The background is a soft, out-of-focus light blue and green, suggesting a natural outdoor setting. The lighting is bright, highlighting the delicate structure of the petals.

Unprofitable Servants Alvin O. Thompson, 2002 A study of governmental slaves in Barbice from 1803 to 1831 The author illustrates that the imperial government arrived at the general abolition of slavery throughout its colonies in a rather ad hoc and piecemeal

fashion He also raises questions about the government's commitment to abolition Intelligent Woman's Guide Bernard Shaw, 2018-01-01 As a lifelong socialist Shaw believed that economic inequality was a poison destroying every aspect of human life perverting family affections and the relations between the sexes According to him all British institutions were corrupted at the root by pecuniary interest and idealism integrity and any piecemeal attempts at political reform were futile in the face of the gross injustice built into the Empire's economic system Begun in 1924 the year of the British Labour Party's first period of office under Ramsay MacDonald who hailed it as the world's most important book since the Bible and first published in 1928 The Intelligent Woman's Guide draws on Shaw's decades of activism and remains a brilliant thought provoking classic of political propaganda **The Intelligent Woman's Guide to Socialism and Capitalism** Bernard Shaw, I have never been in America therefore I am free from the delusion commonly entertained by the people who happen to have been born there that they know all about it and that America is their country in the same sense that Ireland is my country by birth and England my country by adoption and conquest You dear madam are an American in the sense that I am a European except that the American States have a language in common and are federated and the European states are still on the tower of Babel and are separated by tariff fortifications When I hear people asking why America does not join the League of Nations I have to point out to them that America is a League of Nations and sealed the covenant of her solidity as such by her blood more than sixty years ago whereas the affair at Geneva is not a League of Nations at all but only a so far unsuccessful attempt to coax Europe to form one at the suggestion of a late American President with the result that the British Secretary of State for Foreign Affairs makes occasional trips to Geneva and on returning reassures the British House of Commons by declaring that in spite of all Woodrow Wilsonic temptations to combine with other nations he remains an Englishman first last and all the time that the British Empire comes before everything with him and that it is on this understanding and this alone that he consents to discuss with foreigners any little matters in which he can oblige them without detriment to the said reserved interests And this attitude seems to us in England so natural so obvious so completely a matter of course that the newspapers discuss the details of Mr Chamberlain's report of his trip without a word about the patriotic exordium which reduces England's membership of the League to absurdity Now your disadvantage in belonging to a league of nations instead of to a nation is that if you belong to New York or Massachusetts and know anything beyond the two mile radius of which you are the centre you probably know much more of England France and Italy than you do of Texas or Arizona though you are expected as an American to know all about America Yet I never met an American who knew anything about America except the bits she had actually set eyes on or felt with her boots and even of that she could hardly see the wood for the trees By comparison I may be said to know almost all about America I am far enough off to get a good general view and never having assumed as the natives do that a knowledge of America is my intuitional birthright I have made enquiries read books availed myself of the fact that I seem to be personally an irresistible magnet for every wandering

American and even gathered something from the recklessly confidential letters which every American lady who has done anything unconventional feels obliged to write me as a testimony to the ruinous efficacy of my books and plays I could and should have drawn all the instances in this book from American life were it not that America is such a fool's paradise that no American would have believed a word of them and I should have been held up in exact proportion to my accuracy and actuality as a grossly ignorant and prejudiced Britisher defaming the happy West as ludicrously as the capitalist West defames Russia What I tell you of England you will believe What I could tell you of America might provoke you to call on me with a gun Also it would lead you to class me as a bitter enemy to America whereas I assure you that though I do not adore your country with the passion professed by English visitors at public banquets when you have overwhelmed them with your reckless hospitality I give it a good deal of my best attention as a very interesting if still very doubtful experiment in civilization

The Pure in Heart Martin Burrell, 2009-06-12 This is a record of how church happens even when the institution isn't looking how people are gathered together around Jesus Christ by the sheer force of the Spirit leading God constantly goes ahead of us in mission not least in communities many Christians don't know about or even don't much want to know about It is a moving and inspiring testimony to God's creative liberty at work in our times Dr Rowan Williams Archbishop of Canterbury As the Romanians began to share their stories many of us found ourselves in tears as we realized our own poverty They were such a blessing to us in bringing us back to hear from God For God chose the foolish things of the world to shame the wise God chose the weak things of the world to shame the strong We heard the challenge to lay down our cleverness and pride and come in simplicity as these wonderful people had On Sunday we truly saw the power of God at work and seeing that has challenged us to come back to simple faith in Jesus Revd Shiela Porter St Georges Deal Martin tells a very moving story of discovering where God is at work in mission and following where he leads It is significant that the resulting fresh expression of church among the Romany community in Kent stretched him to new understandings of mission and the church and to rediscover practices for identifying and developing indigenous leadership We believe these lessons are transferable to many other mission contexts in our plural culture today

Hardness Is What Harden Us John Wanjiku, 2022-06-29 A SYNOPSIS This is a collection of poetry by the name hardness is what should harden us It reveals the reality of life and that reality is that life is hard It provides a solution to life's hardness by demonstrating to us that dealing with the hardness of life is not to run away from life's problem but to harden yourself by facing them The more you become prone to problems and face them without search of an escape route or a way out the more you become resistant to them meaning that hardness has hardened you You should not always be optimistic in life but you should strive to create an atmosphere for others to be meaning that at the end you will be more than optimistic This will make you stand as firm as a rock no matter what life circumstances might throw in your way I can describe hardness is what should harden us as both a fiction and a nonfiction poetry book Nonfiction in that it explains the reality of life how to deal with it and how to solve the problems that may arise in day to day life And it even shows you the right path to follow and the best decision to make in life and the true attributes of our creator God It's also fiction in that it exaggerates and adds humor in matters concerning nature life society and even in matters related to love
