The Path Of Flowering Thorn The Life And Poetry Of Yosa Buson:

The Path of Flowering Thorn Makoto Ueda, 1998 Yosa Buson 1716-83 is a towering figure in the history of haiku. A painter by profession, Buson took delight in the natural beauty of colors and forms as well as in the artistic beauty of composition. A seeker of ideals that were more aesthetic than religious or moral, he freely let his imagination wander into a land of exotic beauty far removed from contemporary society, often evoking ancient China, Heian Japan, and the world of the supernatural. This book presents an overview of Buson's life and poetry, beginning with speculations on the mysterious circumstances of his birth and then tracing the various stages of his career as poet. In the process, the author cites some 180 of Buson's haiku in English translation and analyzes them from a predominantly biographical point of view. The book is illustrated with twelve examples of Buson's work as painter and calligrapher. **Haikai Poet Yosa Buson and the Bashō Revival** Cheryl A. Crowley, 2007

This book uses the haikai verse and paintings of the brilliant innovative artist Yosa Buson 1716-1783 as a focal point from which to explore how Japanese writers competed for artistic authority in a time when popular responses to economic, technological, and social changes were creating the beginnings of a modern literature. The first part of the book discusses Buson's role in the Bashō Revival movement, situating his haikai in the context of the social networks that writers of his time both relied on and resisted. The second part explores Buson's hokku, linked verse, and haiga (haikai painting). The book concludes with a discussion of Buson's reception in the modern period and includes translations of his principal works. **The Art of Haiku** Stephen Addiss, 2022-11-29 In the past hundred years, haiku has gone far beyond its Japanese origins to become a worldwide phenomenon, with the classic poetic form growing and evolving as it has adapted to the needs of the whole range of languages and cultures that have embraced it. This proliferation of the joy of haiku is cause for celebration, but it can also compel us to go back to the beginning to look at haiku's development during the centuries before it was known outside Japan. This in-depth study of haiku history begins with the great early masters of the form like Bashō, Buson, and Issa and goes all the way to twentieth-century greats like Santoka. It also focuses on an important aspect of traditional haiku that is less known in the West: haiku art. All the great haiku masters created paintings called haiga or calligraphy in connection with their poems, and the words and images were intended to be enjoyed together, enhancing each other and each adding its own dimension to the reader's and viewer's understanding. Here, one of the leading haiku scholars of the West takes us on a tour of haiku poetry's evolution, providing along the way a wealth of examples of the poetry and the art inspired by it. **Kuki Shūzō** Michael F. Marra, 2004-04-30 Kuki Shūzō 1888-1941, one of Japan's most original thinkers of the twentieth century, is best known for his interpretations of Western Continental philosophy. His works on and of poetry are less well known but equally illuminating. During his eight years studying in Europe in the 1920s, Kuki spent time in Paris, where he wrote several collections of poetry and many short poems in the tanka style. Included in this volume are these Paris poems as well as other verses that Kuki appended to a long essay on poetry, "Rhymes in Japanese Poetry," written in 1931.

Included as well are translations of two of Kuki's major critical essays on poetry *The Genealogy of Feelings* A Guide to Poetry 1938 and *The Metaphysics of Literature* 1940 Michael Marra one of the West's foremost authorities on modern Japanese aesthetics prefaces his translations with an important essay that gives an account of the current state of Kuki studies in English and presents an intriguing and original interpretation of Kuki's writings Marra argues that there is an unresolved tension in Kuki's thought between a desire to overcome the rigid schemes of metaphysics garnered from his knowledge of French and German philosophy on the one hand and a constant hesitation to let those schemes go which is expressed in his verse
