The Pastoral Letters As Composite Documents:

The Pastoral Letters as Composite Documents James D. Miller, 1997-08-14 The authorship of the Pastoral letters has been a matter of intense scholarly debate for almost two hundred years The letters clearly purport to be written by Paul but perceived differences in the literary style vocabulary and theology of the Pastorals when compared with that of the genuine Pauline letters suggests that this was not so The arguments have centred primarily on the question of whether Paul or a disciple of Paul a gifted pseudonymist composed these letters It is the either or nature of the debate that is brought into serious question in this book Dr Miller argues that the Pastorals reflect a compositional history that was commonplace throughout the ancient Near East He takes the reader on a wide ranging tour of biblical and extra biblical sources examining their literary histories and arguing that the Pastorals are composite documents not unlike many Jewish and early Christian works The pastoral letters as composite documents James David Miller, 1988

The Pastoral Epistles and the New Perspective on Paul Daniel Wayne Roberts, 2021-08-31 The so called New Perspective on Paul has become a provocative way of understanding Judaism as a pattern of religion characterized by covenantal nomism which stands in contrast to the traditional Lutheran position that argues that the Judaism against which Paul responded was legalistic This new perspective of first century Judaism has remarkably changed the landscape of Pauline studies but it has done so in relative isolation from the Pastoral Epistles which are considered by most critical scholarship to be pseudonymous Because of this lack of interaction with the Pastoral Epistles this study seeks to test the hermeneutic of the New Perspective on Paul from a canonical perspective This study is not a polemic against the New Perspective on Paul but an attempt to test its hermeneutic within the Pastoral Epistles Four basic tenets of the New Perspective on Paul taken from the writings of E P Sanders N T Wright and James D G Dunn are identified and utilized to choose the passages in the Pastoral Epistles to be studied to test the New Perspective s hermeneutic outside undisputed Paul The four tenets are as follows Justification Salvation Law and Works Paul s View of Judaism and the Opponents Based on these tenets the passages considered are 1 Tim 1 6 16 2 3 7 2 Tim 1 3 8 12 and Titus 3 3 7 Paul, the Pastoral Epistles, and the Early Church () James W. Aageson, 2007-10-01 Paul s influence on the history of Christian life and theology is as profound as it is pervasive A brief survey of almost twenty centuries of Christian thought and practice will confirm the enduring importance of Paul for the life of the church in the Roman and Protestant traditions of the West as well as the Orthodox traditions of the East Even as Christianity at the dawn of its third millennium has become increasingly global and traditions have come to develop and intersect in new and complex ways Paul s place in the story of Christianity remains deeply rooted in the church s theology worship and pastoral life In both past and present Paul s influence on the Christian church can hardly be overestimated Among the many intriguing issues generated by the historical Paul his New Testament letters and early church history is the question what happened to Paul after Paul Whether we think in terms of the reception of Paul s theology or the ongoing legacy of Paul or early Christian

reinterpretation of his letters the questions persist what did the early church do with Paul's memory How did it reshape his theology And what role did his letters come to play in the life of the church The focus of the present discussion is in the early decades and centuries of Christianity a time when the memory and legacy of Paul came to serve varied and often competing interests in the emerging church It was a time when Paul's reputation and importance to the church were being reinforced and when his epistles were gaining the authority that would ensure their place in the sacred library of Christianity It was also the time when the Jesus movement forged itself into Christianity a process in which Paul played a pivotal role and eventually also became an object of revision and transformation himself What is virtually indisputable in this process is that Paul during his lifetime and after played a critical role in making Christianity what it was to become

Liars, Brutes, and Gluttons Isaiah Allen, 2025-01-31 Did the author of Titus consider Cretans to be liars brutes and gluttons or was he confronting bigotry head on Isaiah Allen

revisits long held conventional interpretations of Titus 1 12 that maintain that the author using Paul s name considered Cretans to be crude vicious and worthy of rebuke Based on insights from the cognitive linguistics approach of relevance theory Allen contends that the way Titus s original first century audience would have engaged the text is quite different from how many modern interpreters read it Additionally Allen proposes that the letter s context corresponds more closely to the situation of the early church during the lifetime of Paul than many conventional interpretations suggest Allen concludes that Paul was not participating in bigotry but instead exposed and rebuked it in his letter to Titus Allen examines linguistic evidence that reveals an ancient biblical antibigotry message that presages modern sensibilities about ethnic prejudice and racism

Porter, Matthew Brook O'Donnell, 2023-12-28 This volume examines and outlines a Systemic Functional Linguistic SFL model of discourse analysis and its relationship to New Testament Greek The book reflects upon how SFL has grown as a field since it was first introduced to New Testament Greek studies by Stanley E Porter in the 1980s Porter and Matthew Brook O Donnell first introduce basic concepts regarding discourse analysis and the major approaches towards it within New Testament studies They then provide a detailed exploration of discourse analysis in terms of the textual metafunction beginning with an introduction to the architecture of language within SFL before exploring several individual elements within it By focusing upon these individual components in particular theme and information structure markedness and prominence and coherence and cohesive harmony Porter and O Donnell introduce and exemplify the major resources of the textual metafunction

Letters and Homilies for Hellenized Christians Ben Witherington III, 2010-04-09 This unique commentary on Titus 1 2 Timothy and 1 3 John probes each letter s social setting and the rhetorical strategies of the author Ben Witherington shares how several of these letters are much better understood as homilies and also provides special sections to bridge the gap between the text and the everyday life of the reader

Jesus as Mediator Malcolm Gill, 2008 This book addresses the influence of the imperial cult in first century AD Asia Minor and its subsequent relevance to the reading of the New Testament In particular this work argues through a contrapuntal reading of 1 Timothy 2 1 7 that the early Christian community strongly resisted the Emperor s claim to be the mediator between the gods and humanity In contrast to this claim the author shows that 1 Timothy 2 1 7 can be read as a polemic from a minority community the Christian church in Ephesus against the powerful voice of the Roman Empire in regard to divine mediation
