**An Annotated Bibliography of Inuit Art** Richard C. Crandall, Susan M. Crandall, 2015-07-25 Archaeological digs have turned up sculptures in Inuit lands that are thousands of years old but Inuit art as it is known today only dates back to the beginning of the 1900s Early art was traditionally produced from soft materials such as whalebone and tools and objects were also fashioned out of stone bone and ivory because these materials were readily available The Inuit people are known not just for their sculpture but for their graphic art as well the most prominent forms being lithographs and stonecuts This work affords easy access to information to those interested in any type of Inuit art There are annotated entries on over 3 761 articles books catalogues government documents and other publications

**Inuit Art** Richard C. Crandall, 2000 Inuit sometimes referred to as Eskimo art is the primary art form of Canada and has a large international following particularly in the United States Japan and Germany Despite its popularity the complete history of Inuit art has never been presented This is the first chronological synthesis of Inuit art following its development from prehistory through early American and European exploration to the recognition of Inuit art as a commercial possibility and up to the present There is a particular emphasis on contemporary art and artists and the years 1950 through 1997 are each given separate detailed treatment in regard to important shows and events This history is appropriate both for the beginning admirer of Inuit art and for those already well immersed in it

**Inuit Art Quarterly**, 1995 Canadian Who's Who 2008 Elizabeth Lumley, 2008-01-05 Now in its ninety eighth year of publication this standard Canadian reference source contains the most comprehensive and authoritative biographical information on notable living Canadians Those listed are carefully selected because of the positions they hold in Canadian society or because of the contribution they have made to life in Canada The volume is updated annually to ensure accuracy and 600 new entries are added each year to keep current with developing trends and issues in Canadian society Included are outstanding Canadians from all walks of life politics media academia business sports and the arts from every area of human activity Each entry details birth date and place education family career history memberships creative works honours and awards and full addresses Indispensable to researchers students media business government and schools Canadian Who's Who is an invaluable source of general knowledge The complete text of Canadian Who's Who is also available on CD ROM in a comprehensively indexed and fully searchable format Search astronaut or entrepreneur of the year aboriginal achievement award and Order of Canada and discover a wealth of information Fast easy and more accessible than ever the Canadian Who's Who on CD ROM is an essential addition to your electronic library

**The Canadian Encyclopedia** James H. Marsh, 1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing

out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada s motto and a good description of this volume s range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada s finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada

*Builders* National Gallery of Canada, Heather Marie Anderson, Jonathan Shaughnessy, 2012 *Builders* Canadian Biennial 2012 is the National Gallery of Canada s second exhibition of new Canadian art acquired over the past two years and features over 100 paintings sculptures drawings videos and multimedia installations created by more than forty artists In placing emergent practices alongside long established Canadian artists who have been instrumental in building a context for Canadian art today *Builders*

**Prospects for Polar Tourism** John Snyder, Bernard Stonehouse, 2007 This book examines polar tourism in its environmental economic and cultural settings and explores the potential for growth as well as essential management for sustainability It has 17 chapters organized in 4 parts under the following headings i tourism and the polar environment ii economic roles of polar tourism iii developments in Antarctic tourism and iv managing the new realities The book will appeal to researchers in tourism ecology and environmental studies and to those involved in developing sustainable polar tourism It has a subject index

**Sustainable Tourism Management** John Swarbrooke, 1999 Sustainable tourism is attracting enormous attention today throughout the world This book provides an up to date comprehensive coverage of the practice and management of the subject It offers a range of definitions of sustainable tourism from different sectors of tourism and different parts of the world Key issues and current debates are also discussed and a range of examples of sustainable tourism management practice are given The book is designed to be interactive with group and individual exercises and discussion points to further understanding of the subject

**Arctic Revolution** John David Hamilton, 1994-09-01 This pathbreaking book offers some nononsense truths about northern development

By Strength, We Are Still Here Crystal Gail Fraser, 2024-12-13 The first comprehensive study of Indian residential schools in the North In this ground breaking book Crystal Gail Fraser draws on Dinjii Zhuh Gwich in concepts of individual and collective strength to illuminate student experiences in northern residential schools revealing the many ways Indigenous communities resisted the institutionalization of their children After 1945 federal bureaucrats and politicians increasingly sought to assimilate Indigenous northerners who had remained comparatively outside of their control into broader Canadian society through policies that were designed to destroy Indigenous ways of life Foremost among these was an aggressive new schooling policy that mandated the construction of Grollier and Stringer Halls massive residential schools that opened in Inuvik in 1959 eleven years after a special joint committee of the House of Commons and the Senate recommended that all residential schools in Canada be closed By Strength We Are Still Here shares the lived experiences of Indigenous northerners from 1959 until 1982 when the territorial government published a comprehensive plan for educational reform Led by Survivor testimony Fraser shows the roles both students and their families played in disrupting state agendas including questioning and changing the system to protect their cultures and communities Centring the expertise of Knowledge Keepers By Strength We Are Still Here makes a crucial contribution to Indigenous research methodologies and to understandings of Canadian and Indigenous histories during the second half of the twentieth century

