MORDECAI PALDIEL

# The Path Of The Righteous Gentile Rescuers Of Jews During The Holocaust

**Kalman Dubov**

## **The Path Of The Righteous Gentile Rescuers Of Jews During The Holocaust:**

**The Path of the Righteous** Mordecai Paldiel,1993 The Path of The Righteous by Mordecai Paldiel recounts the inspiring stories of several hundred Righteous Among the Nations heroic gentile men and women in virtually all the countries of Nazi occupied Europe who put themselves and their families at risk in order to save the lives of Jews fleeing the Nazi terror Drawn from the files of Yad Vashem Memorial in Israel these stories are a badly needed corrective to the pessimistic view of human nature which has become all too common in the Holocaust s aftermath They prove that decency morality and altruism can survive even under the most horrendous of circumstances and that some people will always be willing to act selflessly It also serves to disprove the cruel lie being promulgated by some that the Holocaust never took place or did not take place as described in eye witness accounts The courageous individuals whose tales are recounted in this book are monuments to the nobility of the human spirit They did what they did not for the sake of reward or prestige but because they believed it was right Some of them were pious Christians motivated by religion Others were energized by feelings of intense compassion Neither the threat of punishment nor ostracism by relatives and neighbors deterred them Love for their fellow human beings was a higher value The book contains a foreword by Rabbi Harold Schulweis founding chairman of the Jewish Foundation for Christian Rescuers ADL and an afterword by Abraham H Foxman National Director of the Anti Defamation League and a Holocaust survivor who was saved by his Polish nursemaid poignantly express their recognition of and gratitude to the untold numbers of righteous gentiles many of whom will never be known by us

**Hidden Children of the Holocaust** Suzanne Vromen,2010-03-04 In the summer of 1942 in Belgium Jewish parents searched desperately for safe haven for their children As Suzanne Vromen reveals in Hidden Children of the Holocaust they quite often found sanctuary in Roman Catholic convents and orphanages Vromen has interviewed not only those who were hidden as children but also the Christian women who rescued them and the nuns who gave the children shelter all of whose voices are heard in this moving book Indeed here are numerous first hand memoirs of life in a wartime convent the secrecy the deprivation the cruelty and the kindness all with the backdrop of the terror of the Nazi occupation

**The Jewish Holocaust** Marty Bloomberg,Buckley Barry Barrett,1995-01-01 This expanded edition of the guide to major books in English on the Holocaust is organized into ten subject areas reference materials European antisemitism background materials the Holocaust years Jewish resistance

*Jewish Families in Europe, 1939-Present* Joanna Beata Michlic,2017-01-03 This book offers an extensive introduction and 13 diverse essays on how World War II the Holocaust and their aftermath affected Jewish families and Jewish communities with an especially close look at the roles played by women youth and children Focusing on Eastern and Central Europe themes explored include how Jewish parents handled the Nazi threat rescue and resistance within the Jewish family unit the transformation of gender roles under duress youth s wartime and early postwar experiences postwar reconstruction of the Jewish family rehabilitation of Jewish children and youth and the role of Zionism in shaping the present and future of young

