The Papers Of James Madison Secretary Of State Series Volume I 4 March 31 July 1801:

The Papers of James Madison: 4 March-31 July 1801 James Madison,1986 *The Papers of James Madison: 1 November 1803-31 March 1804* James Madison,1986 **Constitutional Inquisitors** Scott Ingram,2023-09-26 The evolution of the federal prosecutor s role from a pragmatic necessity to a significant political figure In the United States federal prosecutors enjoy a degree of power unmatched elsewhere in the world They are free to investigate and prosecute or decline to prosecute criminal cases without significant oversight And yet no statute grants them these powers their role is not mentioned in the Constitution How did they obtain this power and are they truly independent from the political process In *Constitutional Inquisitors* Scott Ingram answers these questions by tracing the origins and development of federal criminal law enforcement In the first book to examine the development of the federal law enforcement apparatus in the earliest part of the early republic Ingram explains how federal prosecutors roles began as an afterthought but quickly evolved into powerful political positions He also addresses two long held perceptions about early federal criminal prosecution that prosecutors tried many more cases than historians thought and that the relationship between prosecution and executive power is much more complex and interwoven than commonly assumed Drawing on materials at the National Archives as well as correspondence and trial reports Ingram explores the first federal criminal case the first use of presidential pardon power the first federal prosecution of a female and the first interstate criminal investigation He also discloses internal Administration discussions involving major criminal cases including those arising from the Whiskey Insurrection Neutrality Crisis Alien and Sedition Acts and Fries Rebellion As the United States grapples today with political divisions and arguments over who should be prosecuted for what *Constitutional Inquisitors* reveals that these problems began with the creation of the federal prosecutor role and have continued as the role gained power **US Consular Representation in Britain since 1790** Nicholas M Keegan,2018-03-08 In its early years the United States Consular Service was a relatively amateurish organization often staffed by unsuitable characters whose appointments had been obtained as political favours from victorious presidential candidates a practice known as the Spoils System Most personnel changed every four years when new administrations came in This compared unfavourably with the consular services of the European nations but gradually by the turn of the twentieth century things had improved considerably appointment procedures were tightened up inspections of consuls and how they managed their consulates were introduced and the separate Consular Service and Diplomatic Service were merged to form the Foreign Service The first appointments to Britain were made in 1790 with James Maury becoming the first operational consul in the country at Liverpool At one point there was a network of up to ninety US consular offices throughout the UK stretching from the Orkney Islands to the Channel Islands Nowadays there is only the consular section in the embassy and the consulates general in Edinburgh and Belfast **The Papers of James Madison: 1 September 1804-31 January 1805, with a supplement 1776-23 June 1804** James Madison,1986 *The Founding Father's Papers* United States.

I Have Avenged

America Julia Gaffield, 2025-06-17 A moving and humane portrait of the abolitionist revolutionary Jean Jacques Dessalines who led Haiti's fight for independence from French colonial rule. My name has become a horror to all those who want slavery declared. Jean Jacques Dessalines as he announced the independence of Haiti the most radical nation state during the Age of Revolution and the first country ever to permanently outlaw slavery. Enslaved for the first thirty years of his life Dessalines c 1758-1806 joined the revolution that abolished slavery within the French colony. Then he became a general in the colonial army of the new French Republic. When it was discovered that France once again supported slavery Dessalines declared war on his former allies. Fighting under the slogan Liberty or Death his army forced the French to evacuate in late 1803. At the start of the new year Dessalines declared independence from France and became the leader of a free Haiti. A hero to Haitians for centuries Dessalines is portrayed abroad as barbarous and violent. Yet this caricature derives not from facts as Julia Gaffield demonstrates with extensive new research but from the fears of contemporary enslavers. Showcasing the man behind the myths Gaffield reveals Dessalines's deep suffering, warm friendships and unwavering commitment to destroying slavery, racism and colonialism and his bold insistence on his people's right to liberty and equality.

