In Outer Places Eleanor B. Hibben, 1983 *In Outer Places* Eleanor B. Hibben, 1983 **Cultural Negotiations** David L. Browman, 2013-06-01 This meticulously researched reference work documents the role of women who contributed to the development of Americanist archaeology from 1865 to 1940 Between the Civil War and World War II many women went into anthropology and archaeology fields that at the beginning of this period welcomed and made room for amateurs of both genders But over time the increasingly professional structure of these fields diminished or even obscured the contributions of women due to their lack of access to prestigious academic employment and publishing opportunities As a result a woman archaeologist during this period often published her research under her husband's name or as a junior author with her husband In *Cultural Negotiations* archaeologist David L Browman has scoured the archaeological literature and archival records of several institutions to bring the stories of more than two hundred women in Americanist archaeology to light through detailed biographies that discuss their contributions and publications This work highlights how the social and cultural construction of archaeology as a field marginalized women and will serve as an invaluable reference to those researchers who continue to uncover the history of women in the sciences *Princeton Alumni Weekly*, 1930 *New Mexico Magazine*, 1984 **Paperbound Books in Print**, 1992 **Books in Print**, 1983 *The Cumulative Book Index*, 1984 A world list of books in the English language *Forthcoming Books* Rose Arny, 1984 *Anthropology Newsletter*, 1984 *The Publishers' Trade List Annual*, 1985 **Subject Guide to Books in Print**, 1983 **How to Survive 2012** Patrick Geryl, 2007 In this book Geryl provides the blueprint for those wishing to survive the 2012 disaster to prepare themselves and prevail He explains in detail the myriad problems survivors will encounter and the precautions that need to be taken to overcome them *Book Talk*, 1994 **New York Times Saturday Book Review Supplement**, 1962-12

Gun Digest, 1992 Ken Warner, 1991-07 With sales of nearly a quarter million copies each year *Gun Digest* is the most authoritative book on the subject of firearms available today The front half of the book consists of the best writing available on firearms subjects The back half of the book consists of a complete catalog of all firearms manufactured in or imported to the U S with full specifications and prices *The New York Times Book Review*, 1962 *Hobbies*, 1955 *Current Literature*, 1917 **Current Opinion** Edward Jewitt Wheeler, Frank Crane, 1917