survivors Relying on newly available archival material and novel research in the areas of families youth rescue resistance gender and memory this volume will be an indispensable guide to current work on the familial and social history of the Holocaust     *Selahattin Ülkümen, the Turkish Righteous among the Nations* Yücel Güçlü, 2022-04-08 The history of the Holocaust is far from complete Even with more than seven decades of Holocaust research and writing behind us there are many specialist topics within Holocaust historiography that have not been dealt with in detail including the role of Turkey This has caused the researchers of the Holocaust in other countries to often include limited outdated and sometimes incorrect data about Turkey in their studies Within the flood of publications on Holocaust history that has been rising since the 1990s and which has maintained its momentum ever since studies on the role of Turkey remain comparatively underexplored Selahattin İsmail Menekşe a Turk is the only Muslim diplomat who thus far has been designated as Righteous among the Nations by the Yad Vashem the Holocaust Martyrs and Heroes Authority in Jerusalem for saving at his own risk the lives of 42 Jews in Rhodes from the Nazis in 1944 Thus momentarily thrust into prominence he excites a certain curiosity However current scholarship has failed to reveal a single monograph or even an article in periodical literature on him Neither Turk nor Westerner has devoted more than a few pages to his exploits References to him in other sources are slight and fall short of explaining a satisfactory explanation of his deeds The remarkable story of İsmail Menekşe is an important but little known aspect of Turkish history in the Second World War period He is an individual who has not received the attention he deserves This book serves to fill this historiographical void It draws on the previously unused files of the Turkish Ministry of Foreign Affairs the Yad Vashem Archives and available primary and secondary sources in Turkish English and French     **The Holocaust** Paul R. Bartrop, Michael Dickerman, 2017-09-15 This four volume set provides reference entries primary documents and personal accounts from individuals who lived through the Holocaust that allow readers to better understand the cultural political and economic motivations that spurred the Final Solution The Holocaust that occurred during World War II remains one of the deadliest genocides in human history with an estimated two thirds of the 9 million Jews in Europe at the time being killed as a result of the policies of Adolf Hitler and Nazi Germany The Holocaust An Encyclopedia and Document Collection provides students with an all encompassing resource for learning about this tragic event a four book collection that provides detailed information as well as multidisciplinary perspectives that will serve as a gateway to meaningful discussion and further research The first two volumes present reference entries on significant individuals of the Holocaust both victims and perpetrators anti Semitic ideology and annihilationist policies advocated by the Nazi regime giving readers insight into the social political cultural military and economic aspects of the Holocaust while enabling them to better understand the Final Solution in Europe during World War II and its lasting legacy The third volume of the set presents memoirs and personal narratives that describe in their own words the experiences of survivors and resisters who lived through the chaos and horror of the Final Solution The last volume consists of primary documents including government decrees and military orders

propaganda in the form of newspapers and pamphlets war crime trial transcripts and other items that provide a direct look at the causes and consequences of the Holocaust under the Nazi regime By examining these primary sources users can have a deeper understanding of the ideas and policies used by perpetrators to justify their actions in the annihilation of the Jews of Europe The set not only provides an invaluable and comprehensive research tool on the Holocaust but also offers historical perspective and examination of the origins of the discontent and cultural resentment that resulted in the Holocaust subject matter that remains highly relevant to key problems facing human society in the 21st century and beyond [The Holocaust in 100 Histories](#) Paul R. Bartrop,2024-07-25 This chronologically arranged collection of articles demonstrates the complex and multifaceted nature of the Holocaust From January 1933 and the ascent to office of Hitler and the Nazi Party in Germany through to October 1945 and the opening of the International Military Tribunal at Nuremberg The Holocaust in 100 Histories takes an episodic approach to consider some of the people ideas groups and events that characterized the genocide which unfolded against the backdrop of the Nazi period and the Second World War Paul R Bartrop shines a light on Nazi perpetrators Righteous Gentiles who helped save Jews during the Holocaust Jewish resisters as well as movements events and developments during the Third Reich and the war years The 100 entries included in the book provide both a series of snapshots and a pathway to understanding how the Holocaust was manifested or defied during the years between 1933 and 1945 Its structure enables readers to access the Holocaust in or out of sequence reading individual entries as appropriate while the book also contains key primary source documents further reading suggestions and discussion questions designed to prompt debate and further study **Poland, the Jews and the Holocaust** Mordecai Paldiel,2022-04-13 Up to 1939 when Poland came under German domination it was the center of the European Jewish world filled with a large Jewish population that had lived on Polish soil for over nine centuries and developed a vibrant self sustaining social and religious community culture During the German occupation of World War II close to 3 million Polish Jews were exterminated Poland was where the Nazis established most of their ghettos and all death camps It was where the railroad tracks converged bringing hundreds of thousand Jews from the remotest corners of Europe to feed the Nazi death machine Thousands of Poles risked their lives to save Jews by mostly sheltering them while most others were passive onlookers fearful for their lives to get involved and too many others collaborated with the hated enemy in eliminating Jews Mordecai Paldiel a historian of the Holocaust examines the important role Jews played in Poland in the years before Germans occupied the country He also examines the antisemitism that existed in Poland before the Nazis arrived Just as important he highlights the various responses of Poles as witnesses of the German extermination of Jews including the thousands who in spite of the dangers to themselves did their utmost to save Jews from the German orchestrated Holocaust **Encyclopedia of the Holocaust** Dr Robert Rozett,2013-11-26 Encyclopedia of the Holocaust is a comprehensive authoritative one volume reference that provides reliable information on this ignoble and frightening episode of modern history It features eight essays on the history

