The Pastoral Mode A Casebook:

The Pastoral Mode Bryan Loughrey, 1984 *The Pastoral Mode* Bryan Loughrey, 1984 *The Pastoral Mode* Bryan Loughrey, 1984 **The Pastoral in Charles Griffes's Music** Taylor A. Greer, 2024-06-18 At the turn of the century visionary composer Charles Tomlinson Griffes synthesized highly diverse elements from other musical traditions into his distinct artistic voice As American as he was far ranging in his interests Griffes was an aesthetic polyglot combining elements of literature visual arts global folk melodies and contemporary European art music into a new musical language The breadth of his sources of inspiration are breathtaking including the sensual harmonies of fin de siècle French music the British Aesthetic Movement folk music drawn from the Middle East and Java and a wide range of poets including William Blake Samuel Taylor Coleridge and William Sharp The Pastoral in Charles Griffes's Music explores both his music and the rich historical context from which it grew to enrich our understanding of the composer's artistic contribution and reveal new intersections and contradictions in European and American culture during the early twentieth century Taylor A Greer also critiques the philosophical foundation of topic theory and its relationship to the pastoral in Griffes's music to reflect on the end of the nineteenth century and clarify our understanding of his artistic influences With Griffes's conception of the pastoral he transformed the siciliana based tradition he inherited from the eighteenth century into a new and vibrant genre that preserved the usual associations of simplicity and tranquility and introduced new elements of tension into the pastoral ideal including global voices paradox and occasional conflict **Music and Text** Steven Paul Scher, 1992-02-28 The semiotic elements of a multiplanar discourse John Harbison's setting of Michael Fried's depths Claudia Stanger Whose life the gendered self in Schumann's Frauenliebe songs Ruth A Solie Operatic madness a challenge to convention Ellen Rosand Commentary form reference and ideology in musical discourse Hayden White **Pastoral, Identity, and Memory in the Works of John Banville** Alexander G.Z. Myers, 2018-08-27 John Banville's works waver indecisively between modernism and postmodernism This study offers a hitherto unexplored vista on his works and argues that Banville is a post modern pastoralist The pastoral lens opens new vistas to Banville's central concerns the collusion of ethics and aesthetics self identification in narrative and the topography of the troubled mind Banville's characters harbour an Arcadia of the unconscious conditioned by a subtext of nostalgia Caught in a crisis his characters explore subvert and transform the pastoral mode into an ambiguous quest for a stable self *Pastoral Cosmopolitanism in Edith Wharton's Fiction* Margarida Cadima, 2023-07-11 American novelist Edith Wharton 1862-1937 is best known today for her tales of the city and the experiences of patrician New Yorkers in the Gilded Age This book pushes against the grain of critical orthodoxy by prioritizing other species of spaces in Wharton's work For example how do Wharton's narratives represent the organic profusion of external nature Does the current scholarly fascination with the environmental humanities reveal previously unexamined or overlooked facets of Wharton's craft I propose that what is most striking about her narrative practice is how

she utilizes adapts and translates pastoral tropes conventions and concerns to twentieth century American actualities It is no accident that Wharton portrays characters returning to or exploring various natural localities such as private gardens public parks chic mountain resorts monumental ruins or country estate follies Such encounters and adventures prompt us to imagine new relationships with various geographies and the lifeforms that can be found there The book addresses a knowledge gap in Wharton and the environmental humanities especially recent debates in ecocriticism The excavation of Wharton s words and the background of her narratives with an eye to offering an ecocritical reading of her work is what the book focuses on

Pastoral Elegy in Contemporary British and Irish Poetry Iain Twiddy,2012-03-29 An examination of the nature and function of pastoral elegies in post 1960 British and Irish poetry

