# OFFICIAL MEMO

A memorandum (abbrev.: memo) was from the Latin verbal phrase memorandum est, the gerundive form of the verb memoro, "to mention, call to mind, recount, relate", which means "It must be remembered (that)...".

It is therefore a note, document or other communication that helps the memory by recording events or observations on a topic, such as may be used in a business office.

The plural form of the Latin noun memorandum so derived is properly memoranda, but if the word is deemed to have become a word of the English language, the plural memorandums, abbreviated to memos, may be used.

A memorandum can have only a certain number of formats; it may have a format specific to an office or institution.