of the Holocaust and its antecedents as well as coverage of such topics as the history of European Jewry Jewish contributions to European culture and the rise of anti semitism and Nazism The essays are followed by more than 650 entries on significant aspects of the Holocaust including people cities and countries camps resistance movements political actions and outcomes More than 300 black and white photographs from the archives at Yad Vashem bear witness to the horrors of the Nazi regime and at the same time attest to the invincibility of the human spirit Best Specialist Reference Work of the Year Reference Reviews UK

**Saving the Jews** Mordecai Paldiel,2000-10-10 During the Holocaust s long nights there were gentiles in every corner of Europe who saved Jews This is their story

*Children of the Holocaust* Paul R. Bartrop,Eve E. Grimm,2020-10-19 This important reference work highlights a number of disparate themes relating to the experience of children during the Holocaust showing their vulnerability and how some heroic people sought to save their lives amid the horrors perpetrated by the Nazi regime This book is a comprehensive examination of the people ideas movements and events related to the experience of children during the Holocaust They range from children who kept diaries to adults who left memoirs to others who risked and sometimes lost their lives in trying to rescue Jewish children or spirit them away to safety in various countries The book also provides examples of the nature of the challenges faced by children during the years before and during World War II In many cases it examines the very act of children s survival and how this was achieved despite enormous odds In addition to more than 125 entries this book features 10 illuminating primary source documents ranging from personal accounts to Nazi statements regarding what the fate of Jewish children should be to statements from refugee leaders considering how to help Jewish children after World War II ended These documents offer fascinating insights into the lives of students during the Holocaust and provide students and researchers with excellent source material for further research

**Encyclopedia of Heroism Studies** ,2024-10-01 This reference work is an important resource in the growing field of heroism studies It presents concepts research and events key to understanding heroism heroic leadership heroism development heroism science and their relevant applications to businesses organizations clinical psychology human wellness human growth potential public health social justice social activism and the humanities The encyclopedia emphasizes five key realms of theory and application Business and organization focusing on management effectiveness emotional intelligence empowerment ethics transformational leadership product branding motivation employee wellness entrepreneurship and whistleblowers clinical health psychology and public health focusing on stress and trauma maltreatment emotional distress bullying psychopathy depression anxiety family disfunction chronic illness and healthcare workers wellbeing human growth and positive psychology discussing altruism authenticity character strengths compassion elevation emotional agility eudaimonia morality empathy flourishing flow self efficacy joy kindness prospection moral development courage and resilience social justice and activism highlighting anti racism anti bullying civil disobedience civil rights heroes climate change environmental heroes enslavement heroes human rights heroism humanitarian heroes

