The Pedler Of Dust Sticks:

The Pedler of Dust Sticks Eliza Lee Cabot Follen, 2023-09-18 In *The Pedler of Dust Sticks* Eliza Lee Cabot Follen crafts a whimsical tale that intertwines morality with social commentary reflecting the period's values and concerns. The narrative unfolds through the charming adventures of an enigmatic peddler who captivates children and adults alike, exploring themes of imagination, the resilience of the human spirit, and the transformative power of kindness. Follen's prose is characterized by her lyrical style, vibrant imagery, and a palpable sense of empathy, offering readers a delightful yet thought-provoking experience against the backdrop of early 19th-century American literature, a time ripe for exploring cultural shifts and the complexities of social interactions. Eliza Lee Cabot Follen was an influential figure in her time, known for her dedication to children's literature and social reform. Born into a well-to-do family with strong ties to the literary and abolitionist movements, Follen's writings frequently reflect her commitment to education and moral development. Her personal experiences and social activism undoubtedly fueled her desire to impart moral lessons through engaging narratives, establishing her as a pioneer in developing children's literature that prioritized character building. Follen's *The Pedler of Dust Sticks* merits a place on the shelves of both young readers and adults seeking to rekindle a sense of wonder while grappling with moral truths. This original tale is not merely an entertainment piece; it serves as a significant medium of lessons in kindness and generosity, positioning Follen's voice as both timeless and relevant today.

I was much pleased with a portrait which was hanging up in her room, and I was particularly struck by the ornamental drawings with which the picture was surrounded. They consisted of whip handles, canes, piano keys, mouth pieces for wind instruments, all sorts of umbrellas, and many more things of every sort made of cane and whalebone. The arrangement was so ingenious, the designs so fanciful, and the execution so good that nothing could be prettier. But what of course was of the most importance was the face and head that they were meant to ornament. What a benevolent, what a beautiful face! I said, 'Who is it?' My father, the lady replied, 'and he is more beautiful than the picture, and he is still more kind.'
