The Pauline Circle:

The Pauline Circle F. F. Bruce, 2006-11-01 The Pauline Circle Paul writes F F Bruce attracted friends around him as a magnet attracts iron filings The New Testament evidence for Paul s wide circle of friends is plentiful both in Paul s own writings and in the Book of Acts In this book Bruce who is widely known as one of today s foremost Pauline scholars looks at several of Paul s closest friends and associates as well as several of the countless co workers hosts and hostesses he encountered in his life and ministry Barnabas Silas Timothy Luke Priscilla and Aquila Onesimus and Mark are among those discussed in terms of both their relationship to Paul and their relationship to the early church Bruce surveys the biblical evidence for the stories of these people placing it against its first century background and examining the relationships that underlie the New Testament references The result written in Bruce s usual engaging and accessible style is a fascinating look at the men and women who surrounded Paul and influenced the New Testament church *The Pauline Circle*, 2019 **The Men of the Pauline Circle** Herbert S. Seekings, 1914 *The Pauline Circle* Frederick F. Bruce, 1986 **Hebrews** David L. Allen, 2010-09-15 The New American Commentary series is an exceptionally acclaimed resource for ministers and Bible students who want to understand and expound the Scriptures Notable features in this new Hebrews volume by scholar David Allen include Commentary based on the New International Version NIV text printed in the body of the commentary Sound scholarly methodology reflecting capable research in the original languages Interpretation emphasizing the theological unity of each book and Scripture as a whole Readable and applicable exposition Paul and His Social Relations Stanley E. Porter, Christopher D. Land, 2012-11-13 This volume addresses many of the questions surrounding Paul and his social relations including how to define and analyze such relations their relationship to Paul s historical and social context how Paul related to numerous friends and foes and the implications for understanding Paul s letters as well as his theology **The Apostle Paul** Stanley E. Porter, 2016-09-23 In this comprehensive introduction to the apostle Paul Stanley Porter devotes serious consideration both to the background and major contours of Paul s thought and to the unique contributions of each of his letters Porter begins by introducing the Pauline tradition and outlining the basics of Paul s life the chronology of his ministry and his several imprisonments Porter then discusses the background to Paul s thought examines some of the major themes of his writings and treats issues concerning the Pauline epistles such as pseudonymity and canon Finally Porter delves into all thirteen of Paul s letters individually placing them within their historical contexts and examining critical issues relating to the content and interpretation of each letter The result is a thorough balanced treatment of one of the most important figures in Christianity **Early Christian Families in Context** David L. Balch, Carolyn Osiek, 2003 Typical studies of marriage and family in the early Christian period focus on very limited evidence found in Scripture This interdisciplinary book offers a broader richer picture of the first Christian families by drawing together research by experts ranging from archaeologists to ancient historians By exploring the nature of households in the ancient Greco Roman world

the contributors assemble a new understanding of ancient Christian families that is both compelling and instructive Divided into six parts the book covers key aspects of ancient family life from meals and child rearing to women's roles and the lives of slaves Three concluding chapters explore the implications of all this information for theological education today Contributors David L Balch Suzanne Dixon J Albert Harrill Ross S Kraemer Christian Laes Peter Lampe Amy Jill Levine Margaret Y MacDonald Dale Martin Eric M Meyers Margaret M Mitchell Carolyn Osiek Beryl Rawson Richard Saller Timothy F Sedgwick Monika Trummer Andrew Wallace Hadrill

The First Urban Christians Wayne A. Meeks, 2003-01-01 Meeks analyzes the letters of Paul to see what kind of people joined the Christian groups in the urban centers and what it was like to be a Christian then

Perseverance in Gratitude David A. deSilva, 2000-03-13 This commentary is the first to fully apply the resources of socio rhetorical analysis to Hebrews Insights into the cultural and social world of the audience are combined with analysis of the author's rhetorical strategy and ideology to create a rich three dimensional reading that helps unravel key issues in the interpretation of the epistle David deSilva's reflections on application concluding each section also make his commentary valuable to seminarians and pastors seeking to make Hebrews relevant to today's world