*Tourism and Political Change* Richard Butler, Wantanee

Suntikul, 2010-04-12 Tourism is a vital tool for political and economic change Calls for boycotts by tourists of countries reflect the huge impact that tourist activity and the tourism industry has on political change

**Hunters at the Margin** John Sandlos, 2011-11-01 Hunters at the Margin examines the conflict in the Northwest Territories between Native hunters and

conservationists over three big game species the wood bison the muskox and the caribou John Sandlos argues that the introduction of game regulations national parks and game sanctuaries was central to the assertion of state authority over the traditional hunting cultures of the Dene and Inuit His archival research undermines the assumption that conservationists were motivated solely by enlightened preservationism revealing instead that commercial interests were integral to wildlife management in Canada

**Do You See Ice?** Karen Routledge, 2018-12-10 Many Americans imagine the Arctic as harsh freezing and nearly uninhabitable The living Arctic however the one experienced by native Inuit and others who work and travel there is a diverse region shaped by much more than stereotype and mythology Do You See Ice presents a history of Arctic encounters from 1850 to 1920 based on Inuit and American accounts revealing how people made sense of new or changing environments Routledge vividly depicts the experiences of American whalers and explorers in Inuit homelands Conversely she relates stories of Inuit who traveled to the northeastern United States and were similarly challenged by the norms practices and weather they found there Standing apart from earlier books of Arctic cultural research which tend to focus on either Western expeditions or Inuit life Do You See Ice explores relationships between these two groups in a range of northern and temperate locations Based on archival research and conversations with Inuit Elders and experts Routledge's book is grounded by ideas of home how Inuit and Americans often experienced each other's countries as dangerous and inhospitable how they tried to feel at home in unfamiliar places and why these feelings and experiences continue to resonate today The author intends to donate all royalties from this book to the Elders Room at the Angmarlik Center in Pangnirtung Nunavut

**Inuit Shamanism and Christianity** Frédéric B. Laugrand, Jarich G. Oosten, 2010-01-01 Using archival material and oral testimony collected during workshops in Nunavut between 1996 and 2008 Frédéric Laugrand and Jarich Oosten provide a nuanced look at Inuit religion offering a strong counter narrative to the idea that traditional Inuit culture declined post contact They show that setting up a dichotomy between a past identified with traditional culture and a present involving Christianity obscures the continuity and dynamics of Inuit society which has long borrowed and adapted outside elements They argue that both Shamanism and Christianity are continually changing in the Arctic and ideas of transformation and transition are necessary to understand both how the ideology of a hunting society shaped Inuit Christian cosmology and how Christianity changed Inuit shamanic traditions

**Community at Play** Anja Nicole Stuckenberg, 2005 This study shows by examining ways of social and religious life in a modern Inuit community and the annual ten days of Christmas festival that after more than 100 years of being Christians and about 50 years after moving from nomadic hunting camps to mo

**Monuments and Memory, Made and Unmade** Robert S. Nelson,Margaret Olin,2003 How do some monuments become so socially powerful

that people seek to destroy them After ignoring monuments for years why must we now commemorate public trauma but not triumph with a monument To explore these and other questions Robert S Nelson and Margaret Olin assembled essays from leading scholars about how monuments have functioned throughout the world and how globalization has challenged Western notions of the monument Examining how monuments preserve memory these essays demonstrate how phenomena as diverse as ancient drum towers in China and ritual whale killings in the Pacific Northwest serve to represent and negotiate time Connecting that history to the present with an epilogue on the World Trade Center Monuments and Memory Made and Unmade is pertinent not only for art historians but for anyone interested in the turbulent history of monuments a history that is still very much with us today Contributors Stephen Bann Jonathan Bordo Julia Bryan Wilson Jas Elsner Tapati Guha Thakurta Robert S Nelson Margaret Olin Ruth B Phillips Mitchell Schwarzer Lillian Lan ying Tseng Richard Wittman Wu Hung
