The Industrialisation Of Soviet Russia:

The Industrialisation of Soviet Russia Volume 6: The Years of Progress R. Davies, 2014-07-09 Based on extensive research in formerly secret archives this volume examines the progress of Soviet industrialisation against the background of the rising threat of aggression from Germany Japan and Italy and the consolidation of Stalin's power

The Industrialisation of Soviet Russia Volume 4: Crisis and Progress in the Soviet Economy, 1931-1933 R. W. Davies, 2016-07-27 The profound economic crisis of 1931-33 undermined the process of industrialisation and the stability of the regime In spite of feverish efforts to achieve the over ambitious first five year plan the great industrial projects lagged far behind schedule These were years of inflation economic disorder and of terrible famine in 1933 In response to the crisis policies and systems changed significantly Greater realism prevailed more moderate plans reduced investment strict monetary controls and more emphasis on economic incentives and the role of the market The reforms failed to prevent the terrible famine of 1933 in which millions of peasants died But the last months of 1933 saw the first signs of an industrial boom the outcome of the huge investments of previous years Using the previously secret archives of the Politburo and the Council of People's Commissars the author shows how during these formative years the economic system acquired the shape which it retained until the collapse of the Soviet Union in 1991

The Industrialisation of Soviet Russia Volume 7: The Soviet Economy and the Approach of War, 1937-1939 R. W. Davies, Mark Harrison, Oleg Khlevniuk, Stephen G. Wheatcroft, 2018-07-11 This book concludes The Industrialisation of Soviet Russia an authoritative account of the Soviet Union's industrial transformation between 1929 and 1939 The volume before this one covered the good years in economic terms of 1934 to 1936 The present volume has a darker tone beginning from the Great Terror it ends with the Hitler Stalin pact and the outbreak of World War II in Europe During that time Soviet society was repeatedly mobilised against internal and external enemies and the economy provided one of the main arenas for the struggle This was expressed in waves of repression intensive rearmament the increased regimentation of the workforce and the widespread use of forced labour

The Industrialisation of Soviet Russia 2: Soviet Collective Farm, 1929-1930 R. W. Davies, 1989-05-05 During the events described in The Socialist Offensive the collective farms achieved a commanding position in the Soviet countryside They were planned as giant fully socialist enterprises modelled on the state owned factories and employing wage labour By the summer of 1930 the collective farm compromise had been introduced Collective farmers were permitted to retain a personal household plot and their own animals and a free market continued side by side with state planning This system continued throughout the Stalin period important features of it remain in the Soviet Union today The emergence of the collective farm in 1929-30 discussed in detail in the present volume was thus a crucial stage in the formation of the Soviet system

The Industrialisation of Soviet Russia 1: Socialist Offensive R. W. Davies, 1980-07-30 By the summer of 1929 Soviet industrialisation was well under way but agriculture was in a profound crisis in 1928 and 1929 grain to feed the towns was wrested from the peasants by force and

the twenty five million individual peasant households lost the stimulus to extend or even to maintain their production In the autumn of 1929 the Soviet Politburo led by Stalin launched its desperate effort to win the battle for agriculture by forcible collectivisation and by large scale mechanisation Simultaneously hundreds of thousands of kulaks richer peasants and recalcitrant peasants were expelled from their villages This book tells the story of these events as momentous in their impact on Russian history at the Bolshevik Revolution of October 1917 and of the temporary retreat from collectivisation in the spring of 1930 in the face of peasant resistance The crisis in the Communist Party which resulted from this upheaval in the months preceding the XVI party congress in June 1930 is described in detail for the first time

The Industrialisation Of Soviet Russia: Volume 2: The Soviet Collective Farm, 1929-1930 R W Davies,1980-07-31 During the events described in The Socialist Offensive the collective farms achieved a commanding position in the Soviet countryside The emergence of the collective farm in 1929 30 discussed in the present volume was a crucial stage in the formation of the Soviet system

The Industrialisation of Soviet Russia 3: The Soviet Economy in Turmoil 1929-1930 R. W. Davies,1989-05-05 In 1929 30 the spinal year of the first five year plan a vast investment programme began the transformation of the Soviet Union from a peasant country into a great industrial power This book the third part of The Industrialisation of Soviet Russia re examines the breakdown of the mixed economy In those days of heroism and enthusiasm hunger and repression crucial Soviet economic and political institutions were established and are only now being effectively challenged by Gorbachev s revolution While complementing the previous two volumes of this author s work the book is designed to be read independently It sheds new light on a dramatic moment in Soviet history and in the formation of the Soviet system

The Years of Hunger: Soviet Agriculture, 1931-1933 R. Davies,S. Wheatcroft,2016-01-13 This book examines the Soviet agricultural crisis of 1931 1933 which culminated in the major famine of 1933 It is the first volume in English to make extensive use of Russian and Ukrainian central and local archives to assess the extent and causes of the famine It reaches new conclusions on how far the famine was organized or artificial and compares it with other Russian and Soviet famines and with major twentieth century famines elsewhere Against this background it discusses the emergence of collective farming as an economic and social system

The Industrialisation of Soviet Russia Volume 6: The Years of Progress R. Davies,2014-07-09 Based on extensive research in formerly secret archives this volume examines the progress of Soviet industrialisation against the background of the rising threat of aggression from Germany Japan and Italy and the consolidation of Stalin s power

The Industrialisation of Soviet Russia 3: The Soviet Economy in Turmoil 1929-1930 R. W. Davies,1989-05-04 In 1929 30 the spinal year of the first five year plan a vast investment programme began the transformation of the Soviet Union from a peasant country into a great industrial power This book the third part of The Industrialisation of Soviet Russia re examines the breakdown of the mixed economy In those days of heroism and enthusiasm hunger and repression crucial Soviet economic and political institutions were established and are only now being

effectively challenged by Gorbachev's revolution. While complementing the previous two volumes of this author's work, the book is designed to be read independently. It sheds new light on a dramatic moment in Soviet history and in the formation of the Soviet system.