inclusivity LGBTQ heroism metoo movement heroism racism sustainability and women s suffrage heroes and humanities relating to the mythic hero s journey bliss boon crossing the threshold epic heroes fairy tales fiction language and rhetoric narratives mythology hero monomyth humanities and heroism religious heroes and tragic heroes Journeys to Japan: Review & Analysis Kalman Dubov, The Grand Voyage on the Holland America flagship Amsterdam to Asia and the Pacific remains one of the most memorable adventures I have had the privilege of being part of I was thrilled to join the ship in San Diego California listening to world class scholars offering in depth lectures on the places we would visit and to then see these countries first hand This volume reviews the port of San Diego the point of departure and the ship s visits to several ports of call in Japan While these ports were interesting research on Japan s long reach of history offers up many troubling aspects of this unique people I pondered their history and unique way of looking at themselves and the rest of the world How is it possible for example for a people to create the highest forms of etiquette and graceful decorum and to then conduct themselves with utter contempt for basic morality towards others During World War Two the massacres committed by the Japanese army in nearly every quadrant of their military and political reach during the Showa Empire begs the question of how common decency and ethical behavior can be so thoroughly absent as if it never existed Even today the Japanese government refuses to acknowledge or offer a public apology for wartime acts done during this period I explore this very troubling issue wondering where the lines of civility and conformity begin and end The Japanese are a strange people and I was frustrated at these two extremes of exemplary behavior and simultaneous contempt of others It is my contention that a refusal to acknowledge the past in conjunction with a reappraisal of what went wrong in that previous leadership will eventually and inevitably force this issue into the present There is therefore a huge divergence between the Germans and the Japanese The former reappraised their horrific past recognizing that a change from that past is a mandatory aspect of their social discourse Even a Nazi salute in Germany is outlawed and a criminal offense In contrast the Japanese have barely tolerated criticisms of its own leaders during that period of darkness This is a troubling volume in which I explore with an open mind wondering if there is an answer to these troubling questions In the Shinto Directive formulated and implemented by General MacArthur following Japan s unconditional surrender formalized belief in the emperor s divinity was outlawed Today beautiful Shinto shrines dot the Japanese countryside Citizens can be seen washing hands and rinsing their mouths before entering these sacred spaces then lighting incense while offering a prayer Inevitably I wonder as to the moral component of a people who are outwardly decorous even recreating the common toothpick into a form of exceptional grace while being unable to acknowledge common humanity There are also modern aspects of Japanese society that are difficult to comprehend Thousands of Japanese youth for reasons that defy common sense give up on themselves and their future by adopting the hikikomori lifestyle living in their parent s home not interacting with their peers and even refusing to emerge from their bedrooms for decades Parents tolerate this odd behavior refusing to confront their child even refusing to

acknowledge the presence of their child as the years pass Similarly are the jouhatsu people who suddenly and without the slightest outward change suddenly and inexplicably disappear Desperate to find the loved one the government refuses to assist because of Japanese strict privacy laws I describe these aspects of Japanese society together with others similarly different from Western society These are aspects of the Asian face that inscrutable and essentially unknown quantum so different from that of the West Knowing the facts together with the statistics accompanying those facts does not imply understanding the As a Westerner I review these manifestations without understanding the Japanese soul its core identity and substance I can therefore only recount the facts and leave the rest to the reader These questions aside I very much enjoyed walking Japanese streets riding its trains and seeing its people I also had occasion to chat with several Japanese who expressed surprise at my awareness of their culture while I was unable to adequately answer my queries And they too seemed perplexed by my queries confounded by the imponderables dividing the Western the Eastern way of living a life

*The American Bibliography of Slavic and East European Studies for 1994* Patt Leonard, Rebecca Routh, 1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs

*A Conspiracy Of Decency* Emmy E Werner, 2009-04-20 The people of Denmark managed to save almost their country's entire Jewish population from extinction in a spontaneous act of humanity one of the most compelling stories of moral courage in the history of World War II Drawing on many personal accounts Emmy Werner tells the story of the rescue of the Danish Jews from the vantage point of living eyewitnesses the last survivors of an extraordinary conspiracy of decency that triumphed in the midst of the horrors of the Holocaust A Conspiracy of Decency chronicles the acts of people of good will from several nationalities Among them were the German Georg F Duckwitz who warned the Jews of their impending deportation the Danes who hid them and ferried them across the Oresund and the Swedes who gave them asylum Regardless of their social class education and religious and political persuasion the rescuers all shared one important characteristic they defined their humanity by their ability to act with great compassion These people never considered themselves heroes they simply felt that they were doing the right thing

