The Memoir Of Bernie Sisk A Congressional Record

Bernie Sisk, Avrom I. Dickman

The Memoir Of Bernie Sisk A Congressional Record:

A Congressional Record Bernie Sisk, Avrom I. Dickman, 1980 *A Congressional Record: the Memoir of Bernie Sisk ; an Oral History* Bernice Frederick Sisk, 1980 The Fall and Rise of the Wetlands of California's Great Central Valley Philip Garone, 2020-03-03 This is the first comprehensive environmental history of California's Great Central Valley where extensive freshwater and tidal wetlands once provided critical habitat for tens of millions of migratory waterfowl Weaving together ecology grassroots politics and public policy Philip Garone tells how California's wetlands were nearly obliterated by vast irrigation and reclamation projects but have been brought back from the brink of total destruction by the organized efforts of duck hunters whistle blowing scientists and a broad coalition of conservationists Garone examines the many demands that have been made on the Valley's natural resources especially by large scale agriculture and traces the unforeseen ecological consequences of our unrestrained manipulation of nature He also investigates changing public and scientific attitudes that are now ushering in an era of unprecedented protection for wildlife and wetlands in California and the nation

Congressional Record United States. Congress, 2001 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **The Class of '74** John A. Lawrence, 2018-03-29 A thought provoking look at the game changing congressional Class of 1974 In November 1974 following the historic Watergate scandal Americans went to the polls determined to cleanse American politics Instead of producing the Republican majority foreshadowed by Richard Nixon's 1972 landslide dozens of GOP legislators were swept out of the House replaced by 76 reforming Democratic freshmen In The Class of 74 John A Lawrence examines how these newly elected representatives bucked the status quo in Washington helping to effectuate unprecedented reforms Lawrence's long standing work in Congress afforded him unique access to former members staff House officers journalists and others enabling him to challenge the time honored reputation of the Class as idealistic narcissistic and naive Watergate Babies Their observations help reshape our understanding of the Class and of a changing Congress through frank humorous and insightful opinions These reformers provided the votes to disseminate power elevate suppressed issues and expand participation by junior legislators in congressional deliberations But even as such innovations empowered progressive Democrats the greater openness they created combined with changing undercurrents in American politics in the mid 1970s facilitated increasingly bitter battles between liberals and conservatives These disputes foreshadowed contemporary legislative gridlock and a divided Congress Today many observers point to gerrymandering special interest money and a host of other developments to explain the current dysfunction of American politics In The Class of 74 Lawrence argues that these explanations fail to recognize deep roots of partisanship To fully understand the highly polarized political environment that

now pervades the House and American politics we must examine the complex politics including a more open and contentious House that emerged in the wake of Watergate

How Congress Evolves Nelson W. Polsby, 2005-04-07 From the end of the New Deal until quite recently the U S House of Representatives was dominated by a conservative coalition that thwarted the Democratic majority and prevented the enactment of measures proposed by a succession of liberal Presidents Today Presidents aren't necessarily liberal and the House of Representatives is not necessarily the graveyard of presidential proposals What happened Congress evolved It all began with airconditioning In this entertaining tale of one of our most august institutions Nelson Polsby describes how the Democratic majority finally succeeded in overcoming the conservative coalition changing the House The evolution required among other things the disappearance of Dixiecrats from the House Democratic caucus Dixiecrats were replaced by the rise of the Republican party in the south The Republican party in southern states was strengthened by an influx of migrants from the north who came south to settle after the introduction of residential air conditioning which made the climate more tolerable to Northerners This evolutionary process led to the House's liberalization and concluded with the House's later transformation into an arena of sharp partisanship visible among both Democrats and Republicans A fascinating read by one of our most influential political scientists How Congress Evolves breathes new life into the dusty corners of institutional history and offers a unique explanation for important transformations in the congressional environment

Hispanic Americans in Congress, 1822-2012 Matthew Andrew Wasniewski, Albin Kowalewski, Laura Turner O'Hara, Terrance Rucker, 2013 A compilation of historical essays and short biographies about 91 Hispanic Americans who served in Congress from 1822 to 2012 Provided by publisher

The Dreamt Land Mark Arax, 2020-04-07 A vivid searching journey into California's capture of water and soil the epic story of a people's defiance of nature and the wonders and ruin it has wrought Mark Arax is from a family of Central Valley farmers a writer with deep ties to the land who has watched the battles over water intensify even as California lurches from drought to flood and back again In The Dreamt Land he travels the state to explore the one of a kind distribution system built in the 1940s 50s and 60s that is straining to keep up with California's relentless growth The Dreamt Land weaves reportage history and memoir to confront the Golden State myth in riveting fashion No other chronicler of the West has so deeply delved into the empires of agriculture that drink so much of the water The nation's biggest farmers the nut king grape king and citrus queen tell their story here for the first time Arax the native son is persistent and tough as he treks from desert to delta mountain to valley What he finds is hard earned awe inspiring tragic and revelatory In the end his compassion for the land becomes an elegy to the dream that created California and now threatens to undo it

Biographical Directory of the American Congress, 1774-1996 Joel D. Treese, 1997 Closing date of compilation September 30 1996 T p

Water Politics Thomas T. Holyoke, 2023-11-13 This book is about the enactment adaption and ultimately fragmentation of government policy regarding the use of water in the American west It describes its origins how it became about building big projects and how it was

fragmented by pressures from environmental activism The book also explores the western water crisis in the United States The case studies used in here will help readers understand water development and the political battles around it in most of the western states to show here how and why the policy changed and even broke down The book is divided into two parts and describes the different eras of water policy While most books on water policy focus on its deficiencies for meeting future challenges Water Politics The Fragmentation of Western Water Policy attempts to explore why those deficiencies occurred in the first place The book is intended for undergraduate and graduate students in political science and policy studies who are interested in how public policies are enacted how they change and how they fall apart over time and why The book will also be of particular interest to students in other disciplines that deal with water such as environmental studies geology sociology hydrology and civil engineering