The Parties in American

Presidential Elections, 1789-2020 Patrick Novotny, 2023-11-20 This book offers a timely understanding of the history of the Democratic and Republican Parties and their adaptability, endurance and importance in presidential elections. Taking the reader from the beginnings of parties as caucuses of members of the First Congress meeting in 1789 through November 2020's presidential election, it provides a fascinating historical account of the debates, events and personalities behind the beginnings of the nation's political parties. This includes the importance of national party nominating conventions in the nineteenth century, the growing importance of primary elections in nominations beginning in the early twentieth century and the changes of campaigning for presidential candidates as they started to travel across the United States for the first time in the early twentieth century. The book tells the story of the beginnings of nationally televised presidential debates and any number of other changes in the era of broadcasting and now digital platforms for presidential elections in the twenty-first century. It finishes with a look at political dynamics since the November 2020 election and a study of negative partisanship to define how campaigning for the White House works today.

Defining the Republic

William J. Nichols, 2022-08-16 Debate over the meaning and purpose of the grand experiment called the United States has existed since its inception. Alexander Hamilton and James Madison worked closely together to achieve the ratification of the Constitution, which both considered essential for the survival of the United States. However, within just a few years of the Constitution's ratification, they became bitter political enemies as the pair disagreed about what the United States should be like under the new Constitution, specifically how to interpret the Constitution they both worked to create and support. **Defining the Republic: Early Conflicts**

over the Constitution documents through presentation of their own words that these two essential early Americans simply had different expectations all along Expectations that went unexamined during the frenetic times in which the Constitution was written debated and ratified It is to their differences that Americans today can look in order to better understand the history of the United States as well as current debates over politics and life in general in the country Hamilton and Madison helped to create

The Papers of James Madison James Madison,1986 The Papers of James Madison project housed at the University of Virginia was established in 1956 to publish annotated volumes of the correspondence and writings of James Madison the Virginia statesman most often remembered for his public service as Father of the Constitution and as fourth president of the United States The published volumes provide accurate texts of Madison s incoming and outgoing correspondence informative notes on textual and subject matters and comprehensive indexes They are incomparably rich sources for students of Madison s life and valuable research tools for those interested in the general history of the period in which Madison lived 1751 1836 The project has collected more than 27 000 copies of documents related to Madison s life including letters essays notes diaries account books ledgers wills legal papers and inventories The project serves the public by translating into print these decaying and often nearly illegible manuscripts thereby preserving them for future generations and making them easier to use The published volumes also make the contents of Madison related documents the originals of which are housed in some 250 archives worldwide easily accessible to libraries and interested individuals anywhere books travel The Presidential Series covering the years 1809 to early 1817 centers largely on Madison s record as commander in chief during the War of 1812 the first full scale conflict to be waged under the U S Constitution of 1787 Madison s correspondence as president deals with a particularly wide range of concerns national politics international diplomacy and war Indian affairs the construction of the nation s capital even petitions from ordinary citizens for charity and mercy to which Madison responded

The Papers of James Madison: 1 March-6 October 1802 James Madison,1986

Millions for Defense Frederick Leiner,2014-07-15 The title of this book comes from a toast popular with Americans in the late 1790s millions for defense not a cent for tribute Americans were incensed by demands for bribes from French diplomats and by France s galling seizures of U S merchant ships and as they teetered toward open war were disturbed by their country s lack of warships Provoked to action private U S citizens decided to help build a navy Merchants from Newburyport Massachusetts took the lead by opening a subscription to fund a 20 gun warship to be built in ninety days and they persuaded Congress to pass a statute that gave them government stock bearing 6 percent interest in exchange for their money Their example set off a chain reaction down the coast More than a thousand subscribers in the port towns pledged money and began to build nine warships with little government oversight Among the subscription ships were the Philadelphia later lost on the rocks at Tripoli Essex the first American warship to round the Cape of Good Hope and Boston which captured the French corvette Le Berceau This book is the first to explore in depth the subject of subscribing for warships

Frederick Leiner explains how the idea materialized who the subscribers and shipbuilders were how the ships were built and what contributions these ships made to the Quasi War against France Along the way he also offers significant insights into the politics of what is arguably the most critical period in American history *The Papers of James Madison: 16 May-31 October 1803* James Madison,1986

