## **The Partys Choice Studies In Presidential Selection:**

The Making of the Presidential Candidates 2012 William G. Mayer, Jonathan Bernstein, 2012 The newest installment in a quadrennial series that now spans five presidential elections this book presents a broad overview of the presidential nomination process and showcases some of the most interesting work now being done on the politics of presidential selection Written by leading experts including a former presidential candidate The Making of Presidential Candidates 2012 covers a wide selection of topics including the Tea Party digital media campaigns how television covers the nomination process election forecasting and campaign finance The Making of the Presidential Candidates 2012 is valuable for students specialists and all readers with an interest in the ever evolving presidential nomination process and American elections A Citizen's Guide to Presidential Nominations Wayne P. Steger, 2015-04-10 Presidential nominations in the United States can sometimes seem like a media circus over hyped and overly speculative Even informed citizens might be tempted to tune them out Yet understanding the process one distinct to American politics is crucial for civic participation If presidential elections are about who will lead the nation presidential nominations are about who appears on the ballot This concise and coherent Citizen s Guide examines who has power in presidential nominations and how this affects who we as citizens choose to nominate and ultimately to sit in the Oval Office Political scientist Wayne Steger defines the nominating system as a tension between an insider game and an outsider game He explains how candidates must appeal to a broad spectrum of elected and party officials political activists and aligned groups in order to form a winning coalition within their party which changes over time Either these party insiders unify early behind a candidate effectively deciding the nominee before anyone casts a vote or they are divided and the nomination is determined by citizens voting in the caucuses and primaries Steger portrays how shifts in party unity and the participation of core party constituencies affect the options presented to voters Amidst all this the candidate still matters Primaries with one strong candidate look much different than those with a field of weaker ones By clearly addressing the key issues past and present of presidential nominations Steger s guide will be informative relevant and accessible for students and general readers alike **Guide to U.S. Political Parties** Marjorie R. Hershey, 2014-04-01 This one volume reference presents the major conceptual approaches to the study of U S political parties and the national party system describing the organization and behavior of U S political parties in thematic narrative chapters that help undergraduate students better understand party origins historical development and current operations Further it provides researchers with in depth analysis of important subtopics and connections to other aspects of politics Key Features Thematic narrative chapters organized into six major parts provide the context as well as in depth analysis of the unique system of party politics in the United States Top analysts of party politics provide insightful chapters that explore how and why the U S parties have changed over time including major organizational transformations by the parties behavioral changes among candidates and party activists and attitudinal changes among their partisans in the electorate The authors discuss the way

the traditional concept of formal party organizations gave way over time to a candidate centered model fueled in part by changes in campaign finance the rise of new communication technologies and fragmentation of the electorate This book is an ideal reference for students and researchers who want to develop a deeper understanding of the current challenges faced by citizens of republican government in the United States White House Studies Compendium Glenn P. Hastedt,2007 The American Presidency has become one of the most powerful offices in the world with the ascendancy of American power in the 20th century White House Studies Compendium brings together piercing analyses of the American presidency dealing with both current issues and historical events The compendia are the bound issues of White House Studies with the addition of a comprehensive subject index *The Presidential Election of 2020* William Crotty,2021-06-28 The Presidential Election of 2020 Donald Trump and the Crisis of Democracy places the election of 2020 within the context of the Trump presidency a chaotic and tense time in American politics and a dangerous one The election is analyzed in depth and its meaning for the state of American society is made clear A major theme in the book is a critique of Donald Trump s leadership his incompetence in office his appeal to followers and the danger this has proven to represent Among other things he was accused of mental instability during his presidency Yet he received the second highest vote total in American history exceeded only by winning candidate Joe Biden s Trump was impeached twice for his actions in office but both times not held responsible for what he had done by a Republican controlled Senate The election is placed in an ongoing context It was followed by strenuous attempts by Trump and associates to have states reverse their results and declare him the winner and by the Trump organized seditious assault on the Capitol in which five people died The objective was to force Vice President Mike Pence who was chairing a Joint Session of Congress normally a formality to instead reject the Electoral College vote outcome Pence would not do it His life and that of Speaker Nancy Pelosi were threatened by the rioters The threat of a coup a new development in American politics and one led by Trump and others who share his views remains Meanwhile President Joe Biden in his efforts to reconstruct America has introduced the most ambitious policy agenda since the New Deal

