U.S. Congress. House. Committee on education, 1926 Fundamental Of The Interrogation Techniques Satya Pratap Singh, 2008-12 Quality interrogation is an essential ingredient of any investigation Unfortunately it also happens to be the most neglected aspect of any investigating process owing to certain extraneous considerations Firstly the Interrogator himself is a tearing hurry to claim the kudos for the speedy results Equally responsible is the media both print and visual who it appears at times suffer from the breaking news syndrome Public too could be blamed who suffer from the insatiable appetite for instant results All these infirmities adversely affect the investigation which result in the miscarriage of justice since any faulty investigation can never withstand the judicial scrutiny by a court of law Possibility of an innocent person going behind the bar cannot be ruled out if any investigation has been built up on ill conceived prejudices and bias There are hardly any books on interrogation techniques except for out dated manuals available with various departments engaged in the investigation of criminal or civilian offences The author has vast experience of interrogation techniques first as a Brigade Intelligence Officer in a committed infantry Brigade opposite Pakistan and then in the Directorate of Revenue Intelligence Central Economic Intelligence Bureau and anti smuggling preventive customs commissionerate in Mumbai for over two decades The statistics in relation to the economic offences scenario on India have been incorporated courtesy Directorate of Revenue Intelligence and Narcotics Control Bureau The language of the book is simple but lyrical which can mould any raw officer into a model interrogator The interrogation

basically being the battle of wits the usefulness of the book to police and various other intelligence agencies of the Government Department cannot be over emphasized Using Women Nancy Campbell, 2002-12-24 From the 1950s girl junkie to the 1990s crack mom Using Women investigates how the cultural representations of women drug users have defined America's drug policies in this century In analyzing the public's continued fear horror and outrage wrought by the specter of women using drugs Nancy Campbell demonstrates the importance that public opinion and popular culture have played in regulating women's lives The book will chronicle the history of women and drug use provide a critical policy analysis of the government's drug policies and offer recommendations for the direction our current drug policies should take Using Women includes such chapters as Sex Drugs and Race in the Age of Dope Regulating Adolescents in the Postwar US Fifties Femininity and Regulating Maternal Instinct **Confirmation Hearings of Federal Appointments to the Office of National Drug Control Policy (Bennett, Walton, and Morris)** United States. Congress. Senate. Committee on the Judiciary, 1991 The Global Connection: Heroin Entrepreneurs: Narcotic Sentencing and Seizure Act of 1976 (S. 3411 and S. 3645) United States. Congress. Senate.