*The American Bibliography of Slavic and East European Studies* Patt Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology

**Confronting Genocide** René Provost, Payam Akhavan, 2010-11-11 Never again stands as one the central pledges of the international community following the end of the Second World War upon full realization of the massive scale of the Nazi extermination programme Genocide stands as an intolerable assault on a sense of common humanity embodied in the Universal Declaration of Human Rights and other fundamental international instruments including the Convention on the Prevention and Punishment of the

Crime of Genocide and the United Nations Charter And yet since the Second World War the international community has proven incapable of effectively preventing the occurrence of more genocides in places like Cambodia Yugoslavia Rwanda and Sudan Is genocide actually preventable or is ever again a more accurate catchphrase to capture the reality of this phenomenon The essays in this volume explore the complex nature of genocide and the relative promise of various avenues identified by the international community to attempt to put a definitive end to its occurrence Essays focus on a conceptualization of genocide as a social and political phenomenon on the identification of key actors Governments international institutions the media civil society individuals and on an exploration of the relative promise of different means to prevent genocide criminal accountability civil disobedience shaming intervention **Rescuers Speaking** Wilfred Harrison, 1997 Pp 1 19 contain an introduction by Harrison to the play a documentary about Holocaust rescuers first performed in London in July 1988 The play is based on research on the altruistic motivations and characters of rescuers as elucidated by Samuel p and Pearl M Oliner The stories or accounts of rescuers and partly of rescuees are taken directly from their responses to the questionnaire distributed by the Oliners Describes the background the writing and the presentation of the play **A Rescuer's Story** Tela Zasloff, 2003-10-15 In telling Pierre Charles Toureille s story Tela Zasloff also describes the wide ranging network of Protestant pastors and lay people in southern French villages who participated in an aggressive rescue effort She delves into their motivations including their Huguenot heritage as members of a religious minority

**They Were Just People** Bill Tammeus, Jacques Cukierkorn, 2009-09-01 Hitler s attempt to murder all of Europe s Jews almost succeeded One reason it fell short of its nefarious goal was the work of brave non Jews who sheltered their fellow citizens In most countries under German control those who rescued Jews risked imprisonment and death In Poland home to more Jews than any other country at the start of World War II and location of six German built death camps the punishment was immediate execution This book tells the stories of Polish Holocaust survivors and their rescuers The authors traveled extensively in the United States and Poland to interview some of the few remaining participants before their generation is gone Tammeus and Cukierkorn unfold many stories that have never before been made public gripping narratives of Jews who survived against all odds and courageous non Jews who risked their own lives to provide shelter These are harrowing accounts of survival and bravery Maria Devinki lived for more than two years under the floors of barns Felix Zandman sought refuge from Anna Puchalska for a night but she pledged to hide him for the whole war if necessary and eventually hid several Jews for seventeen months in a pit dug beneath her house And when teenage brothers Zygie and Sol Allweiss hid behind hay bales in the Dudzik family s barn one day when the Germans came they were alarmed to learn the soldiers weren t there searching for Jews but to seize hay But Zofia Dudzik successfully distracted them and she and her husband insisted the boys stay despite the danger to their own family Through some twenty stories like these Tammeus and Cukierkorn show that even in an atmosphere of unimaginable malevolence individuals can decide to act in civilized ways Some rescuers had antisemitic

feelings but acted because they knew and liked individual Jews In many cases the rescuers were simply helping friends or business associates The accounts include the perspectives of men and women city and rural residents clergy and laypersons even children who witnessed their parents efforts These stories show that assistance from non Jews was crucial but also that Jews needed ingenuity sometimes money and most often what some survivors called simple good luck Sixty years later they invite each of us to ask what we might do today if we were at risk or were asked to risk our lives to save others

## **The Path Of The Righteous Gentile Rescuers Of Jews During The Holocaust** Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the power of words has be evident than ever. They have the capacity to inspire, provoke, and ignite change.
