schierenbeck,2014-06-05 Do political leaders determine whether a polity will receive a democratic future or not Research and advocates of democracy agree on the significance of political elites for democratization yet there is a need for a more specific understanding of their role This book develops a theory of political leadership at the point of nascent statehood to explain the emergence of resilient democracies It employs four diverse case studies to examine the role of leadership and democratic consolidation In doing so the book identifies certain capacities of political leaders at the critical moment of nascent statehood as decisive to the future democratic quality of their state This book will be of interest to students and scholars of international relations democratization studies state building leadership nationalism Middle Eastern studies and South Asian studies **The Human Reality and Politics** Taysir Najm Nashif,2013-09-11 This book is a collection of descriptive and analytical articles The articles which were recently written deal with developments and events at the local regional and global levels It is the view of the author that forward and backward change is caused by dynamic seen and unseen factors of different qualities full freedom is imaginary politics is a major driving force in society and that to improve human relations there is a need for a better communication between human cultures Dynamics of change implies that all factors are relevant in the explanation of developments The author maintains that reality is wider than explanation and that in order to help in the achievement of peaceful existence there is a need to narrow socio economic gaps nationally and internationally **Encyclopedia of the Palestinians** Philip Mattar,2005 Presents the history of modern Palestine and biographies of important Palestinians *Breezes and Storms* Taysir N.
