

The Individual

John B Davis

The Individual:

The Theory of the Individual in Economics John B Davis, 2003-03-20 The concept of the individual and his her motivations is a bedrock of philosophy All strands of thought at heart come down to a particular theory of the individual Economics though is guilty of taking this hugely important concept without questioning how we theorise it This superb book remedies this oversight The new approach put forward by Da *Marx and Hegel on the Dialectic of the Individual and the Social* Sevgi Dogan, 2018-08-15 Marx and Hegel on the Dialectic of the Individual and the Social is a detailed investigation of the major works of Hegel and the young Marx with exploring how the concept of the individual is positioned within their ontologies and how this positioning is reflected in their related political views Instead of contrasting a Marxist understanding of the individual with that of a liberal thinker Sevgi Dogan chooses to take Hegel s theory of the state as representative of the modern state which Marx criticizes The decision to be in opposition to Hegel rather than some other liberal thinkers is important for two reasons First since Marx has developed many of his early ideas in critical interaction with Hegel this comparative approach enables the book to present a more thorough and well grounded exposition of Marx s arguments Second since Hegel himself has also criticized the concepts of liberal ideology in many respects differentiating Marx s arguments from those of Hegel s enables the book to underline how and why Hegel s critique of liberal ideology falls short of actually empowering individuals in the way that Marx s account does *The Individual's Guidebook to Wills and Estates* Edward M. Melillo, 2019-09-20 What would happen to your money if you died without a Last Will and Testament What about your stocks your family business your home What would become of your loved ones Without a final Will the fate of your life s work is in the hands of the court Dying without having legally laid out your wishes is a recipe for uncertainty ill will financial turmoil and heartache You have the power to determine what will happen to your assets after your death The process of planning your estate can seem daunting but with the proper information in hand and an experienced attorney on your side you can ensure that your final wishes are met and your family taken care of The Individual s Guidebook to Wills and Estates will help you understand the steps necessary to complete your legal plan Written in understandable and accessible language with real life examples and filled with sample documents and reference material this book will give you the tools you need to protect your estate and your loved ones *The Decline of the Individual* Mark D. White, 2017-09-18 This book explores the steady decline in the status of the individual in recent years and addresses common misunderstandings about the concept of individuality Drawing from psychology neuroscience technology economics philosophy politics and law White explains how and why the individual has been devalued in the eyes of scholars government leaders and the public He notes that developments in science have led to doubts about our cognitive competence while assumptions made in the humanities have led to questions about our moral competence In this book White goes on to argue that both of these views are mistaken and that they stem from overly simplistic ideas about how individuals make choices however imperfectly in their interests which

are multifaceted and complex In response he proposes a new way to look at individuals that preserves their essential autonomy while emphasizing their responsibility to others inspired by the moral philosophy of Immanuel Kant and the legal and political philosophy reflected in the Bill of Rights to the U S Constitution This book explains how individuality combines both rights and responsibilities reconciles the popular yet false dichotomy between individual and society and provides the basis for a humane and respectful civil society and government This book is part of White s trilogy on the individual and society which includes *The Manipulation of Choice* and *The Illusion of Well Being* *The Individual in the Religions of the Ancient Mediterranean* Jörg Rüpke,2013-08-29 Ancient religions are usually treated as collective and political phenomena and apart from a few towering figures the individual religious agent has fallen out of view Addressing this gap the essays in this volume focus on the individual and individuality in ancient Mediterranean religion Even in antiquity individual religious action was not determined by traditional norms handed down through families and the larger social context but rather options were open and choices were made On the part of the individual this development is reflected in changes in individuation the parallel process of a gradual full integration into society and the development of self reflection and of a notion of individual identity These processes are analysed within the Hellenistic and Imperial periods down to Christian dominated late antiquity in both pagan polytheistic as well as Jewish monotheistic settings The volume focuses on individuation in everyday religious practices in Phoenicia various Greek cities and Rome and as identified in institutional developments and philosophical reflections on the self as exemplified by the Stoic Seneca Retirement and the Individual: Survey hearing United States. Congress. Senate. Special Committee on Aging. Subcommittee on Retirement and the Individual,1967 The Role of the Individual in the Great Transformation Toward Sustainability Sonja Maria Geiger,Sebastian Bamberg,Daniel Fischer,2021-09-13 **The Individual's Guide for Understanding and Surviving Terrorism** ,1989 The Individual After Modernity Mira Marody,2020-10-29 Moving beyond the individualisation paradigm in sociological theory this book develops an approach to the analysis of human activities and the social phenomena produced by them that centres on the processes that generate coordinated behaviours among individuals Emphasising the relational and processual character of social phenomena as well as the importance of a broader cultural and historical context for analysing them the author questions the view of contemporary society that sees individuals acting in a context in which social bonds are dissolving and unveils the rationale hidden behind the chaos of everyday activities Through an analysis of the continued importance of cooperation and the consequent emergence in society of various kinds of communities this volume examines the changing character of social ties An overview of transformation of social bonds and the intensification of mutual influences among individuals as they seek to address social dilemmas in new contexts *The Individual after Modernity* will appeal to social scientists with interests in social theory **Eden and the Individual** Emil Mihelich,2006-07 Even more than we might realize the Garden of Eden story has supplied the foundation for Western civilization ever since the Roman

Emperor Theodosius the Great granted the orthodox version of Christianity imperial support in the fourth century AD. Faced with the scientific and economic challenges of the 21st century, however, it's time to revisit our traditional understanding of our Christian heritage. St Augustine's monumental work *The City of God* built on his original sin interpretation of the Garden of Eden story traditionally defined the role of the responsible individual living within the resulting orthodox structure. But what is the role of such an individual living in an era that has witnessed the waning of the power and influence of that institutional authority, the authority built on Augustine's persuasive interpretation of the events described in the Garden of Eden story? Without throwing the baby out with the bath water and by paying homage to Augustinian sacrifice and commitment to belief, *Eden and the Individual Christianity for the 21st Century* explores that question. In the process, it offers creative conclusions directed toward enhancing the meaning and value of individual lives. Given a fresh sense of purpose, every individual can then work toward creating and preserving the order and structure that have governed collective Western life. In this awe-inspiring chronicle, indeed, revelation of Christianity Misapplied, Mr. Mihelich courageously has given us a pearl to keep for ourselves. And we must. Ben Swearson eBook Reviews Weekly.

If you ally craving such a referred **The Individual** books that will provide you worth, acquire the enormously best seller from us currently from several preferred authors. If you desire to comical books, lots of novels, tale, jokes, and more fictions collections are also launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every book collections The Individual that we will no question offer. It is not on the order of the costs. Its practically what you habit currently. This The Individual, as one of the most involved sellers here will certainly be in the course of the best options to review.
