

## Horace: Book II. Ode 9

Clouds do not always veil the skies,  
Nor showers immerse the verdant plain;  
Nor do the billows always rise,  
Or storms afflict the ruffled main.

Nor, Valgius, on the Armenian shores  
Do the chain'd waters always freeze;  
Not always furious Boreas roars,  
Or bends with violent force the trees.

But you are ever drown'd in tears,  
For Mystes dead you ever mourn;  
No setting Sol can ease your cares,  
But find you sad at his return.

The wise experienced Grecian sage  
Mourn'd not Antilochus so long;  
Nor did King Priam's hoary age  
So much lament his slaughter'd son.

Leave off, at length, these woman's sighs,  
Augustus' number'd trophies sing,  
To whom all nations tribute bring.

Niphates rolls an humbler wave,  
At length th' undaunted Scythian yields,  
Content to live the Roman slave,  
And scarce forsakes his native fields.

and enlarges the commentary in the Yale Edition      **The Age of Elizabeth in the Age of Johnson** Jack Lynch, 2002-12-12  
 In *The Age of Elizabeth in the Age of Johnson* Jack Lynch explores eighteenth century British conceptions of the Renaissance and the historical intellectual and cultural uses to which the past was put during the period. Scholars, editors, historians, religious thinkers, linguists, and literary critics of the period all defined themselves in relation to the last age or the age of Elizabeth. Seventeenth and eighteenth century thinkers reworked older historical schemes to suit their own needs, turning to the ages of Petrarch and Poliziano, Erasmus and Scaliger, Shakespeare, Spenser, and Queen Elizabeth to define their culture in contrast to the preceding age. They derived a powerful sense of modernity from the comparison, which proved essential to the constitution of a national character. This interdisciplinary study will be of interest to cultural as well as literary historians of the eighteenth century.      Johnson's Milton Christine Rees, 2010-05-06 Samuel Johnson is often represented as primarily antagonistic or antipathetic to Milton. Yet his imaginative and intellectual engagement with Milton's life and writing extended across the entire span of his own varied writing career. As essayist, poet, lexicographer, critic, and biographer, above all as reader, Johnson developed a controversial, fascinating, and productive literary relationship with his powerful predecessor. To understand how Johnson creatively appropriates Milton's texts, how he critically challenges yet also confirms Milton's status, and how he constructs him as a biographical subject is to deepen the modern reader's understanding of both writers in the context of historical continuity and change. Christine Rees's insightful study will be of interest not only to Milton and Johnson specialists but to all scholars of early modern literary history and biography.      *The Age of Elizabeth in the Age of Johnson* John T. Lynch, 2003 In *The Age of Elizabeth in the Age of Johnson* Jack Lynch explores eighteenth century British conceptions of the Renaissance and the historical intellectual and cultural uses to which the past was put during the period. Scholars, editors, historians, religious thinkers, linguists, and literary critics of the period all defined themselves in relation to the last age or the age of Elizabeth. This interdisciplinary study will be of interest to cultural as well as literary historians of the eighteenth century.      **The Oxford History of Classical Reception in English Literature: The Oxford History of Classical Reception in English Literature** David Hopkins, Charles Martindale, Norman Vance, Rita Copeland, Patrick Cheney, Philip R. Hardie, Jennifer Wallace, 2012-09-27 The present volume 3 is the first to appear of the five that will comprise *The Oxford History of Classical Reception in English Literature*, henceforth OHCREL. Each volume of OHCREL will have its own editor or team of editors. Preface      Enlightened Oxford Nigel Aston, 2023 *Enlightened Oxford* takes a fresh look at the eighteenth century University of Oxford and its relation to the state, society, and religion of the time, and how a long established institution managed to navigate the multiple political challenges of the era while maintaining a cultural presence and a surprising capacity for adaptability.      **The Hellenizing Muse** Filippomaria Pontani, Stefan Weise, 2021-11-08 Traditionally the history of Ancient Greek literature ends with Antiquity after the fall of Rome; the literary works in ancient Greek generally belong to the domain of the Byzantine Empire. However, after the Byzantine refugees restored the knowledge

of Ancient Greek in the west during the early humanistic period 15th century Italian scholars and later their French German Spanish colleagues started to use Greek a purely literary language that no one spoke for their own texts and poems This habit persisted with various ups and downs throughout the centuries according to the development of Greek studies in each country The aim of this anthology the first one of this kind is to give a selective overview of this kind of humanistic poetry in Ancient Greek embracing all major regions of Europe and trying to concentrate on remarkable pieces of important poets The ultimate goal of the book is to shed light on an important and so far mostly neglected aspect of the European heritage

*Leopardi and Shelley* Cerimonia Daniela, 2017-07-05 Giacomo Leopardi 1798 1837 and Percy Bysshe Shelley 1792 1822 crossed paths during their lifetimes and though they never met the legacy of their work betrays a shared destiny As prominent figures who challenged and contributed to the Romantic debate Leopardi and Shelley hold important roles in the history of their respective national literatures but paradoxically experienced a controversial and delayed reception outside their native lands Cerimonia's wide ranging study brings together these two poets for the first time for an exploration of their afterlives through a close reading of hitherto unstudied translations This intriguing journey tells the story from its origins of the two poets critical fortune and examines their position in the cultural debates of the nineteenth century in disputes regarding translation theories and practices and shows the configuration of their identities as we understand their legacy today

*Landscape, Literature and English Religious Culture, 1660-1800* R. Mayhew, 2004-03-15 Landscape Literature and English Religious Culture 1660 1800 offers a powerful revisionist account of the intellectual significance of landscape descriptions during the long Eighteenth century Landscape has long been a major arena for debate about the nature of Eighteenth century English culture this book surveys those debates and offers a provocative new account Mayhew shows that describing landscape was a religiously contested practice and that different theological positions led differing authors to different descriptive approaches Landscape description then shows English intellectual life still in the grips of a Christian and classical mentality in the long Eighteenth century

*Class, Patronage, and Poetry in Hanoverian England* Jennifer Batt, 2020 This book explores the complex and contested relationships that existed between class patronage and poetry in Hanoverian England by examining the life and work of Stephen Duck the famous threshing poet Duck's remarkable story reveals the tolerances and intolerances of the Hanoverian social order

**Lives** Jesse G. Swan, 2013-12-12 Central to all post Renaissance scholarship textual studies continues to evolve both in its techniques and methods as well as in the illumination it affords all other areas of modern knowledge The life of our fellow human beings and how we know and tell lives is one such area of modern knowledge that is foundationally affected by theories and practices of textual creation transmission and apprehension This collection of new essays and studies by internationally acclaimed scholars along with a select few who are less acclaimed but of distinct promise provides a view into the contemporary state of scholarship in textual and biographical studies The collection also means to be of especial interest

to scholars of the British eighteenth century by concentrating its evidence and argument on topics and subjects important to contemporary eighteenth century studies The volume is inspired by the extensive contributions to the fields by the late O M Brack Jr