Yeats and Pessoa Patricia Silva-McNeill,2017-07-05 W B Yeats and Fernando Pessoa 1888 1935 regarded style as a tool for metaphysical inquiry and consequently they adopted distinct poetic styles to convey different attitudes towards experience Silva McNeill s study examines how the poets stylistic diversification was a means of rehearsing different existential and aesthetic stances It identifies parallels between their styles from a comparative case studies approach Their stylistic masks allowed them to maintain the subjectivity and authenticity associated with the lyrical genre while simultaneously attaining greater objectivity and conveying multiple perspectives The poets continuously transformed the fond and form of their verse creating a protean lyrical voice that expressed their multilateral poetic temperament and reflected the depersonalisation and formal experimentalism of the modern lyric

Robert Fergusson and the Scottish Periodical Press Rhona Brown,2016-04-08 Though Robert Fergusson published only one collection of poems during his lifetime he was a fixture in the Scottish periodical press Rhona Brown explores Fergusson s poetic output in its immediate periodical context enabling a new understanding of Fergusson s contribution to poetry that also enlarges on our understanding of the Scottish periodical press Focusing on the development of his career in Walter Ruddiman s Weekly Magazine Brown situates Fergusson s poetry alongside contemporary events that expose Fergusson s preoccupations with the frivolities of fashion theatrical culture the economic status of Scottish manufacture and politics At the same time Brown offers fascinating insights into the political climate of Enlightenment Scotland and shows the Weekly Magazine in relationship to the larger Scottish and British periodical milieus She concludes by exploring reactions to Fergusson s death in the British periodical presses arguing that contrary to critical consensus the poet s death was ignored neither by his own country nor by the larger literary community

Grattius Steven J. Green,2018-03-16 Grattius Cynegetica a Roman didactic poem on hunting with dogs is the author s only surviving work though it reaches us now in an incomplete form Thanks to a passing reference by Ovid in his Epistulae ex Ponto it can confidently be dated to the Augustan period and yet while his literary contemporaries have been and continue to be subjects of academic scrutiny Grattius is seldom read and remains almost completely unappreciated in classical and literary scholarship This volume is the first book length study of Grattius in English or any other language and sets out to

rehabilitate the neglected poet by making him and his work accessible to a wide audience Prefaced by an introduction to the poet and his work as well as the Latin text of *Cynegetica* and a new English translation it presents a broad collection of interpretive essays from an international team of scholars These essays explore the poem within its literary intellectual and socio political contexts and look forward to Grattius more charitable posthumous reception in Europe in the sixteenth to eighteenth centuries As a whole they aim to reveal his enduring relevance for the tradition of didactic poetry and the study of other Augustan poetry and culture and to provide an impetus for future discussions

The Testimony of Lives Vieda Skultans, 2002-11-01 Vieda Skultans left Latvia as a refugee at the age of six months In 1990 she returned for the first time This text is both a personal account of a homecoming and an anthropology of a people trying to come to terms with its past and to face an uncertain future Based on more than 100 interviews carried out in the wake of Latvian independence it gives voice to stories of dispossession and exile and of ambiguous returns At the same time it unpicks the process of memory itself showing how personal memory is shaped by the traditional narratives of national history and culture

Romance and Revolution David Duff, 1994-09 Relates the revival of literary romance to the French Revolution's imaginative impact on English Romanticism

English Pastoral Music Eric Saylor, 2017-05-30 Covering works by popular figures like Ralph Vaughan Williams and Gustav Holst as well as less familiar English composers Eric Saylor's pioneering book examines pastoral music's critical theoretical and stylistic foundations alongside its creative manifestations in the contexts of Arcadia war landscape and the Utopian imagination As Saylor shows pastoral music adapted and transformed established musical and aesthetic conventions that reflected the experiences of British composers and audiences during the early twentieth century By approaching pastoral music as a cultural phenomenon dependent on time and place Saylor forcefully challenges the body of critical opinion that has long dismissed it as antiquated insular and reactionary

