The Metaphysics Of Beauty:

The Metaphysics of Beauty Nick Zangwill, 2018-05-31 In chapters ranging from The Beautiful the Dainty and the Dumpy to Skin deep or In the Eye of the Beholder Nick Zangwill investigates the nature of beauty as we conceive it and as it is in itself The notion of beauty is currently attracting increased interest particularly in philosophical aesthetics and in discussions of our experiences and judgments about art In The Metaphysics of Beauty Zangwill argues that it is essential to beauty that it depends on the ordinary features of things He uses this principle to defend the notion of the aesthetic to call for a version of aesthetic formalism and to reconsider the reality of beauty The Metaphysics of Beauty brings beauty to the center of intellectual consciousness in a manner informed by contemporary metaphysics and engages with beauty as an enduring object of human thought and experience

Leibniz's Aesthetics Carlos Nicolas Portales, 2019 *Redeeming Beauty* O. P. Aidan Nichols, Aidan Nichols, 2007 Redeeming Beauty explores the richness of orthodox Christian tradition both Western and Eastern in matters of sacral aesthetics a term used to denote the foundations production and experience of religiously relevant beauty Aidan Nichols investigates five principal themes the foundation of beauty in the natural order through divine creative action explicitly evangelical beauty as a quality of biblical revelation and notably at its climax in Christ the legitimacy of making and venerating artworks qualities of the self in relation to objective presentation of the religiously beautiful and the difficulties of practising a sacral aesthetic whether as producer or consumer in an epoch when the visual arts themselves have left behind not only Church but for the greater part the public as well The thought of theologians such as Augustine Aquinas Balthasar Ratzinger Bulgakov Maritain and others is explored

Metaphysics of Goodness Robert Cummings Neville, 2019-09-27 In Metaphysics of Goodness Robert Cummings Neville extends Alfred North Whitehead's project of cultural studies which was based on a new metaphysics that Whitehead developed in Adventures of Ideas Neville's focus is value or goodness in many modes The metaphysics treated in this book derive from the Platonic and Confucian traditions with significant modifications of Whitehead Peirce Dewey Confucius Xunzi and Zhou Dunyi Part one develops a theory of form based on a metaphysics of harmony Part two elaborates a theory of art based on a metaphysics of beauty Part three sketches a theory of personhood based on a metaphysics of obligation Part four discusses civilization in a systematic way based on a metaphysics of flourishing Throughout the book Neville elaborates a theory of interpretation that is inspired by Peirce Dewey and Xunzi but is not limited to their ideas While the reasoning of the book is concise it employs methodologies from many kinds of philosophy art criticism ethics and cultural studies and sees philosophy as needing to learn from all these disciplines

Redeeming Beauty Fr Aidan Nichols O P, 2013-05-28 Redeeming Beauty explores the richness of orthodox Christian tradition both Western and Eastern in matters of sacral aesthetics a term used to denote the foundations production and experience of religiously relevant beauty Aidan Nichols investigates five principal themes the foundation of beauty in the natural order through divine creative action explicitly evangelical beauty as a quality of biblical

revelation and notably at its climax in Christ the legitimacy of making and venerating artworks qualities of the self in relation to objective presentation of the religiously beautiful and the difficulties of practising a sacral aesthetic whether as producer or consumer in an epoch when the visual arts themselves have left behind not only Church but for the greater part the public as well The thought of theologians such as Augustine Aquinas Balthasar Ratzinger Bulgakov Maritain and others is explored

