Why the Long Face? Craig Chester, 2004-04-01 Craig Chester's witty and wry observations on his life and those who have occupied it come together to create this funny sentimental yet irreverent collection of essays From the backroads of Texas to the boardrooms of Hollywood Craig Chester is unabashedly honest about the pain and the unique rewards of remaining an outsider in an insider's world While his family prepares to watch the apocalypse from their rooftop with a bucket of KFC Craig is trying to climb the social ladder at school by saving his neighbors from their sinful ways and speaking in tongues with not so successful results Along the way Craig experiences gender confusion at grade school summer camp and has massive reconstructive surgery to correct his deformed teenage face only to emerge and realize that Hollywood success isn't always measured in externals but also in the machinations of the heart and how much you don't show All along he expertly captures the feeling of what it's like to not always fit in and have that be okay with a comic timing that's tuned in to the heart and soul of trying to get by day to day His tales of life from growing up in the Bible Belt to starring in nine films prove that the average American life is anything but normal
