Jonathan Chaves makes available a vast store of rich and significant poems by both major and minor poets from China s last three dynasties Featured are poems from the Yuan dynasty which range from quiet landscape depictions to expansive freely expressive works from the Ming era notable for its stylistic quality and its diversity and from the Ch ing dynasty known for poets who by refusing to fit into any category helped continue the fascinating richness of late Ming cultural life Annotated with biographical sketches of the poets and illustrated with their paintings this collection is an unprecedented anthology of exceptionally well translated Chinese poetry up to the twentieth century *Art as Music, Music as Poetry, Poetry as Art, from Whistler to Stravinsky and Beyond* Peter Dayan,2016-04-08 In 1877 Ruskin accused Whistler of flinging a pot of paint in the public s face Was he right After all Whistler always denied that the true function of art was to represent anything If a painting does not represent what is it other than mere paint flung in the public s face Whistler s answer was simple painting is music or it is poetry Georges Braque half a century later echoed Whistler s answer So did Braque s friends Apollinaire and Ponge They presented their poetry as music too and as painting But meanwhile composers such as Satie and Stravinsky were presenting their own art music as if it transposed the values of painting or of poetry The fundamental principle of this

intermedial aesthetic which bound together an extraordinary fraternity of artists in all media in Paris from 1885 to 1945 was this we must always think about the value of a work of art not within the logic of its own medium but as if it transposed the value of art in another medium Peter Dayan traces the history of this principle how it created our very notion of great art why it declined as a vision from the 1960s and how in the 21st century it is fighting back
