The Latvian Orthodox Church:

The Latvian Orthodox Church Alexander Cherney, 1985 **The Russian Orthodox Church, 1917-1948** Daniela Kalkandjieva, 2014-11-20 This book tells the remarkable story of the decline and revival of the Russian Orthodox Church in the first half of the twentieth century and the astonishing U turn in the attitude of the Soviet Union's leaders towards the church. In the years after 1917 the Bolsheviks' anti religious policies, the loss of the former western territories of the Russian Empire and the Soviet Union's isolation from the rest of the world and the consequent separation of Russian emigrants from the church were disastrous for the church which declined very significantly in the 1920s and 1930s. However when Poland was partitioned in 1939 between Nazi Germany and the Soviet Union Stalin allowed the Patriarch of Moscow Sergei jurisdiction over orthodox congregations in the conquered territories and went on later to encourage the church to promote patriotic activities as part of the resistance to the Nazi invasion. He agreed a Concordat with the church in 1943 and continued to encourage the church especially its claims to jurisdiction over migrant Russian orthodox churches in the immediate postwar period. Based on extensive original research the book puts forward a great deal of new information and overturns established thinking on many key points.

[Russia and Latvia](#) Andis Kudors, 2023-11-17 This book explores Russia's relations with Latvia arguing that Latvia with a higher proportion of Russian speakers than other Baltic states is especially vulnerable to Russia's sharp power. The book highlights how authoritarian and totalitarian regimes are unable to exercise soft power based on the attractiveness of the country's culture and values which would help them gain the favour of the audience of the target countries but instead as in the case of Russia use public diplomacy, compatriot policy, media policy, propaganda and disinformation to produce a destructive effect, distorting the democracies of target countries and increasing national security risks. The book provides in depth detail on how Russia is making use of this sharp power in Latvia, examines the consequences and assesses the dangers for the future.
