Morra, 2004 A collection of re evaluative essays on Marshall McLuhan and his critical and theoretical legacy from intellectual adventurer creating a complex architecture of ideas to cultural icon standing in line in Woody Allen s Annie Hall Marshall McLuhan's Mosaic Elena Lamberti, 2012-01-01 One hundred years after Marshall McLuhan s birth Elena Lamberti explores a fundamental yet neglected aspect of his work the solid humanistic roots of his original mosaic form of writing In this investigation of how his famous communication theories were influenced by literature and the arts Lamberti proposes a new approach to McLuhan s thought Lamberti delves into McLuhan s humanism in light of his work on media and culture exploring how he began to perceive literature not just as a subject but a function inseparable from communal existence Lamberti pays particular attention to the central role played by Modernism in the making of his theories including the writings of Ford Madox Ford James Joyce Ezra Pound and Wyndham Lewis Reconnecting McLuhan with his literary past Marshall McLuhan s Mosaic is a demonstration of one of his greatest ideas that literature not only matters but can help us understand the hidden patterns that rule our environment **Virtual Marshall McLuhan** Donald Theall, 2001-01-19 Donald Theall explores and explains the significance of the emergence of McLuhan as an important figure in North America in the development of an understanding of culture communication and technology He reveals important information about McLuhan and his relationships with his earliest collaborator and life long friend anthropologist Edmund Carpenter as well as with Theall himself McLuhan s first doctoral student McLuhan emerges as a complex human being at once attractive witty egotistic and exasperating Theall examines McLuhan s many roles proponent of a poetic method pop guru adopted by Tom Wolfe Woody Allen and others North American precursor of French theory Baudrillard Barthes Derrida Deleuze artist and shaman Complex and intellectual neither uncritical adulation nor demonization The Virtual Marshall McLuhan does justice to a unique figure caught in a struggle between tradition and modernity between faith and anarchy McLuhan: A Guide for the Perplexed W. Terrence Gordon, 2010-02-25 Marshall McLuhan was dubbed a media guru when he came to prominence in the 1960s The Woodstock generation found him cool their parents found him perplexing By 1963 McLuhan was Director of the Centre for Culture and Technology at the University of Toronto and would be a public intellectual on the international stage for more than a decade then linked forever to his two best known coinages the global village and the medium is the message Taken as a whole McLuhan s writings reveal a profound coherence and illuminate his unifying vision for the study of language literature and culture grounded in the broad understanding of any medium or technology as an extension of the human body McLuhan A Guide for the Perplexed is a close reading of all of his work with a

focus on tracing the systematic development of his thought The overriding objective is to clarify all of McLuhan s thinking to consolidate it in a fashion which prevents misreading and to open the way to advancing his own program ensuring that the world does not sleepwalk into the twenty first century with nineteenth century perceptions **Marshall McLuhan and Northrop Frye** B.W. Powe,2014-01-01 Marshall McLuhan and Northrop Frye are two of Canada s central cultural figures colleagues and rivals whose careers unfolded in curious harmony even as their intellectual engagement was antagonistic Poet novelist essayist and philosopher B W Powe who studied with both of these formidable and influential intellectuals presents an exploration of their lives and work in Marshall McLuhan and Northrop Frye Apocalypse and Alchemy Powe considers the existence of a unique visionary tradition of Canadian humanism and argues that McLuhan and Frye represent fraught but complementary approaches to the study of literature and to the broader engagement with culture Examining their eloquent but often acid responses to each other Powe exposes the scholarly controversies and personal conflicts that erupted between them and notably the great commonalities in their writing and biographies Using interviews letters notebooks and their published texts Powe offers a new alchemy of their thought in which he combines the philosophical hallmarks of McLuhan s The medium is the message and Frye s the great code **The Lure of Communication** Andrea Lombardinilo,2024-02-29 This book addresses the convergence of sociology communication and rhetoric with particular reference to the contemporary expressive and social patterns of mass communication Using rhetoric as a meta conceptual apparatus for the sociology of communication this book offers an original and comprehensive critique of historical social theory alongside 20th century communication researchers The author demonstrates the symbiotic relationship between the rhetorical structures of the media sphere and the new narrative formats in which cultural representation merges into social and civil observation This book will be of interest to academics and students studying sociology communication and cultural studies
