**Encyclopedia of Comparative Iconography** Helene E. Roberts, 2013-09-05 First published in 1998 The Encyclopedia of Comparative Iconography compares the uses of iconographic themes from mythology the Bible and other sacred texts literature and popular culture in works of art through various periods cultures and genres Art historians now tend to study narrative themes depicted in works of art in relation to such subjects as gender and sexuality politics and power ownership

and possession ceremony and ritual legitimacy and authority The Encyclopedia of Comparative Iconography reflects these new approaches by ordering the themes of various iconographic sources in particular biblical mythological and literary texts according to these new emphases Each handsomely illustrated entry discusses the major relevant iconographic narratives and the historical background of each theme A list of selected works of art that accompanies each essay guides the reader to examples in art that depict the theme under discussion Each essay includes a list of suggested reading that provides further sources of information about the themes A general bibliography of reference books is listed separately and can be used in association with all the essays With 119 entries written by 42 experts the Encyclopedia of Comparative Iconography is an important reference work for art historians students of art history artists and the general reader

**The Rise of Magic in Early Medieval Europe** Valerie Irene Jane Flint, 2020-03-31 There are forces better recognized as belonging to human society than repressed or left to waste away or growl about upon its fringes So writes Valerie Flint in this powerful work on magic in early medieval Europe Flint shows how many of the more discerning leaders of the early medieval Church decided to promote non Christian practices originally condemned as magical rather than repressing them or leaving them to waste away or growl These wise leaders actively and enthusiastically incorporated specific kinds of magic into the dominant culture not only to appease the contemporary non Christian opposition but also to enhance Christianity itself

**The Moon and the Western Imagination** Scott L. Montgomery, 2022-03-29 The Moon is at once a face with a thousand expressions and the archetypal planet Throughout history it has been gazed upon by people of every culture in every walk of life From early perceptions of the Moon as an abode of divine forces humanity has in turn accepted the mathematized Moon of the Greeks the naturalistic lunar portrait of Jan van Eyck and the telescopic view of Galileo Scott Montgomery has produced a richly detailed analysis of how the Moon has been visualized in Western culture through the ages revealing the faces it has presented to philosophers writers artists and scientists for nearly three millennia To do this he has drawn on a wide array of sources that illustrate mankind's changing concept of the nature and significance of heavenly bodies from classical antiquity to the dawn of modern science Montgomery especially focuses on the seventeenth century when the Moon was first mapped and its features named From literary explorations such as Francis Godwin's *Man in the Moone* and Cyrano de Bergerac's *L*

autre monde to Michael Van Langren's textual lunar map and Giambattista Riccioli's *Almagestum novum* he shows how Renaissance man was moved by the lunar orb how he battled to claim its surface and how he in turn elevated the Moon to a new level in human awareness The effect on human imagination has been cumulative our idea of the Moon and therefore the planets is multilayered and complex having been enriched by associations played out in increasingly complicated harmonies over time We have shifted the way we think about the lunar face from a perfect body to an earthlike one with corresponding changes in verbal and visual expression Ultimately Montgomery suggests our concept of the Moon has never wandered too far from the world we know best the Earth itself And when we finally establish lunar bases and take up some form of residence on the Moon's surface we will not be conquering a New World fresh and mostly unknown but a much older one ripe with history

*Hebrew Psalms and the Utrecht Psalter* Pamela Berger, 2021-05-14 In a major departure from previous scholarship this volume argues that the illustrations in the famous and widely influential Utrecht Psalter manuscript were inspired by a late antique Hebrew version of Psalms rather than a Latin Christian version of the text Produced during the early ninth century in a workshop near Reims France the Utrecht Psalter is illustrated with pen and ink drawings in a lively style reminiscent of Hellenistic art The motifs are largely literal renditions of words and phrases found in the book of Psalms However more than three dozen motifs cannot be explained by either the Latin text that accompanies the imagery or the commentaries of the church fathers Through a close reading of the Hebrew Psalms Pamela Berger demonstrates that these motifs can be explained only by the Hebrew text the Jewish commentary or Jewish art Drawing comparisons between the Hellenistic style of the Psalter images and the style of late antique Galilean mosaics and using evidence from recent archaeological discoveries Berger argues that the model for those Psalter illustrations dependent on the Hebrew text was produced in the Galilee Pioneering and highly persuasive this book resolves outstanding issues surrounding the origins of one of the most extensively studied illuminated manuscripts It will be mandatory reading for many historians of medieval art and literature and for those interested in the Hebrew text of the book of Psalms

*Concise Biographical Companion to Index Islamicus* Wolfgang Behn, 2004-12-01 This third and last of the three volume *Who's Who in Islamic Studies* presents the scholarly world at long last with its own biographical encyclopaedia Taking as a starting point the inventory of authors from the renowned *Index Islamicus* the author Wolfgang Behn Berlin has systematically collected numerous data on the lives and works of the tens of thousands of authors listed in the *Index Islamicus* from 1665 to 1980 This *Biographical Companion* will be an indispensable reference tool for the serious student and scholar of Islamic Studies It enables the user to quickly gain knowledge on the life work and professional background of almost every major and minor author and thus to place each author in his/her proper perspective A tremendous achievement and a true must for every library

