The Pastoral And Educational Letters Of Bishop James Doyle Of Kildare And Leighlin 1786-1834:

The Pastoral and Education Letters of Bishop James Doyle of Kildare and Leighlin, 1786-1834 James Warren Doyle, Thomas McGrath, 2004 The brilliant Bishop James Doyle of Kildare and Leighlin J K L was the outstanding Catholic bishop of his time This major source book is a companion volume to the author's two volume study of Doyle which won the NUI Irish Historical Research Prize It comprises the complete corpus of Doyle's pastoral and education letters The pastoral letters detail the religious renewal and reform of the Irish Church which Doyle led in the era of Catholic Emancipation The work contains the national pastoral letters written by Doyle in the name of the entire Irish hierarchy Doyle's letters on education are essential for understanding the background to the founding of the national system of education in 1831 They deal with the education of the poor and include letters to the Catholic Association and Daniel O Connell

An Immigrant Bishop Patrick W. Carey, 2022-01-07 An Immigrant Bishop is a revised examination of the Irish intellectual roots of Bishop John England's American pastoral works in the diocese of Charleston South Carolina 1820-1842 The text focuses on his political philosophy and his theology of the Church both of which were influenced by the Enlightenment and a theological not a political Gallicanism As the study demonstrates we now know more about England's intellectual life prior to his immigration than we do about any other Catholic immigrant from Ireland Neither Peter Guilday's monumental two volume biography 1927 of England nor any subsequent scholarly study of England has uncovered and analyzed as this book does England's many unpublished and published writings in Ireland his explicitly authored texts his published speeches before the Cork Aggregate meetings and his pseudonymous articles in the Cork Mercantile Chronicle between 1808 when he was ordained and 1820 when he emigrated to the United States John England 1786-1842 the first Catholic bishop of Charleston was the foremost national spokesman for Catholicism in the United States during the years of his episcopacy and the primary apologist for the compatibility of Catholicism and American republicanism He was also the first Catholic bishop to speak before the United States Congress and the first American to receive a papal appointment as an Apostolic Delegate to a foreign country in this case to negotiate a concordat with President Jean Pierre Boyer of Haiti He is considered the father of the Baltimore Provincial Councils and the nineteenth century American Catholic conciliar tradition He was also the only bishop in American history to develop a constitutional form of diocesan government and administration Among other things he was the first cleric to establish a diocesan newspaper that had something of a national distribution England's contribution to the early formation of an American Catholicism has been told many times before but he has the kind of creative mind and episcopal leadership that demands repeated re considerations

The Irish Classical Self Laurie O'Higgins, 2017-03-09 The Irish Classical Self considers the role of classical languages and learning in the construction of Irish cultural identities in the eighteenth and nineteenth centuries focusing in particular on the lower ranks of society This eighteenth century notion of the classical self grew partly out of influential identity narratives developed in the seventeenth century by clerics on the

European continent responding to influential critiques of the Irish as ignorant barbarians they published works demonstrating the value and antiquity of indigenous culture and made traditional annalistic claims about the antiquity of Irish and connections between Ireland and the biblical and classical world broadly known In the eighteenth century these and related ideas spread through Irish poetry which demonstrated the complex and continuing interaction of languages in the country a story of conflict but also of communication and amity The classical strain in the context of the non elite may seem like an unlikely phenomenon but the volume exposes the truth in the legend of the classical hedge schools which offered tuition in Latin and Greek to poor students for whom learning and claims to learning had particular meaning and power This volume surveys official data on schools and scholars together with literary and other narratives showing how the schools inherently transgressive because of the Penal Laws drove concerns about class and political loyalty and inspired seductive but contentious retrospectives It demonstrates that classical interests among those in the humbler walks of life ran in the same channels as interests in Irish literature and contemporary Irish poetry and demands a closer look at the phenomenon in its entirety An Irish-Speaking Island Nicholas M. Wolf,2014-11-25 This groundbreaking book shatters historical stereotypes demonstrating that in the century before 1870 Ireland was not an anglicized kingdom and was capable of articulating modernity in the Irish language It gives a dynamic account of the complexity of Ireland in the nineteenth century developments in church and state and the adaptive bilingualism found across all regions social levels and religious persuasions *Begging, Charity and Religion in Pre-Famine Ireland* Ciarán McCabe,2019-01-24 Beggars and begging were ubiquitous features of pre Famine Irish society yet have gone largely unexamined by historians This book explores for the first time the complex cultures of mendicancy as well as how wider societal perceptions of and responses to begging were framed by social class gender and religion *The Making of the Irish Poor Law, 1815-43* Peter Gray,2009-06-15 Peter Gray presents a complete scholarly account of the origins and introduction of the poor law in Ireland **Kildare** William Nolan,Thomas McGrath,2006 *Print Culture and Intellectual Life in Ireland, 1660-1941* Michael Adams,2006 Charting the impact of print and publishing in shaping the ideas that formed modern Ireland this title examines how the production circulation and reception of books reflected Irish intellectual life **Religious Renewal and Reform in the Pastoral Ministry of Bishop James Doyle of Kildare and Leighlin, 1786-1834** Thomas McGrath,1999 Bishop James Doyle of Kildare and Leighlin is often regarded both pastorally and politically as the outstanding Irish Catholic bishop of the 19th century The central focus of this study is Doyle s Tridentine administration of his diocese Books Ireland ,2005