Preaching from the Cross Frank J. Matera, 2025-02-11 Much has been written about the life ministry and theology of the apostle Paul But what about Paul specifically as a preacher How did he understand his commission from the risen Lord Jesus to preach the gospel and how did he put it into practice Further what lessons can contemporary preachers learn from Paul about the theology and practice of preaching to help them be more faithful messengers of God's Word As a leading Pauline scholar and practicing pastor Frank Matera has considered these questions and he offers this short accessible book to pastors and students as wise and helpful guidance Matera explores a Pauline theology of preaching focusing on three main questions Why did Paul preach What did he preach And how did he preach He also explores Paul's preaching as the ministry of the new covenant He identifies and explores seven themes of Paul's preaching which in turn offer key practical insights for preaching in a Pauline way Readers are encouraged to preach from the cross making the crucified Christ their focus and their model demonstrating what they preach by their own cruciform lives

Becoming Christian David G. Horrell, 2013-07-04 The first letter of Peter remains a relatively neglected corner of the New Testament the number of monographs devoted to it is tiny compared with those on the Gospels and Pauline letters Yet it is a text so this book argues that offers much insight into crucial processes in the development of Christian identity In particular 1 Peter illustrates with particular clarity the complex ways in which Christian identity was forged from Jewish traditions and negotiated in the generally hostile Roman empire As such studies of this particular letter illuminate central themes in the making of Christianity in the earliest centuries

Becoming Christian is a collection of essays that treat various facets of the first letter of Peter in its social and historical setting in some cases using new social scientific and postcolonial methods to shed light on the ways in which the letter contributes to the making of Christian identity At the heart of the book are chapters 5-7 which examine the contribution of 1

Peter to the construction of Christian identity the persecution and suffering of Christians in Asia Minor the significance of the name Christian and the response of the letter to the hostility encountered by Christians in society There are no recent books which bring together such a wealth of information and analysis of this crucial early Christian text Becoming Christian has developed out of Horrell s ongoing research for the International Critical Commentary on 1 Peter Together these essays will offer a series of significant and original engagements with this letter and a resource for studies of 1 Peter for some time to come

Letters and Homilies for Jewish Christians Ben Witherington III,2010-04-09 In this commentary on Hebrews James and Jude Ben Witherington III applies his socio rhetorical method to elucidate these letters within their primarily Jewish context probing the social setting of the readers and the rhetorical strategies of the authors of the letters

Paul and the Dynamics of Power Kathy Ehrensperger,2007-09-01 In this illuminating study Kathy Ehrensperger looks at the question of Paul s use of power and authority as an apostle who understands himself as called to proclaim the Gospel among the gentiles Ehrensperger examines the broad range of perspectives on how this use of power should be evaluated These range from the traditional interpretation of unquestioned taken for granted for a church leader to a feminist interpretation She examines whether or not Paul s use of power presents an open or hidden re inscription of hierarchical structures in what was previously a discipleship of equals Paul and the Dynamics of Power questions whether such hierarchical tendencies are rightly identified within Paul s discourse of power Furthermore it considers whether these are inherently and necessarily expressions of domination and control and are thus in opposition to a discipleship of equals In her careful analysis Ehrensperger draws on such wide ranging figures as Derrida Michel Foucault and James Scott This enables fresh insights into Paul s use of authority and power in its first century context

A Woman's Place Carolyn Osiek,2009-12-01 This focused look at women in the household context discusses the importance of issues of space and visibility in shaping the lives of early Christian women Several aspects of women s everyday existence are investigated including the lives of wives widows women with children female slaves women as patrons household leaders and teachers In addition several key themes emerge hospitality dining practices and the extent of female segregation

Lukan Authorship of Hebrews David L. Allen,2010-06-01 The fifth volume in the popular NEW AMERICAN COMMENTARY STUDIES IN BIBLE THEOLOGY series argues that gospel writer Luke is also the author of Hebrews

Birth of the New Testament C. F. D. Moule,2000-04-01 C F D Moule shows how the earliest Christian writing developed as a response to the daily demands of Christian life in societies indifferent or even hostile to Christianity and how the selection of certain writings to constitute the basis of Christian belief was a response to specific needs

Ephesians Ernest Best,1998-01-01 A major introduction translation and verse by verse commentary Professor Best provides an overall view of Ephesians which demonstrates the power and consistency of its author s work Among the many important elements in this commentary Ernest Best explores for example the relationship between the primarily theological aspects of Ephesians which concentrate on the nature of the church and the primarily

ethical aspects which concentrate on the behaviour of members of Christian communities towards one another An indispensable reference for scholars students and clergy *The Expositor* Samuel Cox, Sir William Robertson Nicoll, James Moffatt, 1903 *The Expositor*, 1903