A Companion to Pastoral Poetry of the English Renaissance Sukanta Chaudhuri, 2018-04-03 This volume is an essential supplement to *Pastoral poetry of the English Renaissance* An anthology 2016 The full length Introduction examines English Renaissance pastoral against the history of the mode from antiquity to the present with its multifarious themes and social affinities The study covers many genres eclogue lyric georgic country house poem ballad romantic epic prose romance and major practitioners Theocritus Virgil Sidney Spenser Drayton and Milton It also charts the circulation of pastoral texts with implications for all early modern poetry All poems in the Anthology were edited from the original texts the Companion documents the sources and variant readings in unprecedented detail for a cross section of early modern poetry Includes notes on the poets and analytical indices The Companion is indispensable not only to users of the Anthology but to all students and advanced scholars of Renaissance poetry

Mother Africa, Father Marx Hilary Owen, 2007 This book is the first work in the English language to discuss the participation of women writers in the narrative construction of Mozambican nationhood over the last half century Covering the rise of anti colonial nationalism in the 1950s the advent of the Marxist Leninist Republic in the

1970s the war that followed independence in the 1980s and the transition to democracy and the neo liberal economy in the 1990s the volume focuses on four representative women writers who belong to distinct but overlapping periods and work in different genres Dealing with Noemia de Sousa's poetry Lina Magaia's testimonial writings Lilia Mompole's short fiction and Paulina Chiziane's novels the result is a close reading of the ways in which women have narrated and counter narrated Mozambican nationhood to take account of the gendered power relations that traditionally underpin national community as imagined by men

As Eve Said to the Serpent Rebecca Solnit, 2001 A multidisciplinary compilation of nineteen incisive essays ranges from the formality of traditional art criticism to intimate lyrical meditations as they explore nuclear test sites the meaning of national borders and geographical features and the idea of the feminine and the sublime

Pleasure and Meaning in the Classical Symphony Melanie Lowe, 2007-02-07 Classical music permeates contemporary life Encountered in waiting rooms movies and hotel lobbies as much as in the concert hall perennial orchestral favorites mingle with commercial jingles video game soundtracks and the booming bass from a passing car to form the musical soundscape of our daily lives In this provocative and ground breaking study Melanie Lowe explores why the public instrumental music of late eighteenth century Europe has remained accessible entertaining and distinctly pleasurable to a wide variety of listeners for over 200 years By placing listeners at the center of interpretive activity *Pleasure and Meaning in the Classical Symphony* offers an alternative to more traditional composer and score oriented approaches to meaning in the symphonies of Haydn and Mozart Drawing from the aesthetics of the Enlightenment the politics of entertainment and postmodern notions of pleasure Lowe posits that the listener's pleasure stems from control over musical meaning She then explores the widely varying meanings eighteenth century listeners of different social classes may have constructed during their first and likely only hearing of a work The methodologies she employs are as varied as her sources from musical analysis to the imaginings of three hypothetical listeners Lowe also explores similarities between the position of the classical symphony in its own time and its position in contemporary American consumer culture By considering the meanings the mainstream and largely middle class American public may construct alongside those heard by today's more elite listeners she reveals the great polysemic potential of this music within our current cultural marketplace She suggests that we embrace crosstalk between performances of this music and its myriad uses in film television and other mediated contexts to recover the pleasure of listening to this repertory In so doing we surprisingly regain something of the classical symphony's historical ways of meaning

Essays on Opera, 1750-1800 John A. Rice, 2017-07-05 The study of opera in the second half of the eighteenth century has flourished during the last several decades and our knowledge of the operas written during that period and of their aesthetic social and political context has vastly increased This volume explores opera and operatic life of the years 1750-1800 through a selection of articles intended to represent the last few decades of scholarship in all its excitement and variety

Life's Golden Tree Thomas Kerth, George C. Schoolfield, 1996 Essays offering new insights into important topics and

figures in German literature from the middle ages to the present day The essays in this volume contributed by well known Germanists and those working in the field of comparative literature take fresh looks at key figures and issues in German literary and cultural studies from the medieval to the post modernist period