The Revival of Beauty Catherine Wesselinoff, 2023-08-18 This book provides original descriptive accounts of two schools of thought in the philosophy of beauty the 20th century Anti Aesthetic movement and the 21st century Beauty Revival movement It also includes a positive defence of beauty as a lived experience extrapolated from Beauty Revival position Beauty was traditionally understood in the broadest sense as a notion that engages our sense perception and embraces everything evoked by that perception including mental products and affective states This book constructs and places in parallel with one another the Anti Aesthetic and Beauty Revival movements In the author's view Anti Aestheticism is devoted to a decisive negation of beauty denying its importance as a philosophical notion and its significance as a lived experience It suggests that beauty is a merely sensual experience which can be used at best as a distraction from justice and at worst as an instrument of evil Alternatively the Beauty Revival movement advances arguments for beauty as an experience that extends primarily to sensual experience but which also calls forth mental products and cognitive and affective states evoked by that experience After reconstructing these two positions the author elaborates on the notion of beauty as a lived experience through three key moments which occur in the process of our experiencing beautiful objects These moments are a the conditions that constitute an experience of beauty b the attitudinal features most likely to lead to the experience of beauty and c the results of the experience of beauty *The Revival of Beauty* will be of interest to scholars and advanced students working in aesthetics history of philosophy and art history

Eating Beauty Ann W. Astell, 2016-02-09 The enigmatic link between the natural and artistic beauty that is to be contemplated but not eaten on the one hand and the eucharistic beauty that is both seen with the eyes of faith and eaten on the other intrigues me and inspires this book One cannot ask theological aesthetic questions about the Eucharist without engaging fundamental questions about the relationship between beauty art broadly defined and eating from *Eating Beauty* In a remarkable book that is at once learned startlingly original and highly personal Ann W Astell explores the ambiguity of the phrase eating beauty The phrase evokes the destruction of beauty the devouring mouth of the grave the mouth of hell To eat beauty is to destroy it Yet in the case of the Eucharist the person of faith who eats the Host is transformed into beauty itself literally incorporated into Christ In this sense Astell explains the Eucharist was productive of an entire way of life a virtuous life form an artwork with Christ himself as the principal artist The Eucharist established for the people of the Middle Ages distinctive schools of sanctity Cistercian Franciscan Dominican and Ignatian whose members were united by the eucharistic sacrament that they received Reading the lives of the saints not primarily as historical documents but as iconic expressions of original artworks fashioned by the eucharistic Christ Astell

puts the faceless Host in a dynamic relationship with these icons With the advent of each new spirituality the Christian idea of beauty expanded to include first the marred beauty of the saint and finally that of the church torn by division an anti aesthetic beauty embracing process suffering deformity and disappearance as well as the radiant lightness of the resurrected body This astonishing work of intellectual and religious history is illustrated with telling artistic examples ranging from medieval manuscript illuminations to sculptures by Michelangelo and paintings by Salvador Dal Astell puts the lives of medieval saints in conversation with modern philosophers as disparate as Simone Weil and G W F Hegel **The Beauty of the Triune God** Kin Yip Louie,2013-07-29 The eighteenth century Puritan theologian Jonathan Edwards has become popular again in contemporary theological discussion Central to Edwards theology is his concept of beauty Delattre wrote the standard work on this topic half a century ago However Delattre approaches Edwards mainly as a philosopher and he does not address how Edwards employs the concept of beauty to explain and defend traditional Reformed doctrines Recent writings by McClymond Holmes and others have shown that defending the Reformed tradition is a fundamental concern of Edwards This work reveals how Edwards starting with the common notion that beauty means the appropriate proportional relationship develops a theological aesthetic that contributes to a rational understanding of major doctrines such as the Trinity Christology and eschatology It shows that Edwards is both an innovative speculative theologian and a staunch defender of Reformed orthodoxy Exploring the Critical Issues of Beauty Gabrielle Simpson,2020-05-18 Exploring the Critical Issues of Beauty offers a wide range of topics on concepts of Beauty from scholars academics and researchers around the world The Concept of the Beautiful Agnes Heller,2012-01-26 This book details the history of the concept of the beautiful starting with a distinction between the warm metaphysics of beauty and the cold one modeled on Plato s Janus faced relationship to beauty and ending with a fragmented yet hopeful vision propagated by the likes
