To the Image of the Trinity Donald Juvenal Merriell, Pontifical Institute of Mediaeval Studies, 1990. This book's main concern is St Thomas Aquinas teaching about the image of the Trinity in man. Aquinas thought on this subject developed over the years and so it is necessary to examine carefully the passages in which he deals with the subject at length. The relevance of the subject can be viewed from two angles in relation to the thought of St Thomas himself and to modern theology and contemporary concerns. The concept of the image of God is profoundly interconnected with the Christian doctrine of God and with the Christian view of man.
