The Media Brokers The Night Of The Long Knives:

The Media Brokers Ronald L. Hickman,2000-11-07 *The Media Brokers* tells the untold story of a small unregulated cottage industry which is responsible for the sale of Radio and Television Stations worth billions and billions of dollars and how greed a murder and romance surface to complete this ficitonal story This copyrighted story offers a work of fiction in which the author seeks to interweave elements of media brokering and human drama into a descriptive narrative Never before has the story been told about the role the media brokers play in bringing together Buyers and Sellers of the more than 11 500 radio stations in America A must read for anyone in the communication industry advertising community investors in the broadcasting media field and the book buying public who will find interesting a remnant from World War II the vexing question about why General Douglas McArthur at the signing of surrender by the Japanese in Tokyo Bay Japan in 1945 demanded that all Japanese submarines should surface and fly a BLACK FLAG Why a Black Flag **Where Power Lies**

Lance Price,2014-05-08 Britain has one of the oldest and most developed democracies on earth It is admired and copied the world over Yet at home British politics is frequently viewed with a mixture of derision and contempt Why Our democratic system may be mature but the politicians we elect and the media we rely on to tell us what they are up to often behave like difficult teenagers calling each other names arguing for the sake of argument and pointing the finger of blame rather than accepting responsibility Little wonder that the public switches off tired of all the racket and fed up with the lot of them How did we get into this sorry state or was it ever thus With first hand experience of the worlds of both journalism and politics Lance Price looks back over almost a century of battles between the media and our political leaders to find out who is to blame He exposes liars in Downing Street and scoundrels in Fleet Street bullies and megalomaniacs in both There are many wiser heads too who see the madness and try to find a better way of doing things Yet are all in pursuit of the same objective Power They want power over each other and power over the rest of us It is a battle without end and too often the truth is the first casualty Where Power Lies is the story of how powerful men and women have tried for generations to twist the facts to their own ends It puts the struggle for supremacy between journalists and politicians into perspective And it offers a glimmer of hope for a future in which both sides grow up learn to respect each other and trust the rest of us with that most precious of all commodities the truth **Big Worlds** Jared J. Wesley,2016-01-01 **Safire's Political Dictionary** William

Safire,2008 Featuring more than one thousand new rewritten and updated entries this reference on American politics explains current terms in politics economics and diplomacy **The Fourth Reich and Operation Eclipse** Patrick Delaforce,2017-04-22 In this third volume on the progress of the Second World War after the D Day landings Patrick Delaforce examines the final weeks of World War Two beyond the Yalta Conference when the question to be asked was not who would win but how to prevent the war dragging on and also how to prevent Hitler from implementing a scorched earth policy across the Reichland Then there was the race to win territory as the Russians too clawed their way across Europe

Operation Eclipse begun in March 1945 both prevented the Russians from occupying Denmark in violation of the agreement at Yalta but also occupied the Kiel naval base The book also examines events immediately after the surrender and Hitler's suicide and the creation of the short lived fourth reich under the leadership of Admiral Donitz As well as Denmark the book also covers the liberations of both Holland and Norway Most poignant of all the liberation of the prisoners of war is covered as well as the freeing those that had toiled for Hitler against their will as slaves The book ends with the famous war crimes trials and the beginnings of the Cold War **Library Journal** ,1976 **Parameters of Power** Keith Archer,2002

Streamlined and rewritten to meet the needs of the market *Parameters of Power* now fits the one term Canadian Politics course much better and is more balanced than ever before The defining questions of modern Canadian politics are about institutions and the ways in which they shape our political life Capturing the underlying logic of federalism the Charter of Rights electoral systems and many other areas *Parameters of Power* tries to make sense of issues as they move dynamically from one institutional arena to the next By giving social and cultural factors greater prominence the third edition recognizes Canada's social diversity and inequalities much more so than any competing text *New York Magazine* ,1989-07-31 *New York Magazine* was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **New York Magazine** ,1992-09-07 *New York Magazine* was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The Examiner** ,1856
