Stoddard,2012-11-09 Stoddard uses the Anglophone Caribbean and Ireland to examine the complex inflections of women and race as articulated in between the colonial discursive and material formations of the eighteenth century and those of the post colonial twentieth century as structured by the defined spaces of the colonizers estates      **Journal of the American Institute of Architects** ,1915      Journal of the American Institute of Architects American Institute of Architects,1915      **Architecture and Urbanism in the British Empire** G.
