The Life Of Jean Jaures

Harvey Goldberg

The Life Of Jean Jaures:

The Life of Jean Jaures Harvey Goldberg,2003-01-01 A biography of the great French socialist and intellectual *The Life of Jean Jaurès* Harvey Goldberg,1962 *The Life of Jean Jaures* Harvey Goldberg,2002-10-16 A biography of the French Socialist leader **Jean Jaurès** ,1917 *Jean Jaurès. His Life and Work. [With a Portrait.]*. John Hampden JACKSON,1943

A Socialist History of the French Revolution Jean Jaurès,2015-04-20 Tantalizing prose TLS Jean Jaur s was the celebrated French Socialist Party leader assassinated in 1914 for trying to use diplomacy and industrial action to prevent the outbreak of war Published just a few years before his death his magisterial A Socialist History of the French Revolution has endured for over a century as one of the most influential accounts of the French Revolution ever to be published Written in the midst of his activities as leader of the Socialist Party and editor of its newspaper L Humanit Jaur s intended the book to serve as both a guide and an inspiration to political activity even now it can serve to do just that Jaur s s verve originality and willingness to criticise all players in this epic drama make this a truly moving addition to the shelf of great books on the French Revolution Now available for the first time in paperback Mitchell Abidor s abridged translation of Jaur s s original six volumes makes this exceptional work truly accessible to an Anglophone audience [Citizenship and Antisemitism in French Colonial Algeria, 1870-1962](#)

Sophie B. Roberts,2017-12-28 Examines the relationship between antisemitism and the practices of citizenship in a colonial context focusing on experiences of Algerian Jews **Socialism and the Experience of Time**

Julian Wright,2017-06-30 How do we make social democracy Should we seize the unknown possibilities offered by the future or does real change develop when we focus our attention on the immediate present The modern tradition of social revolution suggested that the present is precisely the time that needs to be surpassed but can society change without an intimate focus on today s experience of social injustice In Socialism and the Experience of Time Julian Wright asks how socialists in France from the mid nineteenth to the mid twentieth century tried to follow a democratic commitment to the present The debate about time that emerged in French socialism lay beneath the surface of political arguments within the left But how did this focus on the present relate to the tradition of revolution in France What did socialism have to say about social experience in the present and how did this discussion shape socialism as a movement Wright examines French socialism s fascination with modern history through a new reading of Jean Jaur s multi authored project to write a socialist history of France since 1789 Then in four interlocking biographical essays he analyses the reformist and idealist socialism of the Third Republic long side lined in the historical literature With a sometimes emotional focus on the present times of Beno t Malon Georges Renard Marcel Sembat and L on Blum a personal history unfolds that allows us to revisit the traditional narrative of French socialism This is not so much a story of the future hope for revolution as an intimate account of socialism intellectual engagement and the human present

World War I Spencer C. Tucker,2014-10-28 Offering exhaustive coverage detailed analyses and the latest historical interpretations of events this expansive five volume encyclopedia is the most comprehensive and detailed

reference source on the First World War available today One hundred years after the beginning of World War I in 1914 this conflict still stands as perhaps the most important event of the 20th century World War I toppled all of the existing empires at the time transformed the Middle East and vaulted the United States to becoming the world's leading economic power Its effects were profound and lasting and included outcomes that led to World War II This multivolume encyclopedia provides a wide ranging examination of World War I that covers all of the important battles key individuals both civilian and military weapons and technologies and diplomatic social political cultural military and economic developments Suitable as a reference tool for high school and undergraduate students as well as faculty members and graduate level researchers World War I The Definitive Encyclopedia and Document Collection offers accessible in depth information and up to date analyses in a format that lends itself to quick and easy use The set comprises alphabetically arranged cross referenced entries accompanied by further reading selections as well as a comprehensive bibliography A fifth volume provides chronologically arranged documents and an A Z index

British and French Writers of the First World War Frank Field, 1991-01-25 The impact of the Great War on some of France and Britain's most prominent writers

Hendrik de Man and Social Democracy Tommaso Milani, 2020-06-15 The book investigates the intellectual and political trajectory of the Belgian theorist Hendrik de Man 1885-1953 by examining the impact that his works and activism had on Western European social democracy between the two world wars Based on multinational archival research the book highlights how the idea of economic planning became part of a wider effort to address an ideological crisis within the socialist movement and revitalise the latter amidst the Great Depression A heavily controversial figure also because of his subsequent involvement in Belgian wartime collaboration de Man played a pivotal role in challenging traditional Marxist assumptions about the role of the state under capitalism and in promoting transnational exchanges between unorthodox social democrats across Europe Starting from de Man's experience in World War I the book analyses his departure from Marxism his elaboration of an alternative social democratic paradigm his entry in Belgian politics as well as the reception of his thought in France and Britain

