## **The Paris Metro A Ticket To French History:**

**The Paris Metro** Susan L. Plotkin, 2000-12 The metro may be a mere hundred years old but it tells a tale of France twenty times as long The story begins in the fifth century BC when wild Celtic tribes roamed the countryside of Gaul Then Julius Caesar imposed a Roman rule that lasted five hundred years and forced the Celts to settle down All that seems like only yesterday to a Frenchman because those Celts and Romans are close friends to every reader of the French comic book series Asterix Asterix and his fellow Celts live quite happily in a small fortified enclave in Brittany in northwestern France Their idyllic primitive existence is occasionally intruded upon by those nasty Roman conquerors but the Celts always manage to get the best of the Romans despite great odds Al sia M tro Line 4 The Battle of Al sia 52 BC is the oldest event commemorated in the Paris Metro The Celtic warrior Vercing torix managed to unite competing tribes against the Romans in one last attempt to save Gallic independence It was not an easy task It was difficult to live with let alone lead these autonomous quarrelsome groups Vercing torix planned to wage hit and run guerrilla warfare to starve the Romans into defeat by destroying the crops in their path as they penetrated deeper into Gaul in pursuit of the pesky Celts In the town of Bourges the local population refused to allow the destruction of their wheat a fatal mistake Caesar descended on the town and confiscated it for his hungry troops With renewed energy the Romans gave chase The Celts retreated to a high plateau called Al sia where they were quickly surrounded by Caesar s forces The table was now turned Caesar built a fortification around Al sia twelve and a half miles in circumference It consisted of a double row of spikes one facing inward and the other outward which prevented both escape and the re provisioning of the rebels The Celts had only a month s worth of provisions but somehow they held out for two by which time the men were famished and exhausted Vercing torix surrendered Few lives had been lost in battle but countless numbers died of starvation Vercing torix was imprisoned in Rome where six years later when he was all but forgotten Caesar had him strangled to death Both the Celts who lost and the Romans who won have contributed much to French culture so it s a tricky thing for the French to say whether Al sia was a victory or a defeat One thing is clear in real life the Celts did not always win In the end it was most likely the mountains of horse manure that gave birth to the Paris Metro During the last quarter of the 19th century Paris did not lack the means of transport What it patently lacked was a transportation system There were competing omnibus lines trams trains and private conveyances all overlapping most taking roundabout routes throughout the city hindering one another and certainly hindering business Forty lines of horse drawn omnibuses traversed Paris in 1870 and ten thousand horses were required to pull them The maintenance of the horses ate up fifty percent of the entire company budget Each omnibus held about 20 passengers half of them riding on top of the carriage By the turn of the century the omnibuses carried as many as forty people each still with many sitting on the carriage roof The roads were made of cobblestones or wood planks or sometimes just hardened mud there were no shock absorbers on the carriages and the stench from the horse manure was overwhelming One hundred

million passengers used the omnibuses that year probably half of them holding perfumed handkerchiefs to their noses to ward off the stench

*Paris Metro Tales* Helen Constantine, 2011-03-24 Following on from Helen Constantine's hugely successful Paris Tales the twenty-two short stories included in More Metro Tales take the reader on an fascinating journey around Paris by metro The journey begins at the Gare du Nord stops at twenty underground stations along the way and ends at Lamarck Caulaincourt Some of these stories actually take place in the metro itself but most are to be found when you emerge above ground They range from the 15th century account of the miraculous Saint Genevieve

patron saint of Paris through tales by favourite writers such as Zola, Simenon and Maupassant to Martine Delerm's evocation of the last hours of Modigliani's mistress Jeanne H. Buterne. G. G. de Nerval evokes the thriving bustling market in Les Halles in the 1850s. Colette recounts her involvement in a traffic accident near the Opéra. Boulanger describes a blackly funny experience in Pere Lachaise. Each story is illustrated with a black and white photograph and there is a map and suggested itinerary round the metro system. **Murder in the Métro** Gayle K. Brunelle, Annette Finley-Croswhite, 2010-05-01

On the evening of May 16 1937 the train doors opened at the Porte Daumesnil station in the Paris Métro to reveal a dying woman slumped by a window an eight inch stiletto buried to its hilt in her neck. No one witnessed the crime and the killer left behind little forensic evidence. This first ever murder in the Paris Métro dominated the headlines for weeks during the summer of 1937 as journalists and the police slowly uncovered the shocking truth about the victim a twenty nine year old Italian immigrant the beautiful and elusive Laetitia Toureaux. Toureaux toiled each day in a factory but spent her nights working as a spy in the seamy Parisian underworld. Just as the dangerous spy Mata Hari fascinated Parisians of an earlier generation the mystery of Toureaux's murder held the French public spellbound in pre war Paris as the police tried and failed to identify her assassin. In *Murder in the Métro* Gayle K. Brunelle and Annette Finley-Croswhite unravel Toureaux's complicated and mysterious life assessing her complex identity within the larger political context of the time. They follow the trail of Toureaux's murder investigation to the Comité Secret d'Action Révolutionnaire a secret right wing political organization popularly known as the Cagoule or hooded ones. Obsessed with the Communist threat they perceived in the growing power of labor unions and the French left wing the Cagoule's leaders aimed to overthrow France's Third Republic and install an authoritarian regime allied with Italy. With Mussolini as their ally and Italian fascism as their model they did not shrink from committing violent crimes and fomenting terror to accomplish their goal. In 1936 Toureaux at the behest of the French police infiltrated this dangerous group of terrorists and seduced one of its leaders Gabriel Jeantet to gain more information. This operation the authors show eventually cost Toureaux her life. The tale of Laetitia Toureaux epitomizes the turbulence of 1930s France as the country prepared for a war most people dreaded but assumed would come. This period therefore generated great anxiety but also offered new opportunities and risks to Toureaux as she embraced the identity of a modern woman. The authors unravel her murder as they detail her story and that of the Cagoule within the popular culture and conflicted politics of 1930s France. By examining documents related to Toureaux's murder documents the French government has sealed from public view until 2038 Brunelle and Finley-Croswhite link Toureaux's death not only to the Cagoule but also to the Italian secret service for whom she acted as an informant. Their research provides likely answers to the question of the identity of Toureaux's murderer and offers a fascinating look at the dark and dangerous streets of pre World War II Paris.