Nomination and Election of President and Vice President United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Constitutional Amendments,1955 Considers 84 S J Res 3 84 S J Res 9 84 S J Res 10 84 S J Res 27 84 S J Res 30 84 S J Res 31 84 S J Res 53 *Election of the President* United States. Congress. Senate. Committee on the Judiciary,1968 **The VP Advantage** Christopher J. Devine,Kyle C. Kopko,2016-01-01 A widespread perception exists among political commentators campaign operatives and presidential candidates that vice presidential VP running mates can deliver their home state s electoral votes in a presidential election In recent elections presidential campaigns have even changed their strategy in response to the perceived VP home state advantage But is the advantage real And could it decide a presidential election In the most comprehensive analysis to date Devine and Kopko demonstrate that the VP home state advantage is actually highly conditional and rarely decisive in the Electoral College However it could change the outcome of

a presidential election under narrow but plausible conditions Sophisticated in its methodology and rich in historical as well as contemporary insight *The VP Advantage* is essential and accessible reading for anyone interested in understanding how running mates influence presidential elections **Commercial West** ,1928 *The Unfinished American Project* Steven J. L. Taylor,2024-10-07 This book delves into democratic deficiencies in the United States federal government especially those that disenfranchise minority communities It highlights key contemporary and persistent challenges to American democracy examines them in their historical context and proposes reforms to remedy them It will serve as unique secondary text for US government politics African American racial ethnic politics and public policy courses *The End of Roe* Jeanine E. Kraybill,2025-09-17 The End of Roe assesses abortion and the American legal and political system in the aftermath of the United States Supreme Court s June 2022 decision in *Dobbs v Jackson Women s Health Organization* In *Dobbs* the US Supreme Court held that a woman did not have a constitutional right to terminate her pregnancy This decision further polarized an already divided nation by overturning nearly fifty years of precedent under *Roe v Wade* following on from two highly contentious presidential elections Now as Christian conservative legal organizations seek to tighten access to abortion through attempts to limit chemical abortion the most widely used method to terminate pregnancies in the United States as well as cut off other avenues to the procedure access to abortion seems uncertain and increasingly complicated across the United States This book discusses how widely differing abortion laws have evolved across the United States as well as how religious groups and conservatives have turned to the legal process in their fight to restrict abortion further and how more progressive states have countered with the passage and implementation of safe harbor laws shielding physicians who perform abortions and the women who wish to procure them mainly when their home state is hostile to their medical situation or choice This book demonstrates how abortion will continue to shape future elections and the consequences of these political contests on this issue This book will appeal to students and scholars of American politics ethics politics and religion and women and politics as well as practitioners in the areas of law political science sociology and philosophy and anyone interested in the abortion debate in the United States *Politics in America* ,1979 **Congressional Record** United States. Congress,1979 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States* 1789 1824 the *Register of Debates in Congress* 1824 1837 and the *Congressional Globe* 1833 1873 *Citizens, Context, and Choice* Russell J. Dalton,Christopher J. Anderson,2011 How do institutions and electoral systems matter for citizens electoral choices This is the first systematic study that attempts to answer this question for contemporary democracies The book assembles leading electoral researchers to examine citizen choice in over 30 democracies surveyed by the Comparative Study of Electoral Systems *Primary Election Laws of California, with Forms for the Making of Nominations Thereunder ...*

California,1912      **Legal History of the Presidential Election Campaign Fund Act** ,1991      The Oxford Handbook of South Korean Politics JeongHun Han,Ramon Pacheco Pardo,Youngho Cho,2023-01-24 This Handbook presents and analyses contemporary South Korean politics bringing together domestic political economic social cultural and demographic developments and putting them in the context of trends in fellow developed countries      The Politics of Emotions, Candidates, and Choices Heather E. Yates,2016-05-29 Anchored in the idea that political campaigns matter to electoral outcomes The Politics of Emotions Candidates and Choices analyzes the dynamics of emotional voting and decision making over the course of three presidential elections between 2004 and 2012 Each presidential campaign reflects a unique tone and mood which influences voters perceptions of choices and candidate image Accounting for the idiosyncratic nature of a campaign environment and a candidate s message this analysis isolates specific emotional dimensions that were influential on voters appraisals of specific campaign issues Relying on the Affective Intelligence theory and the Transfer of Affect thesis to narrate the causal relationships between voters emotional responses and issue appraisals this book illustrates the specific electoral contexts when voters emotions are trusted as political knowledge and transferred to their beliefs about certain policies      **Guide to the Presidency** Michael Nelson,2015-05-01 The Guide to the Presidency is an extensive study of the most important office of the U S political system Its two volumes describe the history workings and people involved in this office from Washington to Clinton The thirty seven chapters of the Guide arranged into seven distinct subject areas ranging from the origins of the office to the powers of the presidency to selection and removal cover every aspect of the presidency Initially dealing with the constitutional evolution of the presidency and its development the book goes on to expand on the history of the office how the presidency operates alongside the numerous departments and agents of the federal bureaucracy and how the selection procedure works in ordinary and special circumstances Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day and the detailed overview of the vice presidents and first ladies of each particular office Also included are two special appendices one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton s Inaugural Address and another which provides results from elections and polls and statistics from each office      **American Presidential Elections** Harvey L. Schantz,1996-01-01 Milton Cummings Everett Ladd David Mayhew Gerald Pomper and Harvey Schantz analyze presidential elections over the sweep of American history and examine their impact on political parties public policy and society

The Partys Choice Studies In Presidential Selection: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. The Partys Choice Studies In Presidential Selection : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
