The People Beyond The Wall:

The Church Beyond the Wall James S. Currie, 2019-01-14 From 1949 to 1989 Germany was divided into West and East Germany While West Germany became an ally of Western democracies East Germany was allied with the Soviet Union and was governed by Marxist Communism What was it like to be the church in East Germany Hanfried M ller was a professor of theology and a committed Marxist Johannes Hamel was a pastor who tried to minister in this environment How did the two differ This book examines the contrast between the two men and the struggle many pastors and Christians endured as they lived and worked in a hostile environment Furthermore it raises the question of how Christians everywhere deal with the issue of the relationship between church and state and what the Christian s responsibility is in that relationship **Those Beyond the Wall** Micaiah Johnson, 2024-11-26 A searing sci fi thriller about a woman reckoning with her past to solve a series of sudden and inexplicable deaths in the face of a coming apocalypse from the Compton Crook Award winning author of *The Space Between Worlds* A bold beautiful gut punch of a story at turns ferocious and poetic and sometimes both at once Veronica Roth New York Times bestselling author of *Chosen Ones* *Those Beyond the Wall* reads like *Mad Max Fury Road* was written by Phillip K Dick and N K Jemisin CrimeReads SHORTLISTED FOR THE URSULA K LE GUIN PRIZE FOR FICTION In Ashtown a rough and tumble desert community the Emperor rules with poisoned claws and an iron fist He can t show any sign of weakness as the neighboring Wiley City has spent lifetimes beating down the people of Ashtown and would love nothing more than its downfall There s only one person in the desert the Emperor can fully trust and her name is Scales Scales is the best at what she does keeping everyone and everything in line As a skilled mechanic and an even more skilled fighter when she needs to be Scales is a respected member of the Emperor s crew who s able to keep things running smoothly But the fragile peace Scales helps to maintain is fractured when a woman is mangled and killed before her eyes Even more incomprehensible There doesn t seem to be a murderer When more bodies start to turn up both in Ashtown and in the wealthier walled off Wiley City Scales is tasked with finding the cause and putting an end to it by any means necessary To protect the people she loves she teams up with a frustratingly by the books partner from Ashtown and a brusque but brilliant scientist from the City delving into both worlds to track down an invisible killer But the answers Scales finds are bigger than she ever could have imagined leading her into the brutal heart beneath Wiley City s pristine fa ade and dredging up secrets from her own past that she would rather keep hidden If she wants to save the world from the earth shattering truths she uncovers she can no longer remain silent even if speaking up costs her everything **Beyond the Wall** Elizabeth Pond, 2010-12-01 *Beyond the Wall* is the first book in either English or German to tell the whole story of the extraordinary revolution that demolished the Berlin Wall ended the Cold war and tore apart the Soviet regime Elizabeth Pond former Moscow and European correspondent for the *Christian Science Monitor* was an eyewitness to the dramatic events of 1989 92 and to the fifteen years of relations between Germany and Eastern Europe leading up to them Pond weaves together in

riveting prose the strands of events that are usually recounted separately Rather than looking just at the East German revolt or the process of unification that created a new nation she traces the interaction of these events and their diplomatic consequences for Europe Pond shows the political economic and social forces at work leading up to the unification during the transition process and in the aftermath Looking at the European framework she explains how significantly the European Community and its move toward integration both affected and were affected by German unification The book contains a wealth of new information from hundreds of interviews with top German and American policymakers East German Politburo members and average German citizens It also incorporates up to date research on such topics as the Stasi secret police and the midlife crisis of the German left Pond concludes with an assessment of the roles of the United States and a unified Germany in the new Europe Calling for a continued partnership between the United States and Germany who have come through a common baptism of fire since the fall of the Berlin Wall Pond casts an optimistic eye toward the future

Beyond the Wall Martin Elbel, 2020-09-14T16:54:00+02:00 The wall separating the cloister from the surrounding world is one of the most distinctive features of a monastery it marks out the community of monks or friars and defines the very essence of a cloister However this wall was never completely impenetrable Those inside interacted with those outside in churches in towns and villages or even in the cloisters It is this permeability of the cloister wall what constitutes the central motif of this book Using the example of the Franciscan Friary of St Bernardino in Olomouc nowadays in the Czech Republic it analyses the interaction of the friars and the urban community It focuses on the 17th and 18th centuries when following the suppression of non Catholic confessions Roman Catholicism became the only official religion

and the city became one of major ecclesiastical centres in the Habsburg Lands The Franciscans significantly contributed to the formation of the new Catholic confessional culture in the city yet they were just one of the many agents They were forced to constantly re negotiate their position and to compete with other religious institutions The mendicant character of the order eventually proved to be their main advantage Although the life in strict poverty brought many complications it also greatly enhanced the prestige of the friars Simultaneously it motivated them to search for new and efficient ways to address the people Begging for alms thus became one of the main forms of interaction between the friary and the local community allowing the mendicants to extend their reach significantly to emphasise their uniqueness and importance and to patiently build their own network of ties to the local population The story of the friary of St Bernardino in Olomouc demonstrates that early modern Roman Catholicism was not built unilaterally from the top down but was instead the result of synergy and even conflicts between many actors

A Chinese Rebel beyond the Great Wall TJ Cheng, Uradyn E. Bulag, Mark Selden, 2023-10-24 A striking first person account of the Cultural Revolution in Inner Mongolia embedded in a close examination of the historical evidence on China's minority nationality policies to the present During the Great Leap Forward as hundreds of thousands of Chinese famine refugees headed to Inner Mongolia Cheng Tiejun arrived in 1959 as a middle school student In 1966 when the PRC plunged into the Cultural Revolution he joined the Red Guards just as Inner Mongolia's longtime leader Ulanhu was purged With the military in control and with deepening conflict with the Soviet Union and its ally Mongolia on the border Mongols were accused of being nationalists and traitors A pogrom followed taking more than 16 000 Mongol lives the heaviest toll anywhere in China At the heart of this book are Cheng's first person recollections of his experiences as a rebel These are complemented by a close examination of the documentary record of the era from the three coauthors The final chapter offers a theoretical framework for Inner Mongolia's repression The repression's goal the authors show was not to destroy the Mongols as a people or as a culture it was not a genocide It was however a politicide an attempt to break the will of a nationality to exercise leadership of their autonomous region This unusual narrative provides urgently needed primary source material to understand the events of the Cultural Revolution while also offering a novel explanation of contemporary Chinese minority politics involving the Uyghurs Tibetans and Mongols
