Freedom in America Thomas Winterbottom,2018-05-22 This book examines the concept of freedom in American culture which ironically has led to conflict in American society The Idea of Social Justice Özgür Sarı,2022-08-25 **Freedom, Recognition and Non-Domination** Fabian Schuppert,2013-08-26 This book offers an original account of a distinctly republican theory of social and global justice The book starts by exploring the nature and value of Hegelian recognition theory It shows the importance of that theory for grounding a normative account of free and autonomous agency It is this normative account of free agency which provides the groundwork for a republican conception of social and global justice based on the core ideas of freedom as non domination and autonomy as non alienation As the author argues republicans should endorse a sufficientarian account of social justice which focuses on the nature of social relationships and their effects on people s ability to act freely and realize their fundamental interests On the global level the book argues for the cosmopolitan extension of the republican principles of non domination and non alienation within a multi level democratic system In so doing the book addresses a major gap in the existing literature presenting an original theory of justice which combines Hegelian recognition theory and republican ideas of freedom and applying this hybrid theory to the global domain

The idea of freedom ,2011 **The Very Idea of Organization** Christian Krijnen,2015-07-28 The Very Idea of Organization presents a philosophical account of the phenomenon of organization It takes as its starting point a debate in organization studies about the foundations of organizational research This debate however is running into difficulties regarding the basic concept of the reality that organization studies deal with that is regarding the ontology of organization A convincing organizational ontology is not in sight Therefore Krijnen introduces a new meta perspective offering a more comprehensive and more fundamental social ontology in general as well as an organizational ontology in particular Exploring the Kantian and Hegelian tradition of philosophy he convincingly shows that a rejuvenated type of German idealism contains intriguing possibilities for developing a present day social and organizational philosophy **Hegel's Encyclopedic System** Sebastian Stein,Joshua Wretzel,2021-09-23 This book discusses the most comprehensive of Hegel s works his long neglected Encyclopedia of the Philosophical Sciences in Outline It contains original essays by internationally renowned and emerging voices in Hegel scholarship Their contributions elucidate fundamental aspects of Hegel s encyclopedic system with an eye to its contemporary relevance The book thus addresses system level claims about Hegel s unique conceptions of philosophy philosophical science and its method dialectic speculative thinking and the way they relate to both Hegelian and contemporary notions of nature history religion freedom and cultural praxis
