Revelation, Etc John Leland, 1768 **The Royal Secret** I. Edward Clark, 2017-07-11 A fascinating book on Symbolism and Astrology of Freemasonry first published in 1923 Away back in 1887 when the city of Alpena was located in the heart of one of the lumber districts of Michigan Hopper Lodge U D now No 386 of that city was pleased to honor me with membership in due and ancient form In those days or at least in that Lodge there was no horseplay and I was so impressed with the work that I resolved to master all the lectures which I did The part which interested me the most was the one which I could learn the least about I would have sacrificed a five dollar note to learn why Pythagoras sacrificed a hecatomb and would have given as much to anyone who would explain the mystery surrounding the 47th Problem of Euclid as depicted on the lecture chart When inquiry failed me I made diligent search and finally discovered the KEY OF THE HOUSE OF DAVID through the knowledge of which I was enabled to penetrate the allegorical veil just as Pythagoras did five hundred years before the Christian era On the night of my initiation I was told that Freemasonry was founded on the Bible and all its secrets were hidden therein In my research work I discovered that the true secrets of Freemasonry were written in the stars and the book of nature and a knowledge of astronomy and astrology was necessary to lift the allegorical veil Upon obtaining this knowledge I discovered that the Bible was founded upon the same law as Freemasonry i e the stars and the book of nature

Author s Foreword **The Coarse Witchcraft Trilogy** Suzanne Ruthven, 2013-11-29 Coarse Witchcraft is a squint eyed look at what passes for Craft in many modern groups and just how much of the teaching has been dumbed down so that everyone can acquire rank and have a crack at the priesthood This blind grope for titles rank and public acclaim have replaced the enlightened quest for genuine wisdom and ability while the old Witch magic is practised by fewer and fewer of those who would call themselves Witches There are also those who insist on being recognised as instant Adepts in a system that takes years of study and preparation but book learning is not enough as many have found to their cost when confronted by real Old Crafters Coarse Witchcraft is a no holds barred view of what is going on today in many Craft circles Hopefully those who read this book will laugh and realise that it is possible to mix mirth and magic while still retaining respect for oneself and the Old Ways **The Inner Life** C. Vol. 1 [- 39] ,1819 **Religio Duplex** Jan Assmann,2014-02-18 In this important new book the distinguished Egyptologist Jan Assmann provides a masterful overview of a crucial theme in the religious history of the West that of religio duplex or dual religion He begins by returning to the theology of the Ancient Egyptians who set out to present their culture as divided between the popular and the elite By examining their beliefs he argues we can distinguish the two faces of ancient religions more generally the outer face that of the official religion and the inner face encompassing the mysterious nature of religious experience Assmann explains that the Early Modern period witnessed the birth of the idea of dual religion with on the one hand the religion of reason and on the other that of revelation This concept gained new significance in the Enlightenment when the dual structure of religion was transposed onto the individual This meant that man now owed his allegiance not only to his native religion but also to a universal religion of mankind In fact argues Assmann religion can now only hold a place in our globalized world in this way as a religion that understands itself as one among many and has learned to see itself through the eyes of the other This bold and wide ranging book will be essential reading for historians theologians and anyone interested in the nature of religion and its role in the shaping of the modern world
