The Peoples of Zanzibar Godfrey Dale,1920 *The Peoples of Zanzibar* Godfrey Dale,1969 **The Peoples of Zanzibar** Godfrey Dale,2015-06-29 Excerpt from *The Peoples of Zanzibar Their Customs and Religious Beliefs* This little book has been written in compliance with a request made to me by the Bishop of Zanzibar some time ago It has been completed at home unfortunately without the books of reference used in Zanzibar It has been compiled with two objects in view 1 To supply any new comer to Zanzibar with a small manual which will give him a summary view of the situation and to suggest to him useful lines of inquiry 2 To give people at home who are helping the Mission some rough kind of idea of the nature of the situation in which missionaries find themselves and of the difficulties with which the staff in Zanzibar have to cope It makes no pretence at all to be a full treatment of any of the subjects discussed in the separate chapters A large book might be written on any one of them But the compiler hopes that it may prove a help to some and serve as a bunch of keys with which to unlock the doors of the various subjects contained in the book Any corrections criticisms or suggestions will be thankfully received In dealing with other religions I have tried to write courteously and fairly and have written not with the intention of scoring points but of simply explaining how matters really stand I sincerely hope the book may prove helpful to some interested in the Mission Field to day About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Peoples of Zanzibar** Godfrey Dale,2018-11-06 *The Peoples of Zanzibar The Peoples of Zanzibar, Their Customs and Religious Beliefs - Primary Source Edition* Godfrey Dale,2014-02-24 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book

the Islamic kadhi and colonial courts became an integral location for interrogating reputations in the community This study illustrates the ways in which former slaves used piety reputation gossip education kinship and witchcraft to negotiate the gap between emancipation and local notions of belonging *The Cambridge History of Africa* J. Encyclopedia of Islands Rosemary G. Gillespie, David Clague, 2009-08-19 Islands have captured the imagination of scientists and the public for centuries unique and rare environments their isolation makes them natural laboratories for ecology and evolution This authoritative alphabetically arranged reference featuring more than 200 succinct articles by leading scientists from around the world provides broad coverage of all the island sciences But what exactly is an island The volume editors define it here as any discrete habitat isolated from other habitats by inhospitable surroundings The Encyclopedia of Islands examines many such insular settings oceanic and continental islands as well as places such as caves mountaintops and whale falls at the bottom of the ocean This essential one stop resource extensively illustrated with color photographs clear maps and graphics will introduce island science to a wide audience and spur further research on some of the planet s most fascinating habitats Book Jacket **Monarchies and Nations** Paul Dresch, James P. Piscatori, 2005-05-27 Despite their small populations the Arab states of the Gulf exercise an enormous and global influence But all too often these states are treated as if their only importance were as pawns in a global strategic board game and are simply dealt with as mere models of the intersection of oil wealth and power Here Dresch and Piscatori bring together a more nuanced picture exploring how the citizen populations of these states define themselves in a wider context The Gulf provides extreme examples of the nexus of identities not only because these polities are so dependent on transnational flows of wealth and imagery but because at home the citizen workforce is often outnumbered by migrant labour Examining the issues such as Gulf owned transnational media the role of women in the Kuwaiti state and the way Saudi Arabia manages the yearly influx of pilgrims for the Hajj *Monarchies and Nations* is essential reading for all those interested in the society politics and the future security of the Gulf **Catalog of the Library of the National Museum of African Art Branch of the Smithsonian Institution Libraries** Smithsonian Institution.
