The Peak District At War:

The Peak District at War Peter Clowes, 2001 Cambridgeshire at War 1939-45 Glynis Cooper, 2020-03-20 Few could believe that within twenty years of the war to end all wars being won the world was once again at war Veterans of the Great War feared going through the same thing again and even worse many knew that this time their children would also be involved in the fighting What had all the sacrifice been about Cambridgeshire the city of Cambridge and the University of Cambridge were badly hit by the Great War with many lives lost families ripped apart and a way of life that had changed forever Building and economic recovery had been hindered by the Great Depression The county was not ready to face another war nor for the problems of warfare in the air Yet somehow the county the city and the university all found the strength to unite against the enemy once more and ensure that Germany would never win the war The book chronicles life on the Home Front during the Second World War which itself reached into every home and affected every citizen changing the life and the face of the county It is also a timely reminder of the difficulties hardships restrictions and morale faced by the city as the war dragged on and how the local community overcame the odds that were stacked against them Bulletin, 1916 War & Peat Ian D. Rotherham, Christine Handley, 2014 The themes of this book were addressed at a major international conference in 2013 and the expanded papers are presented here as chapters with an introduction by Ian D Rotherham The papers are grouped around several themes Military Landscapes Battles and Battlefields The Impacts of Conflict and War War and Non military Campaigns As we approach the centenary of the Great War WW1 matters of landscape terrain resources and strategies become increasingly topical and relevant The relationships of people and landscapes of economies and conflicts and ecology and history are complex and multi faceted For peatlands including bogs fens moors and heaths the interactions of people and nature in relation to history and conflicts are both significant and surprising **War and Peat** Ian D. book on Glossop during World War I focuses on the economic and social conditions problems and hardships of those left at home in England played out against a background of military action on the Western Front in Turkey Egypt and Palestine It chronicles the difficulties hardships and restrictions of daily life for civilians the morale of the town year by year as the War dragged on the growing lists of casualties and the stoical determination of the townsfolk to contribute as much as they could towards the defeat of the Kaiser Part mill town part farming community Glossop's real strength turned out to be its rural parochialism When the call came to dig for victory the townsfolk did so with enthusiasm and the women proved themselves just as capable as the men 1914 and 1915 saw some optimism but this changed after the Battle of the Somme in 1916 which destroyed the glorification of war 1917 was a bad depressive year but despair finally mellowed in 1918 1919 saw the impact of the influenza epidemic the erection of War memorials and to Glossop's horror the award of a tank in recognition of the town's War efforts

Birds in the Second World War Nicholas Milton, 2022-04-06 A love of birds has always been an important part of the British way of life but in wartime birds came into their own helping to define our national identity One of the most popular bird books ever *Watching Birds* was published in 1940 while songs like *There'll be Bluebirds over the White Cliffs of Dover* epitomized the blitz spirit Birds even featured in wartime propaganda movies like the 1941 classic *The First of the Few* starring Leslie Howard where they inspired the design of the Spitfire Along the coast flooding to prevent a German invasion helped the avocet make a remarkable return while the black redstart found an unlikely home in our bombed out buildings As interesting as the birds were some of the people who watched them Matthew Rankin and Eric Duffey counted seabirds while looking for U boats Tom Harrisson the mastermind behind Mass Observation watched people as if they were birds while POW Guy Madoc wrote a truly unique book on Malayan birds typed on paper stolen from the Japanese commandant's office For Field Marshall Alan Brooke Britain's top soldier filming birds was his way of coping with the continual demands of Winston Churchill In comparison Peter Scott was a wildfowler who was roused by Adolf Hitler before the war but after serving with distinction in the Royal Navy became one of the greatest naturalists of his generation With a foreword by Chris Packham CBE *Birds in the Second World War* is the story of how ornithology helped to win the war

British Volunteers in the Spanish Civil War Richard Baxell, 2004-07-31 During the Spanish Civil War of 1936 1939 almost 2 500 men and women left Britain to fight for the Spanish Republic This book examines the role experiences and contribution of the volunteers who fought in the British Battalion of the 15 International Brigades asking Who were these volunteers Where did they come from Why did they go to Spain How much did they actually help the Spanish Republic In contrast to recent revisionist interpretations this work stresses the crucial importance of the war experience itself rather than political ideology in the understanding of the volunteers role and experiences within the Spanish war This book will be of essential interest to historians and those interested in the Spanish Civil War

Time at War Nicholas Mosley, 2013-04-30 Although Nicholas Mosley has written two volumes of family biography and a volume of memoirs he has until now avoided writing about his World War Two experiences The son of Sir Oswald Mosley who as the leader of the British Union of Fascists had been jailed with his second wife Diana one of the Mitford sisters early on in the war ostensibly as a security risk Despite this Nicholas was dispatched to join his regiment the Rifle Brigade as the Allies fought their way up the Italian peninsula He came of age in the forcing house of war surrounded by the constant threat of capture by the Germans At one point in the Italian campaign this very nearly happened How Nicholas got away and survived is an example of how sometimes fact can be more bizarre than fiction *Time at War* is both an absorbing memoir and an intriguing account of a relationship unlike any other in World War Two How do you live
