## **The People Are Holy The History And Theology Of Free Church Worship:**

**The People are Holy** Graydon F. Snyder, Doreen M. McFarlane, 2005 Using biblical and historical data this book first describes the biblical and theological basis for worship in the Free Church tradition then shows how this tradition is expressed in worship at special occasions as well as in traditional services The People Are Holy describes the characteristics of early church worship then traces how those qualities and practices are realized in the Free Churches In addition to analyzing all parts of the Sunday worship services the book includes a consideration of key special services such as baptisms communions weddings installations healing services and funerals In order to demonstrate how preaching functions the book contains four sermons on key concerns for the Free Church This book will help members of Free Churches understand why they do what they do when they come together as a faith community It will help pastors reflect on the theological and biblical basis of how they conduct worship This is not a how to book Based on the faith stance of Free Churches in general it describes what would be the reasonable application of those principles in worshipping communities Christians not of a Free Church persuasion can discover in this book what inspires so many Americans and marks the way they worship Book jacket

A History of Contemporary Praise & Worship Lester Ruth, Lim Swee Hong, 2021-12-07 Christianity Today 2023 Book Award Finalist History Biography New forms of worship have transformed the face of the American church over the past fifty years Drawing on a wide range of primary sources including interviews with dozens of important stakeholders and key players this volume by two worship experts offers the first comprehensive history of Contemporary Praise Worship The authors provide insight into where this phenomenon began and how it reshaped the Protestant church They also emphasize the span of denominational regional and ethnic expressions of contemporary worship The SAGE Encyclopedia of African Cultural Heritage in North America Mwalimu J. Shujaa, Kenya J. Shujaa, 2015-07-13 The Encyclopedia of African Cultural Heritage in North America provides an accessible ready reference on the retention and continuity of African culture within the United States Our conceptual framework holds first that culture is a form of self knowledge and knowledge about self in the world as transmitted from one person to another Second that African people continuously create their own cultural history as they move through time and space Third that African descended people living outside of Africa are also contributors to and participate in the creation of African cultural history Entries focus on illuminating Africanisms cultural retentions traceable to an African origin and cultural continuities ongoing practices and processes through which African culture continues to be created and formed Thus the focus is more culturally specific and less concerned with the broader transatlantic demographic political and geographic issues that are the focus of similar recent reference works We also focus less on biographies of individuals and political and economic ties and more on processes and manifestations of African cultural heritage and continuity FEATURES A two volume A to Z work available in a choice of print or electronic formats 350 signed entries each concluding with Cross references and Further Readings 150 figures and photos Front matter consisting

of an Introduction and a Reader's Guide organizing entries thematically to more easily guide users to related entries Signed articles concluding with cross references

**The Magdalene in the Reformation** Margaret Arnold, 2018-10-08 Prostitute apostle evangelist the conversion of Mary Magdalene from sinner to saint is one of the Christianity's most compelling stories Less appreciated is the critical role the Magdalene played in remaking modern Christianity Margaret Arnold shows that the Magdalene inspired devotees eager to find new ways to relate to God and the Church

**The Encyclopedia of Christianity** Erwin Fahlbusch, Jan Milič Lochman, John S. Mbiti, Geoffrey William Bromiley, Jaroslav Pelikan, Lukas Vischer, 1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA

**The Secularization of Early Modern England** C. John Sommerville, 1992-04-09 This study overcomes the ambiguity and daunting scale of the subject of secularization by using the insights of anthropology and sociology and by examining an earlier period than usually considered Concentrating not only on a decline of religious belief which is the last aspect of secularization this study shows that a transformation of England's cultural grammar had to precede that loosening of belief and that this was largely accomplished between 1500 and 1700 Only when definitions of space and time changed and language and technology were transformed as well as art and play could a secular world view be sustained As aspects of daily life became divorced from religious values and controls religious culture was supplanted by religious faith a reasoned rather than an unquestioned belief in the supernatural Sommerville shows that this process was more political and theological than economic or social

**Queering Christianity** Robert E. Shore-Goss, Thomas Bohache, Patrick S. Cheng, Mona West, 2013-06-25 A fascinating read for anyone seeking to understand the conflict between Christianity and LGBTQI individuals this book is as its editors proclaim a fearlessly wide vision of queer Christians finding a place within Christianity and claiming their authentic experience and voice Through essays by noted lesbian gay bisexual transgender queer or questioning and intersex LGBTQI religion scholars this important compilation summarizes the history and current status of LGBTQI theology exploring its relationship to the policies practices and theology of traditional Christianity Contributors contrast the radically inclusive thinking of LGBTQI theology with the exclusivity practiced by many Christian churches explaining the reasoning of each and clarifying contentious issues At the same time the book highlights ways in which queer theology and practice benefit Christian congregations Writing from the perspective of grassroots Christian LGBTQI movements many of the contributors draw upon their own experiences They provide graphic examples of the effects exclusion has on individuals congregations and denominations and also share examples of inclusion and its effects Equally important the work creates the basis for dialogue between traditional churches and followers of LGBTQI theology offering practical suggestions for Christian congregations that wish to put aside exclusionary policies and practices

*Recycling the Past or Researching History?* Philip E. Thompson, Anthony R. Cross, 2007-10-01 Recycling the Past or Researching History brings together an international group of Baptist scholars who explore various issues in Baptist historiography and myths Contributors examine and re-examine areas of Baptist life and thought about which either little is known or the received wisdom is in need of revision Historiographical studies include the date Oxford Baptists joined the Abingdon Association the death of the Fifth Monarchist John Pendarves eighteenth century Calvinistic Baptists and the political realm confessional identity and denominational institutions Baptist community ecclesiology the priesthood of all believers soteriology Baptist spirituality Strict and Reformed Baptists the role of women among British Baptists while various myths challenged include the nature of high Calvinism in eighteenth century England baptismal anti sacramentalism episcopacy and Baptists and change The common theme tying these studies together is that research into Baptist history should deal with the primary sources and not as has too often been the case rely uncritically on the scholarship of previous generations
