Tropes, Parables, and Performatives J. Hillis Miller,1991-12-06 Tropes Parables Performatives collects J Hillis Miller s essays on seven major twentieth century authors Lawrence Kafka Stevens Williams Woolf Hardy and Conrad For all their evident differences these essays from early to late explore a single intuition about literature which may be framed by three words trope parable and performative Throughout these essays Miller is fascinated with the tropological dimension of literary language with the way figures of speech turn aside the telling of a story or the presentation of a literary theme The exploration of this turning leads to the recognition that all works of literature are parabolic thrown beside their real meaning They tell one story but call forth something else Miller further agrees that all parables are fundamentally performative They do not merely name something or give knowledge but rather use words to make something happen to get the reader from here to there Each essay here attempts to formulate what in a given case the reader performatively enters by way of parabolic trope Sermons by Jonathan Edwards on the Matthean Parables, Volume I Kenneth P. Minkema,Adriaan C. Neele,Bryan McCarthy,2012-05-09 This first volume of Sermons by Jonathan Edwards on the Matthean Parables contains a previously

unpublished series by Edwards on Jesus Parable of the Wise and Foolish Virgins as found in Matthew 25 Edwards preached these sermons in 1737-38 in the lull between the Connecticut Valley Revival of 1734-35 and the Great Awakening which started in Massachusetts in late 1740 Not only does this series have significance for its place in the Protestant evangelical awakening of the eighteenth century but it is also an important index of Edwards developing thought on the nature of sainthood and related topics of theoretical and practical Christianity particularly in the context of widespread spiritual renewal To assist the reader preceding the series are two introductions that describe Edwards preaching style and method and provide an historical context for the series itself Prepared from the original manuscripts by the staff of the Jonathan Edwards Center at Yale University this series represents a significant addition to the available Edwards corpus that will be of interest to scholars religious leaders and general readers *Snapshots of the Kingdom* David M. Powers, 2006-01-10

For over a century the Danish thinker Søren Kierkegaard 1813-55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought psychology and contemporary aesthetics especially literary theory Despite his relatively short life Kierkegaard was an extraordinarily prolific writer as attested to by the 26 volume Princeton University Press edition of all of his published writings But Kierkegaard left behind nearly as much unpublished writing most of which consists of what are called his journals and notebooks Kierkegaard has long been recognized as one of history's great journal keepers but only rather small portions of his journals and notebooks are what we usually understand by the term diaries By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects philosophical religious political personal Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought We can witness the genesis of his published works to be sure but we can also see whole galaxies of concepts new insights and fragments large and small of partially or almost entirely completed but unpublished works Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the extensive marginal comments that he added later This edition of the journals reproduces this format includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced Volume 8 of this 11

volume series includes five of Kierkegaard's important NB journals Journals NB21 through NB25 which cover the period from September 1850 to June 1852 and which show Kierkegaard alternately in polemical and reflective postures The polemics emerge principally in Kierkegaard's opposition to the increasing infiltration of Christianity by worldly concerns a development that in his view had accelerated significantly in the aftermath of the political and social changes wrought by the Revolution of 1848 Kierkegaard understood the corrupting of Christianity to be in the interest of the powers that be and he directed his criticism at politicians the press and especially the Danish Church itself particularly church officials who claimed to be reformers On the reflective side Kierkegaard delves into a number of authors and religious figures some of them for the first time including Montaigne Pascal Seneca Savonarola Wesley and F W Newman These journals also contain Kierkegaard's thoughts on the decisions surrounding the publication of the Anti Climacus writings The Sickness unto Death and especially Practice in Christianity Kierkegaard's reader gets the sense both of a gathering storm by the close of the last journal in this volume the famous attack on Christendom is less than three years away and a certain hesitancy What needs reforming Kierkegaard insists is not the doctrine or the Church but existences i e lives

The Theologically Formed Heart Warner M. Bailey, Lee C. Barrett, James O. Duke, 2014-09-10 The Theologically Formed Heart invites the reader to consider the role of theology in the formation of virtues and passions and conversely the role of virtues and passions in understanding Scripture theology and living a Christian life The essays in this volume are offered in appreciation of the teaching scholarship and service to the church and world of Professor of Theology David J Gouwens They are organized in three sections theological reflections Reformed theology in service to the church and studies in the thought of Soren Kierkegaard Four important issues are explored from multiple perspectives the Church's coming to terms with religious pluralism in mission inter religious dialogue theological education and ecclesial life the gospel's invitation to welcome communities of difference Reformed aesthetics in Calvin's rhetoric and in contemporary hymnody and Kierkegaard's contribution to theology and ecclesial practice The aims of the book go beyond academic confines Through reading the different essays a personality will emerge who illustrates a life of scholarship that yields itself gladly to the God made known in Jesus Christ Thus beyond imparting new information the book may inspire its readers to their own practice of theologically forming their hearts

Love's Forgiveness John Lippitt, 2020-09-25 Love's Forgiveness combines a discussion of the nature and ethics of forgiveness with a discussion inspired by Kierkegaard of the implications of considering interpersonal forgiveness as a work of love It introduces the reader to some key questions that have exercised recent philosophers of forgiveness discussing the relationship between forgiveness and an extended notion of resentment considering whether forgiveness should be conditional or unconditional showcasing a particular understanding of the latter and arguing that there are legitimate forms of third party forgiveness It then introduces the idea of forgiveness as a work of love through a discussion of Kierkegaard key New Testament passages on forgiveness and some contemporary work on the

philosophy of love Drawing on both philosophy and the New Testament it offers an understanding of forgiveness that incorporates both agapic love and a proper concern for justice John Lippitt explores religious and secular uses of key metaphors for forgiveness and the idea of forgivingness as a character trait suggesting that seeking to correct for various cognitive biases is key to the development of such a virtue and connecting it to other putative virtues such as humility and hope Lippitt draws on both Kierkegaard s discourse literature and contemporary philosophical work on these latter characteristics before turning to a discussion of the nature of self forgiveness Throughout the book the philosophical and theological literature is rooted in a discussion of various forgiveness narratives including Helen Prejean s Dead Man Walking Thordis Elva and Tom Stranger s South of Forgiveness and Ian McEwan s Atonement Natural Law in the Spiritual World
