Márguez, 2020-10-27 La Gente traces the rise of the Chicana o Movement in Sacramento and the role of everyday people in galvanizing a collective to seek lasting and transformative change during the 1960s and 1970s In their efforts to be self determined la gente contested multiple forms of oppression at school at work sites and in their communities Though diverse in their cultural and generational backgrounds la gente were constantly negotiating acts of resistance especially when their lives the lives of their children their livelihoods or their households were at risk Historian Lorena V M rquez documents early community interventions to challenge the prevailing notions of desegregation by barrio residents providing a look at one of the first cases of outright resistance to desegregation efforts by ethnic Mexicans She also shares the story of workers in the Sacramento area who initiated and won

the first legal victory against canneries for discriminating against brown and black workers and women and demonstrates how the community crossed ethnic barriers when it established the first accredited Chicana o and Native American community college in the nation M rquez shows that the Chicana o Movement was not solely limited to a handful of organizations or charismatic leaders Rather it encouraged those that were the most marginalized the working poor immigrants and or the undocumented and the undereducated to fight for their rights on the premise that they too were contributing and deserving members of society The Gold Seekers Nancy Roberts, 2013-06-12 A history of the earlier Southern gold rush and its legends that for the first time ties it to the well known California gold rush of 1849 Nancy Roberts tells how it all began in North Carolina which supplied all the domestic gold coined at the US Mint between 1804 and 1828 She tells the story of the discovery of the gold in Virginia the Carolinas Georgia and Alabama and later in California and Colorado including how the Virginia Carolina and Georgia gold miners abandoned their mines within weeks after news arrived of the discovery of gold at Sutter's Creek And for a while they were said to be the only experienced miners in the Western gold fields Ms Roberts recreates with gusto and suspense the experiences of real people the adventurers and entrepreneurs family men and rascals immigrants and bandits entertainers and miners and also includes several tales of the supernatural from the period There was North Carolina's flamboyant Walter George Newman who fleeced the wolves of Wall Street Fool Billy who South Carolinians discovered was not a fool at all a romantic specter called Scarlett O Hara of the Dorn Mine Georgian Green Russell with his beard braided like a pirate who founded Denver Free Jim the only black man in Dahlonega to own his own gold mine only to leave it for San Francisco the Grisly Ghost of Gold Hill a general from North Carolina who became an influential Californian the ghost bride of Vallecito and California s bandit the enigmatic Black Bart