History and the Formation of Marxism Bertel Nygaard, 2022-09-19 This book redefines the relationship between Marxism and history At its roots Marxism was aimed at analyzing society in order to change it reflecting on the past to create the poetry of the future No single event of the past was as important to early Marxists as the French Revolution of 1789 Studying the varying uses of the history of that past event among Karl Marx Friedrich Engels and prominent European Marxists before 1914 Karl Kautsky V I Lenin and others this book argues that we should take the historiography of concrete past events seriously It was not only an auxiliary element of Marxism but a core constitutive element in its formation Thus this book calls for transcending traditional approaches to Marxism as a fixed set of social theories combined with strategies for the present and future Important to students of Marxism the labor movement and the French Revolution alike this study contains refreshing perspectives on the interplay between past present and future and on the role of states social classes socio

economic determination and political organization in history *From Revolutionaries to Citizens* Paul B. Miller, 2002-04-04

A history of the anti militarist propaganda and activities of the French socialists that seeks to explain why the French left came to accept and in some instances even support World War I *France, Britain and the United States in the Twentieth Century 1900 - 1940* A. Williams, 2014-07-15

Why is France so often relegated to the background in studies of international relations This book seeks to redress this balance exploring the relationship between the United States United Kingdom and France and its wider impact on the theory and practice of international relations Myth of the Nation and Vision of Revolution Ignaz Goldziher, 2017-09-29

In what may well rank as the finest political and intellectual history of the twentieth century the late J L Talmon explores the origins of the schism within European society between the totalitarians of Right and Left as well as the split between an acceptance of the historical national community as the natural political and social framework and the vision of a socialist society achieved by a universal revolutionary breakthrough This the third and final volume of Talmon s history of the modern world brings to bear the resources of his incisive scholarship to examine the workings of the ironies of totalitarianism as well as the resources of democracy *Time on a Human Scale* Julian Wright, Allegra Fryxell, 2021-10-07

Time on a Human Scale offers an ambitious new assessment of how modern Europeans understood time and human experience through studies of politics art literature music and culture of Western Europe between the 1860s and 1930s **The Invention of Marxism** Christina Morina, 2023

The Invention of Marxism shows how a theory of the capitalist system grew into a political philosophy that shaped the history of the twentieth century in extremely destructive as well as productive ways how an idea conquered the world **Dance of the Furies** Michael S. Neiberg, 2011-08-01

Looking beyond diplomats and generals Neiberg shows that neither nationalist passions nor desires for revenge took Europe to war in 1914 Dance of the Furies gives voice to a generation who suddenly found themselves compelled to participate in a ghastly protracted orgy of violence they never imagined would come to pass **Nothing Happened** Darcy Buerkle, 2013-12-13

Charlotte Salomon s 1917 43 fantastical autobiography Life or Theater consists of 769 sequenced gouache paintings through which the artist imagined the circumstances of the eight suicides in her family all but one of them women But Salomon s focus on suicide was not merely a familial idiosyncrasy Nothing Happened argues that the social history of early twentieth century Germany has elided an important cultural and social phenomenon by not including the story of German Jewish women and suicide This absence in social history mirrors an even larger gap in the intellectual history of deeply gendered suicide studies that have reproduced the notion of women s suicide as a rarity in history Nothing Happened is a historiographic intervention that operates in conversation and in tension with contemporary theory about trauma and the reconstruction of emotion in history **The Primacy of Politics** Sheri Berman, 2006-08-07

Political history in the industrial world has indeed ended argues this pioneering study but the winner has been social democracy an ideology and political movement that has been as influential as it has been misunderstood Berman looks at the history of social

democracy from its origins in the late nineteenth century to today and shows how it beat out competitors such as classical liberalism orthodox Marxism and its cousins Fascism and National Socialism by solving the central challenge of modern politics reconciling the competing needs of capitalism and democracy Bursting on to the scene in the interwar years the social democratic model spread across Europe after the Second World War and formed the basis of the postwar settlement This is a study of European social democracy that rewrites the intellectual and political history of the modern era while putting contemporary debates about globalization in their proper intellectual and historical context
