*The People's Emperor, Mao* Dick Wilson, 1979      Mao, the People's Emperor Dick Wilson, 1979      **The Biography Book** Daniel S. Ludwig, 2002-01-01 People may choose to ignore their animal heritage by interpreting their behavior as divinely inspired socially purposeful or even self serving all of which they attribute to being human but they masticate fornicate and procreate much as chimps and apes do so they should have little cause to get upset if they learn that they act like other primates when they politically agitate debate abdicate placate and administrate too from the book King of the Mountain presents the startling findings of Arnold M Ludwig s eighteen year investigation into why people want to rule The answer may seem obvious power privilege and perks but any adequate answer also needs to explain why so many rulers cling to power even when they are miserable trust nobody feel besieged and face almost certain death Ludwig s results suggest that leaders of nations tend to act remarkably like monkeys and apes in the way they come to power govern and rule Profiling every ruler of a recognized country in the twentieth century over 1 900 people in all Ludwig establishes how rulers came to power how they lost power the dangers they faced and the odds of their being assassinated committing suicide or dying a natural death Then concentrating on a smaller sub set of 377 rulers for whom more extensive personal information was available he compares six different kinds of leaders examining their characteristics their childhoods and their mental stability or instability to identify the main predictors of later political success Ludwig s penetrating observations though presented in a lighthearted and entertaining way offer important insight into why humans have engaged in war throughout recorded history as well as suggesting how they might live together in peace      **The Private Life of Chairman Mao** Li Zhi-Sui, 1996-04-02 The most revealing book ever published on Mao perhaps on any dictator in history Professor Andrew J Nathan Columbia University From 1954 until Mao Zedong s death twenty two years later Dr Li Zhisui was the Chinese ruler s personal physician which put him in daily and increasingly intimate contact with Mao and his inner circle in The Private Life of Chairman Mao Dr Li vividly reconstructs his extraordinary experience at the center of Mao s decadent imperial court Dr Li clarifies numerous long standing puzzles such as the true nature of Mao s feelings toward the United States and the Soviet Union He describes Mao s deliberate rudeness toward Khrushchev and reveals the actual

catalyst of Nixon's historic visit. Here are also surprising details of Mao's personal depravity: we see him dependent on barbiturates and refusing to wash, dress or brush his teeth; and the sexual politics of his court. To millions of Chinese, Mao was more god than man, but for Dr Li he was all too human. Dr Li's intimate account of this lecherous paranoid tyrant callously indifferent to the suffering of his people will forever alter our view of Chairman Mao and of China under his rule. Praise for *The Private Life of Chairman Mao*. From now on, no one will be able to pretend to understand Chairman Mao's place in history without reference to this revealing account. Professor Lucian Pye, Massachusetts Institute of Technology. Dr Li does for Mao what the physician Lord Moran's memoir did for Winston Churchill: turns him into a human being. Here is Mao unveiled: eccentric, demanding, suspicious, unregretful, lascivious and unfailingly fascinating. Our view of Mao will never be the same again. Ross Terrill, author of *China in Our Time*. An extraordinarily intimate portrait of Mao. Dr Li portrays Mao's imperial court as a place of boundless decadence, licentiousness, selfishness, relentless toadying and cutthroat political intrigue. Richard Bernstein, *The New York Times*. One of the most provocative books on Mao to appear since the publication of Edgar Snow's *Red Star Over China*. Paul G. Pickowicz, *The Wall Street Journal*. St. James Guide to Biography, Paul E. Schellinger, 1991. Supplies bibliographical and critical analysis of available biographies in English. **Problems of Communism**, 1982. *The Cambridge History of China: Volume 15, The People's Republic, Part 2, Revolutions Within the Chinese Revolution, 1966-1982*. Roderick MacFarquhar, John K. Fairbank, Denis Crispin Twitchett, 1991-11-29. In continuing the post-revolution study started in Volume 14, Volume 15 considers the developments in Mao's thoughts and how they related to China's government. The most comprehensive account of this turbulent period in Chinese history.

Modernization and Revolution in China, June Grasso, Michael G. Kort, 2015-05-18. Extensively revised and updated, this popular text conveys the drama of China's struggle to modernize against the backdrop of a proud and difficult history. Spanning the years from China's humiliating defeat in the Opium Wars to its triumphant hosting of the 2008 summer Olympics, the authors narrate the major developments of that journey: the breakdown of imperial China in the face of Japanese and Western encroachments; Sun Yatsen and the founding of the Chinese republic; the early struggles between the ideologies and armies of Chiang Kai-shek and Mao Zedong; China's bitter and costly war with Japan; the final shootout that sent Chiang to Taiwan and Mao to Beijing; the turbulent first decades of the People's Republic and the dramatic shift to a globalizing economic strategy. This edition features all new analysis of issues facing China's leaders today, including environmental challenges, rural economic developments, corruption, the current economic climate, China's relations with its neighbors and the United States, the latest Tibet crisis and the reelection of Hu Jintao. The authors have also incorporated some of the latest scholarship on Chinese historical events, making this the best and most up to date brief text on modern China currently available. **Historical Dictionary of the People's Republic of China**, Lawrence R. Sullivan, 2007-05-23. When the Chinese Communist Party (CCP) seized power in October 1949, China was one of the poorest nations in the world. In
