The Legacy of H. Richard Niebuhr Ronald F. Thiemann,1991 The Legacy of H. Richard Niebuhr Ronald F. Thiemann,1991 *American Protestant Ethics and the Legacy of H. Richard Niebuhr* William Werpehowski,2002-09-20 In this careful analysis and evaluation of the monumental influence of Niebuhr Werpehowski traces four streams that flow from Niebuhr s theology particularly as it deals with ethics In a tightly knit and comprehensive investigation of the work of four contemporary ethicists important in their own right Paul Ramsey Stanley Hauerwas James Gustafson and Kathryn Tanner Werpehowski explores how the legacy of Niebuhr has made an impact on their thought and work He presents a clear concise nuanced analytical criticism of the development of the four ethicist s construction of ethics and does it in a way that interweaves and puts the four into a dialogue and conversation with Niebuhr and each other Addressing a number of substantive issues including the viability of just war tradition and the relationship between church and world American Protestant Ethics and the Legacy of H Richard Niebuhr demonstrates that Christian ethics operates within a set of polar tensions and that such conversations as are developed within need to be a part of moral discourse inside and between a variety of communities of faith The Legacy of Hans W. Frei ,2023-01-26 This volume demonstrates Hans W Frei s unique contribution to theology and biblical hermeneutics Divided into five parts the volume first outlines key biographical details including a little known interview from 1980 excerpted and Frei s Jewish background while growing up in Nazi Germany The subsequent four parts offer insights into both the centrality of biblical narrative and its fateful eclipse by modernity as well as Frei s usage of Anselm and Barth The scholars who contribute to this volume examine Frei s analytical rigor his plea for a high Christology in the service of the church and his shifting interpretations over the years regarding scripture s literal sense They examine Frei s relationship to other contemporary notables such as Paul Ricoeur Eberhard J ngel George A Lindbeck and Carl F H Henry along with an alternative Roman Catholic reading of the history of biblical hermeneutics over against the one he advocates **Modern Christian Thought: The twentieth century** James C. Livingston,Francis Schüssler Fiorenza, This widely acclaimed introduction to modern Christian thought formerly published by Prentice Hall provides full scholarly accounts of the major movements and thinkers theologians and philosophers in the Christian tradition since the eighteenth century Enlightenment together with solid historical background and critical assessments This second edition deals with the entire modern period in both Europe and America and is the first to include extensive treatment of modern Catholic thinkers Evangelical thought and Black and Womanist theology *Under the Spell of Freedom* Hans Joas,2024 In Under the Spell of Freedom Hans Joas deconstructs the grand Hegelian narrative of human history as the self realization of the idea of freedom setting as a counterpart the sketches of a theory of the emergence of moral universalism He takes the classical views of Hegel and his emphasis on the role of Protestant Christianity and the extremely negative views about Christianity in the work of the philosopher Friedrich Nietzsche to elaborate on this new understanding of religion and freedom which encompasses a

range of intellectual traditions and avoids Eurocentrism Joas answers the empirical question of when where why and how such a moral universalism emerged and developed

Things Hold Together Branson L. Parler, 2012-10-03 As an Anabaptist John Howard Yoder is often depicted as Christ centered in his theology but with a creation deficient approach to culture In this clearly reasoned study Branson Parler argues that Yoder advocates a trinitarian theology of culture that upholds the continuity between God's work in creation and in redemption For Yoder Jesus humanity makes him directly relevant to culture while Jesus divinity connects him directly to creation Yoder's writings says Parler affirm that Jesus restores and re-establishes the politics of creation In Things Hold Together Parler joins

a growing number of writers from outside Anabaptist or Mennonite traditions who are finding resonance with Yoder one of the leading theologians of the twentieth century Interpreters who dismiss Yoder's call to discipleship find comfort in suggesting he lacked a doctrine of creation or in finding him to be at best a heterodox theologian Parler takes the ground away from such critics His book sets the bar for any future reception of Yoder's theology D Stephen Long author of *Speaking of God: Theology, Truth, and Language Things Hold Together* helps us see that John Howard Yoder was from first to last a trinitarian thinker Parler therefore provides an illuminating context for interpreting Yoder's critique of H Richard Niebuhr Stanley Hauerwas Gilbert T Rowe professor of theological ethics Duke University
