The Martinsville Seven Race Rape And Capital Punishment:

The Martinsville Seven Eric W. Rise, 1995-05-29 This book offers the first comprehensive treatment of the case of the Martinsville Seven a group of young black men executed in 1951 for the rape of a white woman in Martinsville Virginia Covering every aspect of the proceedings from the commission of the crime through two appeals Eric W Rise reexamines common assumptions about the administration of justice in the South Although the defendants confessed to the crime racial prejudice undeniably contributed to their eventual executions Rise highlights the efforts of the attorneys who rather than focusing on procedural errors directly attacked the discriminatory application of the death penalty The Martinsville Seven case was the first instance in which statistical evidence was used to prove systematic discrimination against blacks in capital cases *The Martinsville Seven and Southern Justice* Eric Walter Rise, 1992

The International Sourcebook on Capital Punishment Center for Capital Punishment Studies, London, 1997 An indispensable reference and research tool for capital punishment scholars

Summoned at Midnight Richard A. Serrano, 2019-02-05 Uncovers the hidden world of the military legal system and the intimate history of racism that pervaded the armed forces long after integration Richard A Serrano reveals how racial discrimination in the US military criminal justice system determined whose lives mattered and deserved a second chance and whose did not Between 1955 and 1961 a group of white and black condemned soldiers lived together on death row at Fort Leavenworth military prison Although convicted of equally heinous crimes all the white soldiers were eventually paroled and returned to their families spared by high ranking army officers the military courts sympathetic doctors highly trained attorneys the White House staff or President Eisenhower himself During the same 6 year period only black soldiers were hanged Some were cognitively challenged others addicted to substances or mentally unbalanced the same mitigating circumstances that had won white soldiers their death row reprieves These men lacked the benefits of political connections expert lawyers or public support only their mothers begged fruitlessly for their lives to be spared By 1960 John Bennett was the youngest black inmate at Fort Leavenworth His lost battle for clemency was fought between 2 vastly different presidential administrations Eisenhower s and Kennedy s as the civil rights movement was gaining steam Drawing on interviews trial transcripts and rarely published archival material Serrano brings to life the characters in this lost history from desperate mothers and disheartened appeals lawyers to the prison doctors psychiatrists and chaplains He shines a light on the scandalous legal maneuvering that reached the doors of the White House and the disparity in capital punishment that was cut so strictly along racial lines

[Threads](#) Jane L. Collins, 2009-11-15 Americans have been shocked by media reports of the dismal working conditions in factories that make clothing for U S companies But while well intentioned many of these reports about child labor and sweatshop practices rely on stereotypes of how Third World factories operate ignoring the complex economic dynamics driving the global apparel industry To dispel these misunderstandings Jane L Collins visited two very different apparel firms and their factories in the United States and Mexico Moving from corporate

headquarters to factory floors her study traces the diverse ties that link First and Third World workers and managers producers and consumers Collins examines how the transnational economics of the apparel industry allow firms to relocate or subcontract their work anywhere in the world making it much harder for garment workers in the United States or any other country to demand fair pay and humane working conditions Putting a human face on globalization Threads shows not only how international trade affects local communities but also how workers can organize in this new environment to more effectively demand better treatment from their distant corporate employers

Florida and the Criminal Justice Revolution Richard Brust, 2025-05-20 This book explores the history and enduring legacy of Chambers v Florida a landmark ruling that banned confessions obtained through mental or physical coercion in criminal trials and contributed to what is now known as the criminal procedure revolution

Eligible for Execution Thomas G. Walker, 2008-07-15 This riveting and enlightening narrative unfolds on the night of August 16 1996 with the brutal and senseless murder of Eric Nesbitt a young man stationed at Langley Air Force Base at the hands of 18 year old Daryl Atkins Over the course of more than a decade Atkins s case has bounced between the lowest and the highest levels of the judicial system Found guilty and then sentenced to death in 1998 for Nesbitt s murder the Atkins case was then taken up in 2002 by the U S Supreme Court The issue before the justices given Daryl Atkins s mental retardation would his execution constitute cruel and unusual punishment in violation of the Eighth Amendment A 6 3 vote said yes Daryl Atkins s situation was far from being resolved though Prosecutors claimed that Atkins failed to meet the statutory definition of mental retardation and reinstituted procedures to carry out his death sentence Back in circuit court the jury returned its verdict Daryl Atkins was not retarded Atkins s attorneys promptly filed a notice of appeal and the case continues today Drawing on interviews with key participants direct observation of the hearings and close examination of court documents transcripts and press accounts Thomas G Walker provides readers with a rare view of the entire judicial process Never losing sight of the stakes in a death penalty case he explains each step in Atkins s legal journey from the interactions of local law enforcement to the decision making process of the state prosecutor to the Supreme Court s ruling and beyond Walker sheds light on how legal institutions and procedures work in real life and how they are all interrelated to help students better understand constitutional issues the courts and the criminal justice system Throughout Walker also addresses how disability race and other key demographic and social issues affect the case and society s views on the death penalty

Lang, 2009-04-27 This collection of essays looks at the impact of anticommunism on black political culture during the early years of the Cold War with an eye toward local and individual stories that offer insight into larger national and international issues

The Path to the Greater, Freer, Truer World Lindsey R. Swindall, 2019-04-08 The Southern Negro Youth Congress and the Council on African Affairs were two organizations created as part of the early

civil rights efforts to address race and labor issues during the Great Depression They fought within a leftist Pan African framework against disenfranchisement segregation labor exploitation and colonialism By situating the development of the SNYC and the Council on African Affairs within the scope of the long civil rights movement Lindsey Swindall reveals how these groups conceptualized the U S South as being central to their vision of a global African diaspora Both organizations illustrate well the progressive collaborations that maintained an international awareness during World War II Cleavages from anti radical repression in the postwar years are also evident in the dismantling of these groups when they became casualties of the early Cold War By highlighting the cooperation that occurred between progressive activists from the Popular Front to the 1960s Swindall adds to our understanding of the intergenerational nature of civil rights and anticolonial organizing