**Medieval Bestiaries**, 2025-08-28 What could the phoenix elephant and spider teach medieval people and what can they teach us now about human animal relationships *Medieval Bestiaries New Approaches* offers innovative insights on questions previously unasked

about a most popular type of illuminated manuscript whose animal pictures and stories continue to entertain and inspire. Bringing together an impressive range of multi disciplinary expertise the authors provide fresh perspectives on previously unpublished or under explored bestiary texts images methods of production cross literary influences and moralized messaging. Most significantly they move bestiaries out of their specialized scholarly corner into the wider world of animal thinking across Christian Jewish and Islamic cultures and stake a claim for animals as a central meeting ground for medieval and modern sensibilities. Meetings with Remarkable Manuscripts Christopher de Hamel, 2019-11-12. An extraordinary and beautifully illustrated exploration of the medieval world through twelve manuscripts from one of the world's leading experts. Winner of The Wolfson History Prize and The Duff Cooper Prize. A San Francisco Chronicle Holiday Book Gift Guide Pick. Meetings with Remarkable Manuscripts is a captivating examination of twelve illuminated manuscripts from the medieval period. Noted authority Christopher de Hamel invites the reader into intimate conversations with these texts to explore what they tell us about nearly a thousand years of medieval history and about the modern world too. In so doing de Hamel introduces us to kings queens saints scribes artists librarians thieves dealers and collectors. He traces the elaborate journeys that these exceptionally precious artifacts have made through time and shows us how they have been copied how they have been embroiled in politics how they have been regarded as objects of supreme beauty and as symbols of national identity and who has owned them or lusted after them and how we can tell. From the earliest book in medieval England to the incomparable Book of Kells to the oldest manuscript of the Canterbury Tales these encounters tell a narrative of intellectual culture and art over the course of a millennium. Two of the manuscripts visited are now in libraries of North America the Morgan Library in New York and the Getty Museum in Los Angeles. Part travel book part detective story part conversation with the reader Meetings with Remarkable Manuscripts allows us to experience some of the greatest works of art in our culture to give us a different perspective on history and on how we come by knowledge. *Touching Parchment: How Medieval Users Rubbed, Handled, and Kissed Their Manuscripts* Kathryn M. Rudy, 2023-04-18. The Medieval book both religious and secular was regarded as a most precious item. The traces of its use through touching and handling during different rituals such as oath taking is the subject of Kathryn Rudy's research. In Touching Parchment Rudy presents numerous and fascinating case studies that relate to the evidence of use and damage through touching and or kissing. She also puts each study within a category of different ways of handling books mainly liturgical legal or choral practice and in turn connects each practice to the horizontal or vertical behavioural patterns of users within a public or private environment. With her keen eye for observation in being able to identify various characteristics of inadvertent and targeted wear the author adds a new dimension to the Medieval book. She gives the reader the opportunity to reflect on the social anthropological and historical value of the use of the book by sharpening our senses to

the way users handled books in different situations Rudy has amassed an incredible amount of material for this research and the way in which she presents each manuscript conveys an approach that scholars on Medieval history and book materiality should keep in mind when carrying out their own research What perhaps is most striking in her articulate text is how she expresses that the touching of books was not without emotion and the accumulated effects of these emotions are worthy of preservation study and further reflection

**A Companion to Byzantine Illustrated Manuscripts**, 2017-06-06 This volume offers an overview of Byzantine manuscript illustration a central branch of Byzantine art and culture Just like written texts illustrations bear witness to Byzantine material culture imperial ideology and religious beliefs as well as to the development and spread of Byzantine art In this sense illustrated books reflect the society that produced and used them Being portable they could serve as diplomatic gifts or could be acquired by foreigners In such cases they became emissaries of Byzantine art and culture in Western Europe and the Arabic world The volume provides for the first time a comprehensive overview of the material divided by text categories including both secular and religious manuscripts and analyses which texts were illustrated in Byzantium and how Contributors are Justine M Andrews Leslie Brubaker Annemarie W Carr Elina Dobrynina Maria Evangelatou Maria Laura Tomea Gavazzoli Markos Giannoulis Cecily Hennessy Ioli Kalavrezou Maja Kominko Sofia Kotzabassi Stavros Lazaris Kallirroe Linardou Vasileios Marinis Kathleen Maxwell Georgi R Parpulov Nancy Pev enko Jean Michel Spieser Mika Takiguchi Courtney Tomaselli Marina Toumpouri Nicolette S Trahoulia Vasiliki Tsamakda and Elisabeth Yota