The Papers of James Madison: 2 April-31 August 1804 James Madison,1986

Books on Early American History and Culture, 1986-1990 Raymond D. Irwin,2001-03-30 A companion volume to Books on Early American History and Culture 1991 1995 this work covers scholarship on early American history including North America and the Caribbean from 1492 to 1815 This annotated bibliography surveys over 1 000 monographs essay collections exhibition catalogs and reference works published between 1986 and 1990 In thirty two thematic sections the book covers such topics as colonization rural life and agriculture and religion This useful guide organizes the recent explosion of scholarly literature on pre colonial colonial and early Republican America *The Papers of Thomas Jefferson, Retirement Series, Volume 8* Thomas Jefferson,2012-01-29 Volume Eight of the project documenting Thomas Jefferson s last years presents 591 documents dated from 1 October 1814 to 31 August 1815 Jefferson is overjoyed by American victories late in the War of 1812 and highly interested in the treaty negotiations that ultimately end the conflict Following Congress s decision to purchase his library he oversees the counting packing and transportation of his books to Washington Jefferson uses most of the funds from the sale to pay old debts but spends some of the proceeds on new titles He resigns from the presidency of the American Philosophical Society revises draft chapters of Louis H Girardin s history of Virginia and advises William Wirt on revolutionary era Stamp Act resolutions Jefferson criticizes those who discuss politics from the pulpit and he drafts a bill to transform the Albemarle Academy into Central College Monticello visitors Francis W Gilmer Francis C Gray and George Ticknor describe the mountaintop and its inhabitants and Gray s visit leads to an exchange with Jefferson about how many generations of white interbreeding it takes to clear Negro blood Finally although death takes his nephew Peter Carr and brother Randolph Jefferson the marriage of his grandson Thomas Jefferson Randolph is a continuing source of great happiness Some images inside the book are unavailable due to digital copyright restrictions *The Papers of Thomas Jefferson, Retirement Series, Volume 4* Thomas Jefferson,2018-06-05 Volume Four of this definitive edition of Thomas Jefferson s papers from the end of his presidency until his death includes 581 documents from 18 June 1811 to 30 April 1812 Between these two dates Jefferson famously declares that tho an old man I am but a young gardener expresses hostility to dogs and joins in a petition for a tax to reduce their numbers calculates lines for a horizontal sundial surveys part of his Bedford County estate and draws up work schedules for his Poplar Forest plantation and detailed slave lists for Poplar Forest and Monticello Jefferson also takes readings of a solar eclipse attempts to determine Monticello s longitude measures Willis Mountain and calls for a fixed international standard for measures weights and coins Joseph Milligan publishes a revised edition of Jefferson s Manual of Parliamentary Practice in March 1812 and Jefferson sends William Wirt a detailed and

colorful but largely negative portrait of Patrick Henry for use in his biography of the Virginia orator Finally and perhaps of greatest importance to posterity in January 1812 correspondence resumes between Jefferson and his old friend John Adams after a long hiatus resulting from their rivalry for the presidency in 1800 *John Adams, Slavery, and Race* Arthur Scherr, 2018-01-04 Providing the first full investigation of second U S president John Adams attitudes toward slavery blacks and the Haitian Revolution this iconoclastic study illuminates the inner and outer worlds of Adams for scholars and general readers John Adams was a Founding Father of the United States who not only played a key role in laying the foundation of the nation but is also highly regarded as a great speaker thinker lawyer revolutionary diplomat vice president and president But was Adams an opponent of slavery and a believer in racial equality The historical evidence points to the contrary This book is the first to discuss at any length John Adams s views on race slavery and slavery extension by examining his writings politics and diplomacy Historian Arthur Scherr an expert who is uniquely knowledgeable about Adams s views on slavery race and the Haitian Revolution reveals Adams s attitudes toward slavery and race in and out of office spotlighting his views on slavery during the American Revolution his perspective regarding race as vice president and president of the United States and his opinions in retirement Readers will be able to form their opinions based on factual documentation of Adams s statements and actions regarding the key events involving slavery and race during this period the gradual emancipation of slaves U S aid to Haiti the only black governed nation in the world and to its Governor General Toussaint Louverture in gaining its independence and the U S government s decision to permit slavery in new states and territories formed from public lands such as the Old Northwest and the Louisiana Purchase
