The Illegal Alien A Dagger Into The Heart Of America:

The Illegal Alien Raoul Lowery Contreras, 2004 *ILLEGAL ALIEN* is the most reasoned analysis to date of the controversial issue of illegal immigration and its growing impact on the American economy and way of life Mr Contreras makes a historical comparison of immigration and a well documented scrutiny of the vocal opinions of well known anti immigrant spoke persons as well as those who seek unrestricted openness of our borders With impeccable logic Raoul Lowery Contreras demolishes the drivel emanating from anti immigration fanatics the knuckle dragging element within the Republican Party as he puts it Yet he is clear eyed enough to also take on the professional plantationeers of the radical Chicano movement and their liberal sponsors on America s campuses and at activist minority groups A cry for common sense from the radical center showing American Hispanics can and must punch to the left and to the right Roger E Hernandez Nationally Syndicated Columnist

Assaulted Personhood Craig C. Malbon, 2020-12-14 In 21st century America personhood is under daily assault sometimes with dire consequences Scientist ethicist and ordained minister Craig C Malbon encourages the reader to consider such assaults on personhood endured by victims of abortion ageism Alzheimer s disease drug addiction mental and physical disabilities gender gender orientation racism sexual preference identity politics and our will to power over the other In exploring personhood status Malbon poses difficult questions for us Is personhood assigned as all or nothing or is it a sliding scale based upon criteria arbitrarily aimed at our vulnerabilities Does the voiceless embryo and fetus have advocates who can speak to the moral question of abortion Is the personhood of an economically insecure pregnant woman degraded to the point where lack of access to early termination of pregnancy results in coercive childbearing Does being a member of the LGBTQI community target one for assaults on personhood to the extreme of being killed In delving into the biology and psychology of assaults of self upon the other Malbon sees powerful linkages of everyday assaults on personhood to darker profound original sins that are foundational to the rise of the American empire i e assaults on the indigenous Native Americans and assaults derivative to the institution of slavery upon Africans African Americans and their descendants

Fighting Immigration Anarchy Daniel Sheehy,2009-03-19 A groundswell has been steadily building in America among citizens who are fed up with seeing our country overrun by millions of illegal aliens foreign invaders who defy our laws disrespect our culture and refuse to learn our language These citizens became activists when they saw that if America is to survive as a nation and culture her people will have to save her because an out of touch Washington establishment has grown too corrupt to defend the land and Constitution that hundreds of thousands of Americans have died to preserve Fighting Immigration Anarchy focuses on the struggles of eight citizen activists to awaken their fellow Americans to the encroaching danger Through the individual stories readers learn about the recent history of illegal immigration in America the political victories and defeats as citizens awoke and fought back against the open borders juggernaut Like the patriots of the American Revolution today's citizen activists refuse to cower before powerful foreign tyrants like those in Mexico City demanding America accept their surplus people Modern patriots also confront domestic business interests grown addicted to exploitable foreigners now doing formerly American jobs at near slave wages This book is a warning for all Americans of the chaos spreading rapidly from the southwestern border zone to every corner of the nation In its wake have come massive job displacement for American workers increased crime schools overwhelmed by non English speaking students bankrupt hospitals and other serious problems And these newcomers have not come to join the American community through assimilation as did legal immigrants in the past demanding instead that we change our culture to fit them *Congressional Record* United States. Congress,2001 **Big Agenda** David Horowitz,2016-12-27 NEW YORK TIMES BESTSELLER Donald Trump's victory in the 2016 election was more than a historic upset It was the beginning of a major political economic and social revolution that will change America and the world One of the nation's foremost conservative commentators New York Times bestselling author and a mentor to many of Donald Trump's key advisers David Horowitz presents a White House battle plan to halt the Democrats march to extinguish the values America holds dear Big Agenda details President Trump's likely moves including his First wave of executive orders restoring Guantanamo Keystone XL nixing amnesty Surprising judicial appointments Supreme Court and the federal judiciary Radical changes to federal rules regulations Obamacare EPA
