Ronald D. Gray

The Mighty Alchemical King:

The Modern Alchemist Richard Alan Miller, Iona Miller, 1994-01-01 Phanes fa nays means manifester or revealer and is related to the Greek words light and to shine forth Phanes Press was founded in 1985 to publish quality books on the spiritual philosophical and cosmological traditions of the Western world Since that time we have published 45 books including five volumes of Alexandria a book length journal of cosmology philosophy myth and culture The year 2000 marks our fifteen year anniversary and we are working to bring out more interdisciplinary works including books on creativity psychology literature and the intersections between science spirituality and culture How the stages of the alchemical process relate to psychological and spiritual growth **The Legend of the Alchemist, and Other Poems** Charles O'Connor Fenton, 1897

Newton the Alchemist William R. Newman, 2018-12-11 A book that finally demystifies Newton's experiments in alchemy When Isaac Newton's alchemical papers surfaced at a Sotheby's auction in 1936 the quantity and seeming incoherence of the manuscripts were shocking No longer the exemplar of Enlightenment rationality the legendary physicist suddenly became the last of the magicians Newton the Alchemist unlocks the secrets of Newton's alchemical quest providing a radically new understanding of the uncommon genius who probed nature at its deepest levels in pursuit of empirical knowledge In this evocative and superbly written book William Newman blends in depth analysis of newly available texts with laboratory replications of Newton's actual experiments in alchemy He does not justify Newton's alchemical research as part of a religious search for God in the physical world nor does he argue that Newton studied alchemy to learn about gravitational attraction Newman traces the evolution of Newton's alchemical ideas and practices over a span of more than three decades showing how they proved fruitful in diverse scientific fields A precise experimenter in the realm of chymistry Newton put the riddles of alchemy to the test in his lab He also used ideas drawn from the alchemical texts to great effect in his optical experimentation In his hands alchemy was a tool for attaining the material benefits associated with the philosopher's stone and an instrument for acquiring scientific knowledge of the most sophisticated kind Newton the Alchemist provides rare insights into a man who was neither Enlightenment rationalist nor irrational magus but rather an alchemist who sought through experiment and empiricism to alter nature at its very heart **Goethe The Alchemist** Ronald D. Gray, **Goethe the Alchemist** Ronald Douglas Gray, Gray Ronald Douglas, 2010-06-17 This 1952 study analyses Goethe's writings in the light of his youthful readings in alchemy The Chronicles of the Mystic Alchemist 2 Wesley Wang, 2024-07-05 **The Virgin Mary as Alchemical and Lullian Reference in Donne** Roberta Albrecht, 2005 This study will also appeal to New Historicists and those interested in alchemy emblems or theology Jacket The Alchemical Body David Gordon White, 2012-07-10 A brilliant disquisition on mostly unpublished texts for three allied systems of tantric thought and praxis sexual alchemical and hatha yogic The Journal of Asian Studies The Alchemical Body excavates and centers within its Indian context the lost tradition of the medieval Siddhas Working from previously unexplored alchemical sources David Gordon

White demonstrates for the first time that the medieval disciplines of Hindu alchemy and hatha yoga were practiced by one and the same people and that they can be understood only when viewed together White opens the way to a new and more comprehensive understanding of medieval Indian mysticism within the broader context of south Asian Hinduism Buddhism Jainism and Islam White proves a skillful guide in disentangling historical and theoretical complexities that have thus far bedeviled the study of these influential aspects of medieval Indian culture Yoga World Anyone seriously interested in finding out more about authentic tantra original hatha yoga embodied liberation sacred sexuality paranormal abilities healing and of course alchemy will find White s extraordinary book as fascinating as any Tom Clancy thriller Georg Feuerstein Yoga Journal Remarkable a study of the language of mystic experience and expression the multitudinous symbols rituals and doctrines of the medieval siddhis yogis and alchemists Skeptic Meditations The Marriage of Heaven and Earth Randall A.

Clack,2000-08-30 From the Middle Ages to the close of the 17th century alchemy was fundamental to Western culture as scores of experimenters sought to change lead into gold Though its significance declined with the rise of chemistry alchemy continued to captivate the imagination of writers and its images still appear in modern creative works This book examines the literary representation of alchemical theory and the metaphor of alchemical regeneration in the works of Edward Taylor Edgar Allan Poe Nathaniel Hawthorne and Margaret Fuller While Taylor used alchemical metaphors to illustrate the redeeming grace of God upon the soul these same metaphors were used by Poe Hawthorne and Fuller to depict a broader concept of redemption These later writers used alchemical imagery to describe both the regeneration of the individual and the possible transformation of society For Poe alchemy became a metaphor for the transforming power of imagination for Hawthorne it became a means of representing the redeeming power of love for Fuller it figured the reconciliation of gender opposites Thus these four American writers incorporated the idea of regeneration in their works and the tropes and metaphors of the medieval alchemists provided a fascinating way of imagining the transformative process The Alchemist

Hans Holzer,2016-01-16 Hans Holzer the most prolific writer about the occult in the world here tells what happened when he investigated the mysterious secret activities of the Holy Roman Emperor Rudolf von Habsburg in the very city where Rudolf ruled There Holzer first heard about Father Damiano Emperor Rudolf s secret confidant and the diary he kept Holzer visited Father Damiano s grave and noticed something very strange about the tombstone The diary revealed the Emperor had surrounded himself with astrologers and alchemists set up smelting kitchens for turning lead into gold and used erotic means to summon supernatural powers Here the whole story is revealed for the first time
